PROXY STATEMENT

Questions and Answers About the Annual Meeting and Voting

Why did I receive this proxy statement?

We have sent you this Notice of Annual Meeting and Proxy Statement and proxy or voting instruction card because the Board of Directors (the “Board of Directors” or the “Board”) of Exela Technologies, Inc. (“Exela” or the “Company,” “we” and “us”) is soliciting your proxy to vote at our Annual Meeting of Stockholders on Tuesday, December 29, 2020 (the “Annual Meeting”). This Proxy Statement contains information about the items being voted on at the Annual Meeting and information about us.

Who is entitled to vote?

You may vote on each matter properly submitted for stockholder action at the Annual Meeting if you were the record holder of our common stock, par value \$0.0001 per share (“Common Stock”), as of the close of business on Friday, November 20, 2020. On November 20, 2020, there were 147,511,430 shares of our Common Stock outstanding and entitled to vote at the Annual Meeting.

How many votes do I have?

Each share of our Common Stock that you own entitles you to one vote on each matter properly submitted for stockholder action at the Annual Meeting.

What am I voting on?

You will be voting on the following:

Proposal 1: To elect to the Board of Directors the three nominees named in this Proxy Statement who have been nominated by the Board of Directors to serve as Class C directors and whose current terms will expire at the Annual Meeting;

Proposal 2: To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2020;

Proposal 3: To approve, on a non-binding, advisory basis, compensation of the Company’s named executive officers as described in this Proxy Statement; and

Proposal 4: To approve an amendment to our the Company’s Restated Certificate of Incorporation, dated July 12, 2017 (the “COI”) to effect a reverse split of our outstanding common stock at a ratio in the range of 1-for-3 to 1-for-10, to be determined at the discretion of our Board of Directors, whereby each outstanding 3 to 10 shares would be combined, converted and changed into 1 share of our common stock, to enable the Company to comply with the Nasdaq Stock Market’s continued listing requirements.

How do I vote?

If you are a holder of record of the Company’s common stock as of November 20, 2020, you may vote online at the Annual Meeting or by submitting a proxy for the Annual Meeting. Whether or not you plan to attend the Annual Meeting online, we urge you to vote by proxy to ensure your vote is counted. You may submit your proxy by completing, signing, dating and returning the enclosed proxy card in the accompanying pre-addressed postage paid envelope. You may still attend the Annual Meeting and vote online if you have already voted by proxy.

If your Exela shares are held in “street name” by a broker or other agent, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the

Annual Meeting online. However, since you are not the shareholder of record, you may not vote your shares online at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What if I return my proxy or voting instruction card but do not mark it to show how I am voting?

Your shares will be voted according to the instructions you have indicated on your proxy or voting instruction card. If no direction is indicated, your shares will be voted “FOR” the election of the Class C nominees and “FOR” Proposals 2, 3, and 4.

May I change my vote after I return my proxy or voting instruction card?

You may change your vote at any time before your shares are voted at the Annual Meeting in one of three ways:

- Notify our Corporate Secretary in writing before the Annual Meeting that you are revoking your proxy;
- Submit another proxy by mail, telephone or the Internet (or voting instruction card if you hold your shares in street name) with a later date; or
- Vote virtually at the Annual Meeting.

What does it mean if I receive more than one proxy or voting instruction card?

It means you have multiple accounts at the transfer agent and/or with banks and stockbrokers. Please vote all of your shares.

What constitutes a quorum?

Any number of stockholders, together holding at least a majority in voting power of the capital stock of the Company issued and outstanding and generally entitled to vote in the election of directors, present in person or represented by proxy at any meeting duly called, shall constitute a quorum for the transaction of all business. Abstentions and “broker non-votes” are counted as shares “present” at the meeting for purposes of determining whether a quorum exists. A “broker non-vote” occurs when shares held of record by a bank, broker or other holder of record for a beneficial owner are deemed present at the meeting for purposes of a quorum but are not voted on a particular proposal because that record holder does not have discretionary voting power for that particular matter under the applicable rules of the Nasdaq Stock Market LLC (“Nasdaq”) and has not received voting instructions from the beneficial owner.

What vote is required in order to approve Proposals 1, 2, and 4?

Proposal 1 (Election of Directors): The three nominees named in this Proxy Statement who have been nominated by the Board of Directors to serve as Class C directors will be elected to the Class C directorships by plurality vote. This means that the three nominees with the most votes cast in their favor will be elected to the Class C directorships. Votes withheld from one or more director nominees will have no effect on the election of any director from whom votes are withheld. If you do not want to vote your shares for a nominee, you may indicate that in the space provided on the proxy card or the voting instruction card or withhold authority as prompted during telephone or Internet voting. Subject to the Director Nomination Agreements (described below), in the unanticipated event that a director nominee is unable or declines to serve, the proxy will be voted for such other person as shall be designated by the Board of Directors to replace the nominee, or the Board may choose to reduce the number of directors.

Proposal 2 (Ratification of Appointment of KPMG LLP): This proposal requires the affirmative vote of the holders of a majority of the voting power of our outstanding Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on Proposal 2. Abstentions will have the effect of votes against the proposal. Broker non-votes will not occur in connection with this proposal because brokers, banks, trustees and other nominees have discretionary voting authority to vote shares on this proposal under stock exchange rules without specific instructions from the beneficial owner of such shares.

Proposal 4 (Reverse Stock Split): This proposal requires the affirmative vote of the holders of a majority of the voting power of our outstanding Common Stock and entitled to vote on Proposal 4. Abstentions will have the effect of votes against the proposal. Broker non-votes will not occur in connection with this proposal because brokers, banks, trustees and other nominees have discretionary voting authority to vote shares on this proposal under stock exchange rules without specific instructions from the beneficial owner of such shares.

What is the standard for approving the non-binding, advisory proposal (Proposal 3)?

Proposal 3 (Advisory Vote on Compensation Paid to Named Executive Officers): This proposal requires the affirmative vote of the holders of a majority of the voting power of our outstanding Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on Proposal 3. Abstentions will have the effect of votes against the proposal. “Broker non-votes,” if any, will not have any effect on the adoption of the proposal. The results of this vote are not binding on the Board, whether or not it is adopted by the aforementioned voting standard. In evaluating the vote on this advisory resolution, the Board will consider the voting results in their entirety.

May my broker vote my shares?

Brokers may no longer use discretionary authority to vote shares on the election of directors or non-routine matters if they have not received instructions from their clients. It is important, therefore, that you cast your vote if you want it to count in the election of directors (Proposal 1), or to be considered in the advisory vote on compensation paid to our named executive officers (Proposal 3). Your broker has the authority to exercise discretion with respect to ratification of appointment of KPMG LLP (Proposal 2) and the reverse stock split (Proposal 4) if it has not received your instructions for those proposals because those matters are treated as “routine” under applicable rules.

How will voting on any other business be conducted?

We do not know of any business or proposals to be considered at the Annual Meeting other than those set forth in this Proxy Statement. If any other business is properly presented at the Annual Meeting, the proxies received from our stockholders give the proxy holders the authority to vote on the matter in their sole discretion. In accordance with our Bylaws, no business (other than the election of the three Class C nominees and Proposals 2, 3, and 4) may be brought before the Annual Meeting, or any adjournment or postponement thereof, unless such business is brought by or at the direction of the Board or a committee of the Board.

Who will count the votes?

Continental Stock Transfer & Trust will act as the inspector of election and will tabulate the votes.

Additional Information Concerning the Board of Directors of the Company

On February 21, 2019, Gordon Coburn resigned from the Board. The Company notified Nasdaq that as a result of Gordon Coburn's resignation from the Company's Board, the Company was no longer in compliance with Nasdaq Listing Rule 5605(c)(2)(A), which requires the Company's Audit Committee to be composed of at least three independent directors. On July 29, 2019, Martin P. Akins, was elected to the Company's Board and initially appointed to serve as a member of Exela's Audit Committee and Nominating and Corporate Governance Committee. Accordingly, the Company returned to compliance with Nasdaq Listing Rule 5605(c)(2)(A).

On October 25, 2019, Nathaniel Lipman, and on October 28, 2019, Joshua Black and Matthew Nord, resigned from the Board and all committees of the Board. The Company notified Nasdaq that as a result of Nathaniel Lipman's resignation from the Company's Board, the Company was no longer in compliance with Nasdaq Listing Rule 5605(c)(2)(A) and Nasdaq Listing Rule 5605(d)(2)(A), which requires the Company's Compensation Committee to be composed of at least two independent directors.

On December 2, 2019, J. Coley Clark was elected to the Board of the Company and appointed as a member of the Audit Committee, Nominating and Corporate Governance Committee and as chair of the Compensation Committee. Accordingly, the Company returned to compliance with Nasdaq Listing Rule 5605(c)(2)(A) and Nasdaq Listing Rule 5605(d)(2)(A).

During the 2019 calendar year the Board of Directors held 13 meetings. No director attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors or of the committees of the Board of which he was a member. We attempt to schedule our Annual Meeting of stockholders at a time and date to accommodate attendance by our board of directors taking into account the directors' schedules. All directors are encouraged to attend our Annual Meeting of stockholders. The date of our last Annual Meeting was May 31, 2019. Three of our directors: Messrs. Cogburn, Reynolds and Rexford, were present in person at our last Annual Meeting, while one additional director, Mr. Lipman, was present telephonically.

Director Independence

The Company's Common Stock is listed on Nasdaq, and the Company is required to comply with the Nasdaq listing requirements regarding independent directors. Under Nasdaq's Marketplace Rules, the definition of an "independent director" is a person other than an executive officer or employee of the company or any other individual having a relationship which, in the opinion of the issuer's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has reviewed such information as the Board has deemed appropriate for purposes of determining whether any of the directors has a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, including the beneficial ownership by our directors of Common Stock (see "*Ownership of Common Stock — Common Stock Ownership by Directors and Executive Officers*") and transactions between the Company, on the one hand, and our directors and their affiliates, on the other hand (see "*Certain Relationships and Related Party Transactions*"). Based on such review, the Board of Directors has determined that we have five "independent directors" as defined in the Nasdaq listing standards and applicable SEC rules, Messrs. Akins, Beilinson, Clark, Rexford and Transier; independent directors, therefore, constitute a majority of our Board. Non-management directors meet periodically in executive session without members of the Company's management at the conclusion of regularly scheduled Board meetings. In addition, Messrs. Akins, Beilinson, Clark, Rexford and Transier qualify as independent directors for the purpose of serving on the audit committee of the Company under SEC rules.

Director Nomination Agreement

At the closing of the Novitex Business Combination, the Company entered into a Director Nomination Agreement (the “Director Nomination Agreement”) with each of Novitex Parent, L.P., an Apollo affiliate, and certain affiliates of HGM, including HOVS LLC and HandsOn Fund 4 I, LLC (each a “Nominating Stockholder”), which will remain in effect for so long as the applicable Nominating Stockholder (or its affiliates) continues to beneficially own at least 5% of the then outstanding shares of our Common Stock (without giving effect to the exercise of any outstanding warrants to purchase our Common Stock). As of March 11, 2020, Novitex Parent, L.P. no longer owned any stock, directly or indirectly, of the Company and is therefore no longer a Nominating Stockholder; however, the affiliates of HGM remain party to the Director Nomination Agreement.

The Director Nomination Agreement requires that the individual nominated for election as a director by our Board of Directors shall include a number of individuals selected by each of the Nominating Stockholders such that, upon the election of each such individual, and each other individual nominated by or at the direction of our Board of Directors or a duly-authorized committee of the Board, as a director of our Company, the individual selected by each Nominating Stockholder (or Nominating Stockholder’s affiliate) shall be: for so long as the applicable Nominating Stockholder beneficially owns at least 35% of the then outstanding shares of our Common Stock (without giving effect to the exercise of any outstanding warrants to purchase our Common Stock), three directors; for so long as the applicable Nominating Stockholder beneficially owns at least 15%, but less than 35%, of the then outstanding shares of Common Stock (without giving effect to the exercise of any outstanding warrants to purchase our Common Stock), two directors; and for so long as the applicable Nominating Stockholder (or Nominating Stockholder’s affiliate) beneficially owns at least 5%, but less than 15%, of the then outstanding shares of our Common Stock (without giving effect to the exercise of any outstanding warrants to purchase our Common Stock), one director. In the case of a vacancy on our Board of Directors created by the removal or resignation of an individual selected for nomination by a Nominating Stockholder (or Nominating Stockholder’s affiliate), the Director Nomination Agreement requires us to appoint another individual selected by the applicable Nominating Stockholder. The Director Nomination Agreement also provides for observation rights for each Nominating Stockholder (or Nominating Stockholder’s Affiliate) to the extent that it has a right of nomination that it does not utilize.

In addition, the Director Nomination Agreement provides that for so long as a Nominating Stockholder continues to beneficially own at least 15% of the then outstanding shares of our Common Stock (without giving effect to the exercise of any outstanding warrants to purchase our Common Stock), we cannot, without the consent of such Nominating Stockholder, engage in certain related-party transactions, adopt an equity incentive plan or amend the same to increase the number of securities that may be granted thereunder, issue certain equity securities, including with a fair market value of more than \$100 million, amend our certificate of incorporation or bylaws in a manner that adversely affects such Nominating Stockholder’s rights under the applicable Director Nomination Agreement or has a disproportionate impact on the interests of such Nominating Stockholder, enter into certain new lines of business, or increase or decrease the size of the Board of Directors or change the classes in which the members of the Board of Directors serve. For additional information on ownership of the remaining Nominating Stockholder, see the information provided for “Various entities affiliated with HGM” in the section entitled “Ownership of Common Stock.”

Directors and Officers Liability Insurance

We have purchased insurance from various insurance companies against obligations we might incur as a result of our indemnification obligations of directors and officers for certain liabilities they might incur and insuring such directors and officers for additional liabilities against which they might not be indemnified by us. We have also procured coverage for our own liabilities in certain circumstances. For the period from July 12, 2017 to July 12, 2018, we purchased a director and officer liability policy and a separate fiduciary liability policy. Our cost for the annual insurance premiums for these policies was \$773,089 in the aggregate. Our cost for the annual insurance premiums for these policies was \$757,970 in the aggregate. For the period from July 12, 2019 to July 12, 2020, we purchased a director and officer liability policy and a separate fiduciary liability policy. Our cost for the annual insurance premiums for these policies was \$1,006,846 in the aggregate.

Board Leadership Structure

Our Bylaws do not require that the positions of Chairman of the Board and Chief Executive Officer be held by the same person or by different individuals, and our Board does not have a formal policy with respect to the separation or combination of these offices. Currently Mr. Chadha serves as the Chairman of the Board and Mr. Cogburn serves as our Chief Executive Officer.

Board Role in Risk Oversight

The Company faces a number of risks, including market risks, credit risk, liquidity risk, reputational risk, operational risk and risks from adverse fluctuations in interest rates and inflation and/or deflation. Management is responsible for the day-to-day management of risks faced by the Company, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors seeks to ensure that the risk management processes designed and implemented by management are adequate. The Board of Directors periodically consults with management regarding the Company's risks. In addition, the Audit Committee periodically reviews with management and independent auditors the adequacy and effectiveness of the Company's policies for assessing and managing risk.

- (1) The amounts reported in this column represent the aggregate grant date fair value of the restricted stock units granted to the non-employee directors during the applicable fiscal year, calculated in accordance with FASB ASC Topic 718, disregarding for this purpose the estimate of forfeitures related to service-based vesting conditions, and do not necessarily correspond to the actual value that might be realized by the non-employee directors, which depends on the market value of our Common Stock on a date in the future when the units are settled. Grants made during the fiscal year ended December 31, 2019, were restricted stock units subject to time-based vesting conditions. For such time-based vesting awards, the grant date fair value was calculated by multiplying the fair market value by the number of shares of our Common Stock subject to the restricted stock units on the grant date. For additional information, including a discussion of the assumptions used to calculate these values, please see note 16 Stock-Based Compensation of the Notes to the Consolidated Financial Statements in this Annual Report.
- (2) Each restricted stock unit represents the right to receive, following vesting, one share of our Common Stock.
- (3) The non-employee members of our Board of Directors held the following aggregate unvested restricted stock units as of December 31, 2019.^{(A)(B)}

Name	Aggregate Number of Restricted Stock Units Outstanding as of December 31, 2019

Mr. Akins received (i) a sign-on grant of 119,047 restricted stock units that are scheduled to vest in equal installments immediately prior to each of our Annual Meetings in 2020, 2021 and 2022, and (ii) a pro-rated annual grant of 37,312 restricted stock units that are scheduled to vest in full immediately prior to our 2020 Annual Meeting.
- (B) All unvested restricted stock units granted to Messrs. Coburn and Lipman were forfeited upon their resignation from the Board.

PROPOSAL 2 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Stockholders will act upon a proposal to ratify the selection of KPMG LLP (“KPMG”) as the independent registered public accounting firm of the Company. **If the stockholders, by the affirmative vote of the holders of a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting and entitled to vote on this proposal, do not ratify the selection of KPMG, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee.**

Background

The Audit Committee has selected KPMG as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2020. KPMG has advised the Company that it has no direct or indirect financial interest in the Company or any of its subsidiaries and that it has had, during the last three years, no connection with the Company or any of its subsidiaries other than as our independent registered public accounting firm and certain other activities as described below.

Pursuant to its charter, the Audit Committee is directly responsible for the appointment, retention, compensation and oversight of the Company’s independent registered public accounting firm. In addition to assuring the regular rotation of the lead audit partner as required by law, the Audit Committee is involved in the evaluation and selection of the lead audit partner and considers whether there should be regular rotation of the independent registered public accounting firm.

The Audit Committee is also required to review and pre-approve all of the audit and non-audit services to be performed by the Company’s independent registered public accounting firm, including the firm’s engagement letter for the annual audit of the Company, the proposed fees in connection with such audit services, and any additional services that management chooses to hire the independent auditors to perform. Additionally, the Audit Committee can establish pre-approval policies and procedures with respect to the engagement of the Company’s independent accountant’s for non-audit services. In accordance with the Audit Committee Charter, all of the foregoing audit and non-audit fees paid to, and the related service provided by, KPMG were pre-approved by the Audit Committee.

The financial statements of the Company for the year ended December 31, 2019 and the reports of the independent registered public accounting firm will be presented at the Annual Meeting. KPMG will have a representative present at the meeting who will have an opportunity to make a statement if he or she so desires and to respond to appropriate questions from stockholders.

These fees were pre-approved by the Audit Committee.

Audit-Related Fees

The aggregate fees billed by KPMG for audit-related services for the fiscal years ended 2018 and 2019 were \$0.2 million and \$0.5 million, respectively. These fees related to research and consultation on various filings with the SEC and were pre-approved by the Audit Committee.

In its approval of these non-audit services, the Audit Committee has considered whether the provision of non-audit services is compatible with maintaining KPMG’s independence.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE THEIR SHARES FOR THE PROPOSAL TO RATIFY THE SELECTION OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR THE YEAR ENDING DECEMBER 31, 2020.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee currently consists of three independent directors, each of whom has been determined by the Board to meet the heightened independence criteria applicable to Audit Committee members and to satisfy the financial literacy requirements of the Nasdaq Listing Rules and the applicable rules of the SEC. The Audit Committee is responsible, under its charter, for oversight of our independent registered public accounting firm, which reports directly to the Audit Committee. The Audit Committee has the authority to retain and terminate the independent registered public accounting firm, to review the scope and terms of the audit and to approve the fees to be charged. The Audit Committee monitors our system of internal control over financial reporting, and management's certifications as to disclosure controls and procedures and internal controls for financial reporting. Our management and independent registered public accounting firm, not the Audit Committee, are responsible for the planning and conduct of the audit of our consolidated financial statements and determining that the consolidated financial statements are complete and accurate and prepared in accordance with U.S. generally accepted accounting principles.

The Audit Committee has met and held discussions with management and our independent registered public accounting firm (with and without management) and has reviewed and discussed the audited consolidated financial statements and related internal control over financial reporting with management and our independent registered public accounting firm.

The Audit Committee has also discussed with our independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee discussed with our independent registered public accounting firm that firm's independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2019 for filing with the SEC. The Audit Committee selected KPMG LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2020, which is being presented to stockholders at the Annual Meeting for ratification.

**PROPOSAL 3—ADVISORY VOTE ON COMPENSATION PAID TO OUR NAMED
EXECUTIVE OFFICERS**

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, at the Annual Meeting, our stockholders are entitled to vote, on an advisory (nonbinding) basis, on the compensation of our named executive officers as disclosed in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers as disclosed in the section of this Proxy Statement titled “Executive Compensation,” including the compensation tables and narrative discussion that follows the tables. After careful consideration, the Board determined that holding an annual advisory vote on compensation paid to our named executive officers is the most appropriate policy for the Company, and a majority of the votes cast at our 2018 Annual Meeting were voted in favor of holding the advisory vote on executive compensation every year. The advisory vote on executive compensation was last held at our 2019 Annual Meeting.

Our compensation program for our named executive officers is designed to (i) retain our named executive officers, who are critical to our long-term success and (ii) motivate and reward them for achieving our short-term business and long-term strategic goals. We believe that in 2019 our executive compensation program was successful in implementing these objectives.

Stockholders are urged to read the compensation tables and narrative discussion in this Proxy Statement. The Board believes that the compensation paid to our named executive officers is necessary, appropriate and properly aligned with our compensation philosophy and policies.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. Accordingly, we ask that our stockholders vote “FOR” the following resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed in the Proxy Statement pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, is hereby APPROVED.

Although the vote is non-binding, the Board and the Compensation Committee will consider the voting results, along with other relevant factors, in connection with their ongoing evaluation of the Company’s compensation programs.

Stockholder approval of this Proposal 3 will require the affirmative vote of the holders of a majority of the voting power of our outstanding Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on Proposal 3. Abstentions will have the effect of votes against the proposal. “Broker non-votes,” if any, will not have any effect on the adoption of the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE THEIR SHARES, ON A NON-BINDING, ADVISORY BASIS, FOR THE PROPOSAL TO APPROVE THE COMPANY’S COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

PROPOSAL 4—APPROVAL OF THE ADOPTION OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO EFFECT THE REVERSE STOCK SPLIT

At the Annual Meeting, stockholders will be asked to approve an amendment to our COI to effect a reverse stock split of our issued and outstanding Common Stock by a numerical ratio of not less than 1-for-3 and not more than 1-for-10, with the exact ratio, if approved and effected at all, to be set within that range at the discretion of the board of directors and publicly announced by the Company on or before February 8, 2021 (the “Reverse Stock Split”). The proposed amendment to the COI reflecting the Reverse Stock Split is included in *Annex A* to this Proxy Statement. By approving this proposal, stockholders would give the board of directors the authority, but not the obligation, to effect the Reverse Stock Split and full discretion to approve the ratio at which shares of Common Stock will be reclassified, from and including a ratio of 1-for-3 and up to and including a ratio of 1-for-10. The ratio (if any) selected by the board of directors for the Reverse Stock Split would be publicly disclosed by the Company to the stockholders on or before the date on which the amendment to the COI reflecting the Reverse Stock Split is filed with the Secretary of State of the State of Delaware.

We are requesting stockholder approval to effect the Reverse Stock Split at a ratio of not less than 1-for-3 and not more than 1-for-10, with the exact ratio determined by the board of directors and publicly announced by the Company on or before February 8, 2021, to provide the board of directors with the flexibility to determine the appropriate ratio and timing for the Reverse Stock Split based upon our financial results, long-term outlook, corporate strategy, market factors and our perception in the market. However, the board of directors reserves the right to elect not to proceed with the Reverse Stock Split, even if approved, and to abandon the Reverse Stock Split if it determines, in its sole discretion, that the Reverse Stock Split is no longer in the best interests of our stockholders. No further action by the stockholders will be required for the board of directors to either implement or abandon the Reverse Stock Split. For the avoidance of doubt, except as otherwise specified herein, all share and dollar amounts set forth in this proxy statement are on a pre-Reverse Stock Split basis.

If the board of directors does not effect the Reverse Stock Split on or before February 8, 2021, any authority granted to the board of directors by our stockholders pursuant to this Proposal 4 will terminate.

Reasons for the Reverse Stock Split

The board of directors has authorized the resolution to seek stockholder approval to effect the Reverse Stock Split with the primary intent of increasing the price of our Common Stock in order to meet The Nasdaq Capital Market’s minimum price per share criteria for continued listing on that exchange. Our Common Stock is publicly traded and listed on The Nasdaq Capital Market under the symbol “XELA.” The board of directors believes that, in addition to increasing the price of our Common Stock, the Reverse Stock Split would also reduce certain of our costs, such as Nasdaq listing fees, and make our Common Stock more attractive to a broader range of institutional and other investors. The combination of lower transaction costs and increased interest from institutional investors and investment funds may ultimately improve the trading liquidity of our Common Stock. Accordingly, we believe that authority granted to the board of directors to effect the Reverse Stock Split is in the Company’s and the stockholders’ best interests.

On November 27, 2019, we received a letter from the Listing Qualifications Staff (the “Staff”) of Nasdaq notifying us that we were not in compliance with Nasdaq Listing Rule 5550(a)(2) (the “Rule”), as the minimum bid price for our listed securities was less than \$1 for the previous 30 consecutive business days. Our Common Stock is listed on The Nasdaq Capital Market, which imposes, among other requirements, a minimum bid requirement.

On April 17, 2020, Nasdaq announced it was providing relief from the minimum bid price requirement through June 30, 2020. Under the relief, our grace period to regain compliance with the minimum bid was tolled until June 30, 2020. As such, our grace period was effectively extended until August 10, 2020.

On August 11, 2020, we received written notice from the Staff indicating that, based upon our continued non-compliance with the minimum \$1.00 bid price requirement for continued listing on The Nasdaq Capital Market as set forth in the Rule, as of August 11, 2020, the Staff has determined to delist our securities from Nasdaq unless we timely request a hearing before the Nasdaq Hearings Panel (the “Panel”).

On August 18, 2020, we made a timely request for a hearing before the Panel, which was held on September 24, 2020. We requested the Panel grant us an extension within which to evidence compliance with all applicable requirements for continued listing on Nasdaq, including compliance with the Rule. On October 9, 2020, we received written notice from the Staff granting us, based on the information presented, an exception until February 8, 2021 to regain compliance with the Rule. We stated in the panel that we intend to effect a reverse stock split, for which we will obtain approval at our next annual shareholders meeting, and which shall be completed shortly thereafter. The Panel granted us additional time in part based on this commitment to regain compliance with the Rule.

In addition to establishing a mechanism for the price of our Common Stock to meet Nasdaq's minimum bid price requirement, we also believe that the Reverse Stock Split will make our Common Stock more attractive to a broader range of institutional and other investors. It is our understanding that the current market price of our Common Stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. It is also our understanding that many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our Common Stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. However, some investors may view the Reverse Stock Split negatively because it reduces the number of shares of Common Stock available in the public market.

Reducing the number of outstanding shares of our Common Stock through the Reverse Stock Split is intended, absent other factors, to increase the per share market price of our Common Stock. However, other factors, such as our financial results, market conditions, long-term outlook, corporate strategy and the market perception of our business may adversely affect the market price of our Common Stock. As a result, there can be no assurance that the Reverse Stock Split, if completed, will result in the intended benefits described above, that the market price of our Common Stock will increase following the Reverse Stock Split, that the market price of our Common Stock will not decrease in the future, or that our Common Stock will achieve a high enough price per share to permit its continued listing by Nasdaq.

Certain Risks Associated with the Reverse Stock Split

In evaluating the proposed Reverse Stock Split, the board of directors also took into consideration certain risks associated with reverse stock splits generally, including the negative perception of reverse stock splits held by some investors, analysts and other stock market participants, the fact that the stock price of some companies that have effected reverse stock splits has subsequently declined back to pre-reverse stock split levels, and the risks described below.

There can be no assurance that the total market capitalization of our Common Stock (the aggregate value of our Common Stock at the then market price) after the implementation of the Reverse Stock Split will be equal to or greater than the total market capitalization before the Reverse Stock Split or that the per share market price of our Common Stock following the Reverse Stock Split will increase in proportion to the reduction in the number of shares of our Common Stock outstanding before the Reverse Stock Split.

There can be no assurance that the market price per share of our Common Stock after the Reverse Stock Split will remain unchanged or increase in proportion to the reduction in the number of shares of our Common Stock outstanding before the Reverse Stock Split. For example, based on the closing price of our Common Stock on December 1, 2020, of \$0.39 per share, if the board of directors were to implement the Reverse Stock Split and utilize a ratio of 1-for-10, we cannot assure you that the post-split market price of our Common Stock would be \$3.90 (that is, \$0.39 multiplied by 10) per share or greater. The market price of our Common Stock may fluctuate and potentially decline after the Reverse Stock Split.

Accordingly, the total market capitalization of our Common Stock after the Reverse Stock Split when and if approved and effected may be lower than the total market capitalization before the Reverse Stock

Split. Moreover, in the future, the market price of our Common Stock following the Reverse Stock Split may not exceed or remain higher than the market price prior to the Reverse Stock Split.

If the Reverse Stock Split is approved and effected, the resulting per-share market price may not attract institutional investors or investment funds and may not satisfy the investing guidelines of such investors and, consequently, the trading liquidity of our Common Stock may not improve.

While the board of directors believes that a higher stock price may help generate investor interest, there can be no assurance that the Reverse Stock Split will result in a per-share market price that will attract institutional investors or investment funds or that such share price will satisfy the investing guidelines of institutional investors or investment funds. As a result, the trading liquidity of our Common Stock may not necessarily improve.

A decline in the market price of our Common Stock after the Reverse Stock Split is approved and effected may result in a greater percentage decline than would occur in the absence of the Reverse Stock Split.

If the Reverse Stock Split is approved and effected and the market price of our Common Stock declines, the percentage decline may be greater than would occur in the absence of the Reverse Stock Split. The market price of our Common Stock will, however, also be based upon our performance and other factors, which are unrelated to the number of shares of Common Stock outstanding.

Because the number of authorized shares of our Common Stock will not be reduced proportionately, the reverse stock split will increase the Board's ability to issue authorized and unissued shares without further stockholder action.

Because the number of authorized shares of our Common Stock will not be reduced proportionately, the reverse stock split will increase the Board's ability to issue authorized and unissued shares without further stockholder action, subject to the terms of the Director Nomination Agreement. Without taking into account the impact of the proposed reverse stock split, we already have a substantial number of authorized but unissued shares of stock, the issuance of which would be dilutive to our existing stockholders and may cause a decline in the trading price of our Common Stock. With respect to authorized but unissued and unreserved shares, we could also use such shares to oppose a hostile takeover attempt or delay or prevent changes in control or changes in or removal of management. Other than the foregoing, there are no existing plans, arrangements or understandings relating to the issuance of any of the authorized, but unissued and unreserved shares, whether available as a result of the proposed reverse stock split or otherwise.

Effecting the Reverse Stock Split; Board Discretion to Implement Reverse Stock Split

If approved by stockholders at the Annual Meeting and the board of directors decides that it is in the best interests of the Company and our stockholders to effect the Reverse Stock Split, the board of directors will establish an appropriate ratio for the Reverse Stock Split based on several factors existing at such time, the Company will publicly announce the ratio selected by the board of directors and we will subsequently file an amendment to the COI, in the form of the proposed amendment to COI attached in *Annex A*. The board of directors will consider, among other factors, prevailing market conditions, the likely effect of the Reverse Stock Split on the trading price of our Common Stock and on our compliance with applicable Nasdaq listing requirements, and the marketability and liquidity of our Common Stock. The board of directors will also determine the appropriate timing for filing the amendment to our COI with the Secretary of State of the State of Delaware to effect the Reverse Stock Split. If, for any reason, the board of directors deems it advisable, the board of directors in its sole discretion, may abandon the Reverse Stock Split at any time prior to the effectiveness of the amendment to our COI, without further action by our stockholders. Assuming the board of directors determines that it is in the best interests of the Company and our stockholders to proceed with the Reverse Stock Split, the Reverse Stock Split will be effective as of the date and time set forth in the amendment to our COI that is filed with the Secretary of State of the State of Delaware (the "Effective Time").

At the Effective Time, without any further action on the part of the Company or our stockholders, the outstanding shares of Common Stock held by stockholders of record as of the Effective Time will be converted into a lesser number of shares of Common Stock based on the ratio selected by the board of directors and publicly announce by the Company. For example, if the board of directors approves a ratio

of 1-for-7, a stockholder who holds 7,000 shares of Common Stock as of the Effective Time will hold 1,000 shares of Common Stock following the Reverse Stock Split.

Effect on Outstanding Shares, Options, and Certain Other Securities

If the Reverse Stock Split is approved and effected, the number of shares of our Common Stock owned by each stockholder will be reduced in the same proportion as the reduction in the total number of shares outstanding, such that the percentage of our Common Stock owned by each stockholder will remain unchanged, except for any de minimis change resulting from the treatment of any fractional shares that such stockholder would have received as a result of the Reverse Stock Split. The number of shares of Common Stock that may be received upon conversion, exercise or exchange, as the case may be, of outstanding options or other securities convertible into, or exercisable or exchangeable for, shares of our Common Stock, and the exercise or conversion prices for these securities, will also be adjusted in accordance with their terms, as of the Effective Time.

Effect on Registration and Stock Trading

Our Common Stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and we are subject to the periodic reporting and other requirements of the Exchange Act. The proposed Reverse Stock Split will not affect the registration of our Common Stock under the Exchange Act. If the Reverse Stock Split is approved and effected, our Common Stock will receive a new CUSIP number.

Mechanics of Reverse Split

If this Proposal 4 is approved by the stockholders at the Annual Meeting and the board of directors decides that it is in the best interests of the Company and our stockholders to effect the Reverse Stock Split, our stockholders will be notified of the ratio for the Reverse Stock Split selected by the board of directors and that the Reverse Stock Split has been approved and effected. The mechanics of the Reverse Stock Split will differ depending upon whether a stockholder holds its shares of Common Stock in brokerage accounts or “street name” or whether the shares are registered directly in a stockholder’s name and held in book-entry form.

- Our stockholders who hold shares of Common Stock in “street name” through a nominee (such as a bank or broker) will be treated in the same manner as stockholders whose shares are registered in their names, and nominees will be instructed to effect the Reverse Stock Split for their beneficial holders. However, nominees may have different procedures for processing the reverse stock split and stockholders holding shares in “street name” are encouraged to contact their nominees.
- Our registered stockholders may hold some or all of their shares of Common Stock electronically in book-entry form under the direct registration system for securities. These stockholders will not have stock certificates evidencing their ownership of our Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts. Stockholders holding registered shares of our Common Stock in book-entry form need not take any action to receive post-Reverse Stock Split shares as a transaction statement will automatically be sent to the stockholder’s address of record indicating the number of shares held.

Treatment of Fractional Shares

Stockholders who would otherwise hold fractional shares because the number of shares of Common Stock they hold before the Reverse Stock Split is not evenly divisible, based on the Reverse Stock Split ratio approved by our board of directors, will be entitled to receive cash (without interest or deduction) in lieu of such fractional shares from our transfer agent, upon receipt by our transfer agent of a properly completed and duly executed transmittal letter and, where shares are held in certificated form, the surrender of all old certificate(s), in an amount per share equal to the product obtained by multiplying (a) the closing price per share of our Common Stock on the effective date for the Reverse Stock Split as reported on the Nasdaq Stock Market by (b) the fraction of the share owned by the stockholder, without interest. The ownership of

a fractional share interest will not give the holder any voting, dividend or other rights, except to receive the above-described cash payment.

Effect on Authorized but Unissued Shares of Capital Stock

Currently, we are authorized to issue up to a total of 1,600,000,000 shares of Common Stock, of which 147,511,430 shares were issued and outstanding as of the Record Date and 20,000,000 shares of Preferred Stock, of which 3,290,050 were issued and outstanding as of the Record Date. The Reverse Stock Split, if approved and effected, will not have any effect on the authorized number of shares of our Common Stock or Preferred Stock.

Accounting Consequences

The Reverse Stock Split will not affect the par value of our Common Stock per share, which will remain \$0.0001 par value per share. As a result, as of the Effective Time, the total of the stated capital attributable to Common Stock and the additional paid-in capital account on our balance sheet will not change due to the Reverse Stock Split. Reported per share net income or loss will be higher because there will be fewer shares of Common Stock outstanding.

No Going Private Transaction

Notwithstanding the decrease in the number of outstanding shares following the implementation of the Reverse Stock Split, the board of directors does not intend for this transaction to be the first step in a “going private transaction” within the meaning of Rule 13e-3 of the Exchange Act, and the implementation of the proposed Reverse Stock Split will not cause the Company to go private.

No Dissenters’ Rights

Under the General Corporation Law of the State of Delaware (the “DGCL”), stockholders will not be entitled to dissenters’ rights with respect to the proposed amendment to our COI to effect the Reverse Stock Split, and we do not intend to independently provide stockholders with any such right.

Reservation of Right to Abandon the Amendment to our COI

The board of directors reserves the right to abandon the proposed amendment to our COI described in this Proposal 4 without further action by our stockholders at any time before the Effective Time, even if stockholders approve this Proposal 4 at the Annual Meeting. By voting in favor of the Reverse Stock Split, stockholders are also expressly authorizing the board of directors to determine not to proceed with, and abandon, the Reverse Stock Split if it should so decide.

Material U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following discussion is a summary of the material U.S. federal income tax consequences of the proposed Reverse Stock Split to U.S. Holders (as defined below) of our Common Stock. This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), U.S. Treasury Regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service (the “IRS”), in each case in effect as of the date of this proxy statement. These authorities may change or be subject to differing interpretations. Any such change or differing interpretation may be applied retroactively in a manner that could adversely affect a U.S. Holder. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below and there can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax consequences of the proposed Reverse Stock Split.

For purposes of this discussion, a “U.S. Holder” is a beneficial owner of our Common Stock that, for U.S. federal income tax purposes, is or is treated as (i) an individual who is a citizen or resident of the United States; (ii) a corporation (or any other entity or arrangement treated as a corporation) created or organized under the laws of the United States, any state thereof, or the District of Columbia; (iii) an estate, the income of which is subject to U.S. federal income tax regardless of its source; or (iv) a trust if (1) its

administration is subject to the primary supervision of a court within the United States and all of its substantial decisions are subject to the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a United States person.

This discussion is limited to U.S. Holders who hold our Common Stock as a “capital asset” within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to the particular circumstances of a U.S. Holder, including the impact of the Medicare contribution tax on net investment income. In addition, it does not address consequences relevant to U.S. Holders that are subject to special rules, including, without limitation, financial institutions, insurance companies, real estate investment trusts, regulated investment companies, grantor trusts, tax-exempt organizations, brokers, dealers or traders in securities, commodities or currencies, stockholders who hold our Common Stock as part of a position in a straddle or as part of a hedging, conversion or integrated transaction for U.S. federal income tax purposes, U.S. Holders that have a functional currency other than the U.S. dollar, or U.S. Holders who actually or constructively own 10% or more of our voting stock.

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) is the beneficial owner of our Common Stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Accordingly, partnerships (and other entities treated as partnerships for U.S. federal income tax purposes) holding our Common Stock and the partners in such entities should consult their own tax advisors regarding the U.S. federal income tax consequences of the proposed Reverse Stock Split to them.

In addition, the following discussion does not address the U.S. federal estate and gift tax, alternative minimum tax, or state, local and non-U.S. tax law consequences of the proposed Reverse Stock Split. Furthermore, the following discussion does not address any tax consequences of transactions effectuated before, after or at the same time as the proposed Reverse Stock Split, whether or not they are in connection with the proposed Reverse Stock Split.

Each stockholder should consult his, her or its own tax advisors concerning the particular U.S. federal tax consequences of the Reverse Stock Split, as well as the consequences arising under the laws of any other taxing jurisdiction, including any state, local or foreign income tax consequences.

The proposed Reverse Stock Split is intended to be treated as a “recapitalization” for U.S. federal income tax purposes pursuant to Section 368(a)(1)(E) of the Code. As a result, a U.S. Holder generally should not recognize gain or loss upon the proposed Reverse Stock Split for U.S. federal income tax purposes. A U.S. Holder’s aggregate adjusted tax basis in the shares of our Common Stock received pursuant to the proposed Reverse Stock Split should equal the aggregate adjusted tax basis of the shares of our Common Stock exchanged therefor. The U.S. Holder’s holding period in the shares of our Common Stock received pursuant to the proposed Reverse Stock Split should include the holding period in the shares of our Common Stock exchanged therefor. U.S. Treasury Regulations provide detailed rules for allocating the tax basis and holding period of shares of Common Stock surrendered in a recapitalization to shares received in the recapitalization. U.S. Holders of shares of our Common Stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

A U.S. Holder that, pursuant to the proposed Reverse Stock Split, receives cash in lieu of a fractional share of our Common Stock should recognize capital gain or loss in an amount equal to the difference, if any, between the amount of cash received and the portion of the U.S. Holder’s aggregate adjusted tax basis in the shares of our Common Stock surrendered that is allocated to such fractional share. Such capital gain or loss will be short term if the pre-Reverse Stock Split shares were held for one year or less at the effective time of the Reverse Stock Split and long term if held for more than one year. No gain or loss will be recognized by us as a result of the proposed Reverse Stock Split.

Payments of cash made in lieu of a fractional share of our Common Stock may, under certain circumstances, be subject to information reporting and backup withholding. To avoid backup withholding, each holder of our Common Stock that does not otherwise establish an exemption should furnish its taxpayer

identification number and comply with the applicable certification procedures. Backup withholding is not an additional tax and amounts withheld will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle such holder to a refund, provided the required information is timely furnished to the IRS. Holders of our Common Stock should consult their own tax advisors regarding the application of the information reporting and backup withholding rules to them.

The U.S. federal income tax discussion set forth above does not discuss all aspects of U.S. federal income taxation that may be relevant to a particular stockholder in light of such stockholder's circumstances and income tax situation. Accordingly, we urge you to consult with your own tax advisor with respect to all of the potential U.S. federal, state, local and foreign tax consequences to you of the Reverse Stock Split.

Consequences if the Reverse Split is Not Approved

In the event that the Reverse Stock Split is not approved, we intend to actively monitor the trading price of our Common Stock on The Nasdaq Capital Market and will consider available options to resolve our non-compliance with the Nasdaq listing rules. We believe that our ability to remain listed on The Nasdaq Capital Market would be significantly and negatively affected if the Reverse Stock Split is not approved. If we are unable to achieve an increase in our stock price and our Common Stock is subsequently delisted, we could experience significant negative impacts including no longer being able to sell shares under our at-the-market program. In addition, if our Common Stock is delisted it could significantly and negatively affect our ability to obtain alternative debt or equity financing in order to support Company operations.

Required Vote of Stockholders

The vote required to approve Proposal 4 is the affirmative vote of the holders of a majority of the outstanding shares of Common Stock as of the Record Date entitled to vote. As a result, abstentions will have the same practical effect as a vote against Proposal 4.

The board of directors unanimously recommends that the stockholders vote "FOR" Proposal 4 to effect a reverse stock split at a ratio of not less than 1-for-3 and not greater than 1-for-10, with the exact ratio, if approved and effected at all, to be set within that range at the discretion of the board of directors and publicly announced by the Company on or before February 8, 2021, without further approval or authorization of our stockholders.

EXECUTIVE COMPENSATION

This section discusses the material components of the executive compensation program for Exela’s executive officers who are named in the “Summary Compensation Table” below. As a “smaller reporting company” as defined in Rule 12b-2 of the Exchange Act, Exela is not required to include a Compensation Discussion and Analysis and has elected to comply with the scaled disclosure requirements applicable to smaller reporting companies. Exela’s named executive officers for the fiscal year ended December 31, 2019 were as follows:

- Ronald C. Cogburn, our Chief Executive Officer;
- Mark D. Fairchild, our President, Exela SmartOffice; and
- Suresh Yannamani, our President.

- (1) For Mr. Fairchild, the amount reported in this column includes a one-time special incentive bonus of \$250,000, granted to Mr. Fairchild as consideration for the termination of his employment agreement, and paid in 26 equal installments during 2019, subject to his continued employment through each payment date. For additional information, please see the “— Narrative to Summary Compensation Table” below.
- (2) The amounts reported in this column represent the aggregate grant date fair value of stock options granted to the named executive officers during the applicable fiscal year, calculated in accordance with FASB ASC Topic 718, disregarding for this purpose the estimate of forfeitures related to service-based vesting conditions, and do not necessarily correspond to the actual value that might be realized by the named executive officers, which depends on the market value of our Common Stock on a date in the future when the stock options are exercised. Grants made during the fiscal year ended December 31, 2019, were stock options subject to time-based vesting conditions. For such time-based vesting awards, the grant date fair value was calculated by multiplying the Black-Scholes value by the number of shares of our Common Stock subject to the stock options. For additional information, including a discussion of the assumptions used to calculate these values, please see the “— Outstanding Equity Awards at Fiscal Year End Table” below and please see Note 16 Stock-Based Compensation of the Notes to the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended, December 31, 2019, as amended, as filed with the SEC on June 9, 2020.
- (3) In October 2019, the Company awarded bonuses to certain employees, including the above named executive officers, who were also indirect equity holders of Ex-Sigma 2, LLC (the Company’s controlling shareholder following the Novitex Business Combination and prior to distributing its shares in February 2020 (“Ex-Sigma 2”). The Company remitted the net amount of \$929,844 toward the outstanding balance of a \$55.8 million loan obtained by Ex-Sigma 2 as borrower (and secured by shares of the Company held by Ex-Sigma 2) that was used by Ex-Sigma 2 to purchase additional

common and preferred shares from the Company to help meet the minimum cash requirements needed to close the Novitex Business Combination (the “Margin Loan”) in order to benefit such employees.

(4) Mr. Fairchild was not a named executive officer in 2018.

Narrative to Summary Compensation Table

No Executive Employment Agreements

We do not have employment agreements with Messrs. Cogburn, Fairchild or Yannamani. For a discussion of the severance pay and other benefits to be provided to our named executive officers in connection with a termination of employment and/or a change in control, please see “— *Potential Payments Upon Termination or Change In Control*” below.

Termination of Mr. Fairchild’s Agreement

On December 18, 2018, the Company and Mr. Fairchild mutually agreed to terminate Mr. Fairchild’s employment agreement with the Company’s subsidiary, BancTec, Inc. In connection with the termination of the employment agreement, the Company agreed (i) to pay Mr. Fairchild a special incentive award in an aggregate amount equal to \$250,000 payable in 26 equal bi-weekly payments, subject to his continued employment through each payment date; however, if his employment was terminated by the Company, except due to Mr. Fairchild’s gross negligence or willful misconduct, any remaining amount would have been payable in a lump sum on the day of termination; and (ii) in the event Mr. Fairchild’s employment was terminated without cause (other than due to his death or disability) prior to August 31, 2019, Mr. Fairchild would have been entitled to accelerated vesting of the 36,400 restricted stock units to receive shares of Common Stock that were granted to Mr. Fairchild on August 30, 2018 and that were scheduled to vest on August 31, 2019.

The termination of Mr. Fairchild’s employment agreement was part of the Company’s overall compensation plan to harmonize the employee benefits of officers of the Company and to eliminate non-conforming agreements.

Short and Long Term Incentives

With respect to our 2019 fiscal year, none of our named executive officers received a performance-based bonus.

The Compensation Committee approved grants of stock options to our named executive officers in August 2019 pursuant to our 2018 Plan (as described below). Stock options granted to our named executive officers vest over 4 years, subject to the executive’s continued employment with us or one of subsidiaries through such date. For additional information regarding such grants, please see “— *Outstanding Equity Awards at Fiscal Year End Table*” below.

Stock Plans, Health and Welfare Plans, and Retirement Plans

2018 Stock Incentive Plan

On December 19, 2017, our Board of Directors adopted our 2018 Stock Incentive Plan, or the 2018 Plan, which was subsequently approved on December 20, 2017 by the written consent of the holders of a majority of the shares of our Common Stock, and became effective on January 17, 2018. The 2018 Plan is administered by the Compensation Committee of our Board of Directors. Under the 2018 Plan, the Compensation Committee may grant an aggregate of 8,323,764 shares of our Common Stock to eligible participants in the form of stock options, restricted stock awards, restricted stock units, stock appreciation rights, performance awards and other awards that may be settled in or based on our Common Stock.

Health and Welfare Plans

Our named executive officers are eligible to participate in our employee benefits plans, including our medical, dental, vision, life, disability, health and dependent care flexible spending accounts and accidental death and dismemberment benefit plans, in each case on the same basis as all of our other employees.

Retirement Plan

We sponsor a retirement plan intended to qualify for favorable tax treatment under Section 401(a) of the Internal Revenue Code of 1986, as amended, or the Code, containing a cash or deferred feature that is intended to meet the requirements of Section 401(k) of the Code. Employees who meet the eligibility requirements may make pre-tax contributions to the plan from their eligible earnings up to the statutorily prescribed annual limit on pre-tax contributions under the Code. Participants who are 50 years of age or older may contribute additional amounts based on the statutory limits for catch-up contributions. All employee and employer contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. Pre-tax contributions by participants and contributions that we may make to the plan and the income earned on those contributions are generally not taxable to participants until withdrawn, and all contributions are generally deductible by us when made. Participant contributions are held in trust as required by law. No minimum benefit is provided under the plan. An employee is 100% vested in his or her pre-tax deferrals when contributed and any employer contributions vest ratably over four years. The plan provides for a discretionary employer matching contribution; however, we currently do not make any matching contributions to the plan and did not make any matching contributions with respect to the 2019 plan year.

Stock Ownership Guidelines

On December 19, 2017, our Board of Directors adopted Stock Ownership Guidelines for our non-employee directors, Chief Executive Officer, Chief Financial Officer and our other executive officers who report directly to our Chief Executive Officer, which we refer to here as covered persons. Our Stock Ownership Guidelines provide that within five years after first becoming subject to the guidelines, each covered person should own shares of our Common Stock with a specified fair market value, which is three times annual retainer fee in the case of non-employee directors, six times annual base salary in the case of our Chief Executive Officer, three times annual base salary in the case of our Chief Financial Officer and one and one-half times annual base salary in the case of all other covered persons. Covered persons must retain their equity until their required ownership amount is met; provided, that each covered person is at all times permitted to sell a portion of the shares of our Common Stock underlying his or her equity based awards to the extent necessary to satisfy any withholding taxes due in connection with such awards. Included in a covered person's ownership amount for purposes of the Stock Ownership Guidelines are (i) one half of the fair market value of the shares of our Common Stock underlying vested stock options (to the extent the fair market value exceeds the applicable exercise price); and (ii) one half of the shares of our Common Stock subject to all vested and deferred restricted stock units. Shares of our Common Stock underlying unvested equity awards are not counted towards determining a covered person's stock ownership.

For a description of the material terms of the separation agreement entered into with Mr. Reynolds in connection with his departure, see our Current Report on Form 8-K filed with the SEC on May 21, 2020.

OTHER MATTERS

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our Common Stock to file reports with the SEC. Based on a review of the copies of reports furnished to us, Exela believes that, during 2019, HGM, Mr. Par S. Chadha, Mr. Ronald C. Cogburn, Mr. Shrikant Sortur, Mr. Suresh Yannamani, Mr. Srinu Murali and Mr. Mark D. Fairchild were delinquent in their Section 16(a) reporting obligations based upon shares in Ex-Sigma held by each of the above persons.

HGM at all relevant times reported beneficial ownership of all of the shares of Exela held by Ex-Sigma. In the third and fourth quarter of 2019, HGM purchased additional preferred interests in Ex-Sigma, but as it already reported beneficial ownership of the underlying shares, HGM did not report the transactions on a Form 4 as its beneficial ownership did not increase. The report was ultimately made on February 27, 2020.

Each of the foregoing persons had one delinquent transaction except for Mr. Chadha and HGM, each of whom had two delinquent transactions.

Solicitation of Proxies

The Company pays all of the costs of soliciting proxies. We will ask banks, brokers and other nominees and fiduciaries to forward the proxy materials to the beneficial owners of our Common Stock and to obtain the authority of executed proxies. We will reimburse them for their reasonable expenses. We did not retain a proxy solicitor in connection with our 2020 Annual Meeting of stockholders.

Stockholder Proposals for 2021 Annual Meeting

Any stockholder who intends to present a proposal for inclusion in our proxy materials for our 2021 Annual Meeting of Stockholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 must deliver the proposal to the Corporate Secretary of the Company at our principal executive offices, located at 2701 E. Grauwlyer Rd., Irving, Texas 75061, not less than one hundred and twenty (120) days prior to the date of this proxy statement. However, if the date of next year's Annual Meeting is changed by more than thirty (30) days from the date of this year's meeting, then the deadline is a reasonable time before the Company begins to print and send its proxy materials.

Any stockholder who intends to nominate a candidate for director election at the 2021 Annual Meeting of Stockholders or who intends to submit a proposal pursuant to our Bylaws without including such proposal in our proxy materials pursuant to Rule 14a-8 must deliver timely notice of the nomination or the proposal to the Corporate Secretary of the Company at our principal executive offices, located at 2701 E. Grauwlyer Rd., Irving, Texas 75061, in the form provided in, and by the date required by, our Bylaws. To be timely, a stockholder's notice must be delivered not more than ninety (90) days and not less than sixty (60) days prior to our 2021 Annual Meeting; provided, however, that in the event that less than seventy (70) days' notice or prior public disclosure of the date of the Annual Meeting is given or made to stockholders, notice must be received no later than the close of business on the tenth (10th) day following the date the notice of the Annual Meeting date was mailed or published. The written notice must include certain information and satisfy the requirements set forth in our Bylaws, a copy of which will be sent to any stockholder upon written request to the Corporate Secretary of the Company.

Communications with the Board

Stockholders and other interested parties wishing to communicate with the Board of Directors, the non-management directors or with an individual Board member concerning the Company may do so by writing to the Board, to the non-management directors or to the particular Board member and mailing the correspondence to Exela Technologies, Inc., 2701 E. Grauwlyer Rd., Irving, Texas 75061, Attention: Secretary. If from a stockholder, the envelope should indicate that it contains a stockholder communication. All such communication will be forwarded to the director or directors to whom the communications are addressed.

Householding

Under SEC rules, a single set of proxy statements and annual reports may be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as “householding,” reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. At the present time, we do not “household” for any of our stockholders of record. If a stockholder holds shares in street name, however, such beneficial holder’s bank, broker or other nominee may be delivering only one copy of our Proxy Statement and Annual Report on Form 10-K to multiple stockholders of the same household who share the same address, and may continue to do so, unless such stockholder’s bank, broker or other nominee has received contrary instructions from one or more of the affected stockholders in the household. We will deliver promptly, upon written or oral request, a separate copy of this Proxy Statement and our Annual Report on Form 10-K to a stockholder at a shared address to which a single copy of the documents was delivered. A beneficial holder who wishes to receive a separate copy of our Proxy Statement and Annual Report on Form 10-K, now or in the future, should submit this request by writing to Exela Technologies, Inc., 2701 E. Grauwyler Rd., Irving, Texas, Attention: Investor Relations Department, or by calling our Investor Relations Department at (844) 935-2832. Beneficial holders sharing an address who are receiving multiple copies of proxy materials and annual reports and who wish to receive a single copy of such materials in the future should contact their bank, broker or other nominee directly to request that only a single copy of each document be mailed to all stockholders at the shared address in the future. Stockholders of record receiving multiple copies of our Proxy Statement and Annual Report on Form 10-K may request householding by contacting our Investor Relations Department either in writing or by telephone at the above address or phone number.
