SECURITIES AND EXCHANGE COMMISSION**
WASHINGTON, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2024

Or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission file number: 001-36788

EXELA TECHNOLOGIES, INC.

(Exact Name of Registrant as Specified in its Charter)

Delaware
(State of or other Jurisdiction
Incorporation or Organization)

47-1347291
(I.R.S. Employer
Identification No.)

2701 E. Grauwylar Rd.
Irving, TX
(Address of Principal Executive
Offices)

75061
(Zip Code)

Registrant's Telephone Number, Including Area Code: **(844) 935-2832**

Securities Registered Pursuant to Section 12(b) of the Act:

Title of Each Class	Trading Symbol	Name of Each Exchange on Which Registered
Common Stock, Par Value \$0.0001 per share	XELA	OTC Pink
6.00% Series B Cumulative Convertible Perpetual Preferred Stock, par value \$0.0001 per share	XELAP	OTC Pink
Tandem Preferred Stock, par value of \$0.0001 per share		

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer
Non-Accelerated Filer

Accelerated Filer
Smaller Reporting Company
Emerging Growth Company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of November 13, 2024, the registrant had 6,365,363 shares of Common Stock outstanding.

Exela Technologies, Inc.

Form 10-Q

For the quarterly period ended September 30, 2024

TABLE OF CONTENTS

PART I—FINANCIAL INFORMATION

Item 1. Financial Statements

- (1) Exela restated the condensed consolidated statement of cash flows for the nine months ended September 30, 2023 by reclassifying borrowing and repayments under the BR Exar AR Facility as separate line items. The borrowing and repayments under the BR Exar AR Facility were previously included in borrowings from other loans and principal repayments on senior secured term loans and other loans under cash flow from financing activities. Interest on the BR Exar AR Facility which was previously included in principal repayments on senior secured term loans and other loans under cash flow from financing activities is restated by reclassification as cash flow from operating activities.

The accompanying notes are an integral part of these condensed consolidated financial statements.

Exela Technologies, Inc. and Subsidiaries
Notes to the Condensed Consolidated Financial Statements
(in thousands of United States dollars except share and per share amounts or unless otherwise noted)
(Unaudited)

1. General

These condensed consolidated financial statements should be read in conjunction with the notes to the consolidated financial statements as of and for the year ended December 31, 2023 included in the Exela Technologies, Inc. (the “Company” or “Exela”) annual report on Form 10-K for such period (the “2023 Form 10-K”), filed with the Securities and Exchange Commission (“SEC”) on April 3, 2024 and available at the SEC’s website at <http://www.sec.gov>.

The accompanying condensed consolidated financial statements and related notes to the condensed consolidated financial statements include the accounts of the Company, its wholly owned subsidiaries, and XBP Europe Holdings, Inc. (“XBP Europe”), a publicly traded company that is majority-owned by the Company. The accompanying condensed consolidated financial statements have been prepared using accounting principles generally accepted in the United States of America (“GAAP”) and in accordance with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X under the Securities Act of 1933, as amended (the “Securities Act”), as they apply to interim financial information. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. These accounting principles require the Company to use estimates and assumptions that impact the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. Actual results may differ from the Company’s estimates.

The condensed consolidated financial statements are unaudited, but include all adjustments (consisting of normal recurring adjustments) necessary for a fair statement of the results for the interim period. The interim financial results are not necessarily indicative of results that may be expected for any other interim period or the fiscal year.

Going Concern

The Company has the responsibility to evaluate whether conditions and/or events raise substantial doubt about its ability to meet its obligations as they become due within one year after the date that the financial statements are issued. Management’s evaluation does not initially take into consideration the potential mitigating effects of management’s plans that have not been fully implemented as of the date the financial statements are issued.

In performing this evaluation, the Company concluded that the following conditions raise substantial doubt about its ability to continue as a going concern:

- a history of net losses, including net losses of \$77.4 million for the nine months ended September 30, 2024;
- net operating cash outflow of \$12.2 million for the nine months ended September 30, 2024;
- a working capital deficit of \$262.8 million as of September 30, 2024;
- an accumulated deficit of \$2,158.7 million as of September 30, 2024;
- delisting of the Company’s common stock by Nasdaq on November 8, 2024;
- an obligation to make an interest payment due January 15, 2025 on the April 2026 Notes in the amount of approximately \$50 million; and
- other current debt maturities of approximately \$51 million within the next twelve months.

The Company’s plans with respect to this uncertainty include the following actions to improve its available cash balances, liquidity or cash generated from operations:

- completing the process of executing on identified cost savings for fiscal year 2024 and beyond; and
- obtaining new financing capital and/ or the refinancing or restructuring of existing debt facilities.

However, the Company's ability to execute its operational plans is uncertain and its ability to obtain additional financing in the debt and equity capital markets is subject to several factors, including market and economic conditions, the Company's performance and investor sentiment with respect to the Company and its industry. Should the Company be unable to execute on its plans it may need to consider restructuring. Due to the uncertainty associated with Management's plans, the Company has determined that substantial doubt regarding its ability to continue as a going concern exists as of September 30, 2024. The condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As such, the condensed consolidated financial statements do not include any adjustments to the carrying amounts and classification of assets, liabilities, and reported expenses that may be necessary if the Company were unable to continue as a going concern.

Net Loss per Share

Earnings per share ("EPS") is computed by dividing net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding during the period, excluding the effects of any potentially dilutive securities. Diluted EPS gives effect to the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, using the more dilutive of the two-class method and the if-converted method in the period of earnings. The two class method is an earnings allocation method that determines earnings per share (when there are earnings) for common stock and participating securities. The if-converted method assumes all convertible securities are converted into common stock. Diluted EPS excludes all dilutive potential shares of common stock if their effect is anti-dilutive.

As the Company experienced net losses for the periods presented, the impact of the Company's Series A Perpetual Convertible Preferred Stock ("Series A Preferred Stock") and Series B Cumulative Convertible Perpetual Preferred Stock (the "Series B Preferred Stock"), was calculated using the if-converted method. As of September 30, 2024, the outstanding shares of the Company's Series A Preferred Stock and Series B Preferred Stock, if converted would have resulted in an additional 434 shares and 17,066 shares of the Company's Common Stock outstanding, respectively, however, they were not included in the computation of diluted loss per share as their effects were anti-dilutive (i.e., if included, would reduce the net loss per share).

Similarly, the Company also did not include the effect of 1,978 and 2,433 shares of Common Stock issuable upon exercise of 7,913,637 and 9,731,819 outstanding warrants as of September 30, 2024 and 2023, respectively, sold in a private placement of securities on March 18, 2021 or the effect of the aggregate number of shares issuable pursuant to outstanding restricted stock units, performance units and options (1,360 and 2,471 as of September 30, 2024 and 2023, respectively) in the calculation of diluted loss per share for the three and nine months ended September 30, 2024 and 2023, because their effects were also anti-dilutive.

	<u>Three Months Ended September 30,</u>		<u>Nine Months Ended September 30,</u>	
	<u>2024</u>	<u>2023</u>	<u>2024</u>	<u>2023</u>
Net loss attributable to common stockholders (A)	\$ (26,388)	\$ (25,298)	\$ (81,530)	\$ (105,865)
Weighted average common shares outstanding – basic and diluted (B)	6,365,363	6,365,353	6,365,358	5,854,840
Loss Per Share:				
Basic and diluted (A/B)	\$ (4.15)	\$ (3.97)	\$ (12.81)	\$ (18.08)

Merger Agreement

On October 9, 2022, the Company entered into a definitive merger agreement to merge its European business with CF Acquisition Corp. VIII (“CFFE”), a special purpose acquisition company, to form a new publicly-traded company XBP Europe Holdings, Inc. (“XBP Europe”), which is a part of the ITPS segment (as defined in Note 3 – *Significant Accounting Policies*). The business combination was accounted for as a reverse capitalization in accordance with GAAP. Under this method of accounting, CFFE was treated as the “acquired” company for financial reporting purposes with XBP Europe surviving as a direct wholly-owned subsidiary of CFFE.

Following the closing of the transaction on November 29, 2023, the Company’s European business operates as XBP Europe, and the Company owns 72.3% of the outstanding capital stock of XBP Europe as of September 30, 2024. The noncontrolling stockholders’ proportionate share of stockholder’s deficit in XBP Europe of \$5.8 million and \$3.3 million, as of September 30, 2024 and December 31, 2023, respectively, is reflected as noncontrolling interest in XBP Europe in the accompanying condensed consolidated balance sheets. Beginning on November 30, 2023, XBP Europe shares and warrants started trading on the Nasdaq Stock Market under the ticker symbols “XBP” and “XBPEW,” respectively.

Sale of Non-core Assets

On June 8, 2023, the Company completed the sale of its high-speed scanner business, which was a part of its ITPS segment (as defined in Note 3 – *Significant Accounting Policies*), for a purchase price of approximately \$30.1 million. The sale of the high-speed scanner business does not represent a strategic shift that will have a major effect on the Company’s operations and financial results. As a result of this transaction, the Company disposed of \$16.5 million of goodwill based on the relative fair value of the high-speed scanner business to the total fair value of the ITPS reporting unit. This transaction resulted in a total pre-tax gain of \$7.2 million included in selling, general and administrative expenses (exclusive of depreciation and amortization) in the condensed consolidated statements of operations for the nine months ended September 30, 2023. Per the terms of the sales agreement, the Company may receive additional cash consideration (“Contingent Consideration”) upon the future occurrence of certain earn-out events described in the sales agreement. The Contingent Consideration, if any, will be recognized in the period the earn-out event occurs, and the Contingent Consideration is realizable.

Held for Sale

The Company classifies assets as held-for-sale (“disposal group”) in the period when all of the relevant criteria to be classified as held for sale are met. These criteria include management’s commitment to sell the disposal group in its present condition and the sale being deemed probable of being completed within one year. Assets held for sale are reported at the lower of their carrying value or estimated fair value less cost to sell. The fair values of disposal groups are estimated using accepted valuation techniques, including indicative listing prices. The Company considers historical experience, guidance received from third parties, and all information available at the time the estimates are made to derive fair value. Any loss resulting from the measurement is recognized in the period when the held for sale criteria are met. The Company assesses the fair value of a disposal group, less any costs to sell, each reporting period it remains classified as held for sale and reports any subsequent changes as an adjustment to the carrying value of the disposal group, as long as the new carrying value does not exceed the initial carrying value of the disposal group. Assets held-for-sale are not amortized or depreciated.

As of September 30, 2024, certain on-demand printing operations of XBP Europe met the criteria for classification as held for sale and accordingly, was measured at carrying value since its carrying value was lesser than its estimated fair value less costs to sell. The Company recorded a goodwill impairment charge of \$0.3 million relating to the disposal group in impairment of goodwill in the condensed consolidated statement of operations for the three and nine months ended September 30, 2024. The Company determined that the disposal group has not met the criteria to be disclosed as discontinued operations as it does not represent a significant strategic shift that will have a major effect on the Company’s operations and financial results. Assets and liabilities are presented in Assets of disposal group held for sale and liabilities of disposal group held for sale, respectively, in the condensed consolidated balance sheet as of September 30, 2024.

[Table of Contents](#)

As of September 30, 2024, the assets and liabilities of the disposable group are classified as current in the Company's condensed consolidated balance sheets, as it is probable that the sale will occur within one year. The following table presents the major classes of assets and liabilities that were classified as held for sale in the condensed consolidated balance sheet as of September 30, 2024:

	September 30, 2024
ASSETS	
Current assets	
Cash and cash equivalents	\$ 190
Accounts receivable, net of allowance for credit losses of \$86	481
Inventories, net	582
Prepaid expenses and other current assets	697
Property, plant and equipment, net of accumulated depreciation of \$3,593	855
Operating lease right-of-use assets, net	1,392
Total assets of disposal group held for sale	\$ 4,197
LIABILITIES	
Current liabilities	
Accounts payable	\$ 802
Accrued liabilities	1,463
Accrued compensation and benefits	356
Customer deposits	162
Current portion of finance lease liabilities	353
Current portion of operating lease liabilities	1,393
Total liabilities of disposal group held for sale	\$ 4,529

Abandonment of Potential Spin-off

On July 1, 2024, the Company had announced that its Board had authorized the Company to consider a spin-off of its wholly-owned subsidiary Exela Technologies BPA, LLC (the holding company for the Company's business process automation business which includes our HS and LLPS segments and part of our ITPS segment, and collectively with all of its subsidiaries, the "BPA Business"). However, this spin-off plan has now been abandoned by the Company.

2. New Accounting Pronouncements

Recently Adopted Accounting Pronouncements

Effective January 1, 2024, the Company adopted Accounting Standards Update ("ASU") No. 2023-01, *Leases (Topic 842): Common Control Arrangements* that clarifies the accounting for leasehold improvements associated with common control leases by requiring that leasehold improvements associated with common control leases be amortized by the lessee over the useful life of the leasehold improvements to the common control group (regardless of the lease term), as long as the lessee controls the use of the underlying asset through a lease. Additionally, leasehold improvements associated with common control leases should be accounted for as a transfer between entities under common control through an adjustment to equity, if, and when, the lessee no longer controls the use of the underlying asset. The adoption had no impact on the Company's consolidated results of operations, cash flows, financial position or disclosures.

Recently Issued Accounting Pronouncements

In November 2023, the Financial Accounting Standards Board ("FASB") issued ASU No. 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures*, which requires retrospective disclosure of significant segment expenses and other segment items on an annual and interim basis. Additionally, it requires disclosure

of the title and position of the Chief Operating Decision Maker (“CODM”). This ASU is effective for fiscal years beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted. The Company is currently evaluating the impact that adopting this standard will have on its consolidated financial statements.

In November 2024, the FASB issued ASC 2024-03, *Income Statement-Reporting Comprehensive Income-Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses*, which is intended to provide more detailed information about specified categories of expenses (purchases of inventory, employee compensation, depreciation and amortization) included in certain expense captions presented on the consolidated statement of operations. This new standard is effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. The amendments may be applied either (1) prospectively to financial statements issued for periods after the effective date of this ASU or (2) retrospectively to all prior periods presented in the consolidated financial statements. The Company is currently assessing the impact this ASU will have on the consolidated financial statements and footnote disclosures.

In December 2023, the FASB issued ASU No. 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*, which requires an annual tabular effective tax rate reconciliation disclosure including information for specified categories and jurisdiction levels, as well as, disclosure of income taxes paid, net of refunds received, disaggregated by federal, state/local, and significant foreign jurisdiction. This ASU is effective for fiscal years beginning after December 15, 2024, with early adoption permitted. The Company is currently evaluating the impact that adopting this standard will have on its consolidated financial statements.

3. Significant Accounting Policies

The information presented below supplements the Significant Accounting Policies information presented in the 2023 Form 10-K.

Revenue Recognition

The Company accounts for revenue by first evaluating whether a performance obligation exists. A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is the unit of account. Revenue is measured as the amount of consideration the Company expects to receive in exchange for transferring goods or providing services. The contract transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. All of the Company’s material sources of revenue are derived from contracts with customers, primarily relating to the provision of business and transaction processing services within each of the Company’s segments. The Company does not have any significant extended payment terms, as payment is received shortly after goods are delivered or services are provided.

Nature of Services

The Company’s primary performance obligations are to stand ready to provide various forms of business processing services, consisting of a series of distinct services, but that are substantially the same, and have the same pattern of transfer over time, and accordingly are combined into a single performance obligation. The Company’s obligation to its customers is typically to perform an unknown or unspecified quantity of tasks and the consideration received is contingent upon the customers’ use (i.e., number of transactions processed, requests fulfilled, etc.); as such, the total transaction price is variable. The Company allocates variable fees to the single performance obligation charged to the distinct service period in which the Company has the contractual right to bill under the contract.

Disaggregation of Revenues

The Company is organized into three segments: Information & Transaction Processing Solutions (“ITPS”), Healthcare Solutions (“HS”), and Legal & Loss Prevention Services (“LLPS”) (See Note 13 – *Segment and Geographic Area Information*). The following tables disaggregate revenue from contracts by segment and by geographic region for the three and nine months ended September 30, 2024 and 2023:

Three Months Ended September 30,								
2024				2023				
	ITPS	HS	LLPS	Total	ITPS	HS	LLPS	Total
U.S.A.	\$ 149,846	\$ 58,780	\$ 18,430	\$ 227,056	\$ 127,074	\$ 62,090	\$ 18,885	\$ 208,049
EMEA	37,228	—	—	37,228	40,035	—	—	40,035
Other	4,884	—	—	4,884	5,041	—	—	5,041
Total	\$ 191,958	\$ 58,780	\$ 18,430	\$ 269,168	\$ 172,150	\$ 62,090	\$ 18,885	\$ 253,125

Nine Months Ended September 30,								
2024				2023				
	ITPS	HS	LLPS	Total	ITPS	HS	LLPS	Total
U.S.A.	\$ 396,234	\$ 186,567	\$ 62,127	\$ 644,928	\$ 410,598	\$ 188,740	\$ 60,095	\$ 659,433
EMEA	113,306	—	—	113,306	125,107	—	—	125,107
Other	15,398	—	—	15,398	15,143	—	—	15,143
Total	\$ 524,938	\$ 186,567	\$ 62,127	\$ 773,632	\$ 550,848	\$ 188,740	\$ 60,095	\$ 799,683

Contract Balances

The following table presents contract assets, contract liabilities and contract costs recognized at September 30, 2024, December 31, 2023 and January 1, 2023:

	September 30, 2024	December 31, 2023	January 1, 2023
Accounts receivable, net	\$ 48,579	\$ 76,893	\$ 101,616
Deferred revenues	15,945	13,107	17,585
Customer deposits	19,063	23,838	16,955
Costs to obtain and fulfill a contract	1,324	1,400	1,674

The following table describes the changes in the allowance for expected credit losses for the nine months ended September 30, 2024 (all related to accounts receivables):

Balance at January 1, 2024 of the allowance for expected credit losses	\$ 6,628
Provision for expected loss	16,990
Write-off charged against the allowance	(18,294)
Recoveries collected	(1,708)
Foreign currency exchange rate adjustment	19
Allowance for expected credit losses included in assets of disposal group held for sale	(86)
Balance at September 30, 2024 of the allowance for expected credit losses	\$ 3,549

Accounts receivable, net includes \$24.4 million and \$23.9 million as of September 30, 2024 and December 31, 2023, respectively, representing amounts not yet billed to customers. The Company has accrued the unbilled receivables for work performed in accordance with the terms of contracts with customers.

Deferred revenues relate to payments received in advance of performance under a contract. A significant portion of this balance relates to maintenance contracts or other service contracts where the Company received payments for upfront conversions or implementation activities which do not transfer a service to the customer but rather are used in fulfilling the related performance obligations that transfer over time. The advance consideration received from customers is deferred over the contract term. The Company recognized revenue of \$2.0 million and \$9.7 million during the three and nine months ended September 30, 2024, respectively, that had been deferred as of December 31, 2023. The Company recognized revenue of \$1.6 million and \$16.4 million during the three and nine months ended September 30, 2023, respectively, that had been deferred as of January 1, 2023. The Company recognized revenue of \$17.3 million during the year ended December 31, 2023 that had been deferred as of January 1, 2023.

Costs incurred to obtain and fulfill contracts are deferred and presented as part of intangible assets, net and expensed on a straight-line basis over the estimated benefit period. The Company recognized \$0.2 million and \$0.2 million of amortization for these costs for the three months ended September 30, 2024 and 2023, respectively, within depreciation and amortization expense in the Company's condensed consolidated statements of operations. The Company recognized \$0.7 million and \$0.6 million of amortization for these costs for the nine months ended September 30, 2024 and 2023, respectively, within depreciation and amortization expense in the Company's condensed consolidated statements of operations. These costs represent incremental external costs or certain specific internal costs that are directly related to the contract acquisition or fulfillment and can be separated into two principal categories: contract commissions and fulfillment costs. Applying the practical expedient in ASC 340-40-25-4, the Company recognizes the incremental costs of obtaining contracts as an expense when incurred, if the amortization period would have been one year or less. These costs are included in selling, general and administrative expenses. The effect of applying this practical expedient was not material.

Customer deposits consist primarily of amounts received from customers in advance for postage. These advanced postage deposits are used to cover the costs associated with postage, with the corresponding postage revenue being recognized as services are performed.

Performance Obligations

At the inception of each contract, the Company assesses the goods and services promised in its contracts and identify each distinct performance obligation. The majority of the Company's contracts have a single performance obligation, as the promise to transfer the individual goods or services is not separately identifiable from other promises in the contracts. For the majority of the Company's business and transaction processing service contracts, revenues are recognized as services are provided based on an appropriate input or output method, typically based on the related labor or transactional volumes.

Certain of the Company's contracts have multiple performance obligations, including contracts that combine software implementation services with post-implementation customer support. For contracts with multiple performance obligations, the Company allocates the contract's transaction price to each performance obligation using its best estimate of the standalone selling price of each distinct good or service in the contract. The primary method used to estimate standalone selling price is the expected cost plus a margin approach, under which the Company estimates its expected costs of satisfying a performance obligation and add an appropriate margin for that distinct good or service. The Company also uses the adjusted market approach whereby it estimates the price that customers in the market would be willing to pay. In assessing whether to allocate variable consideration to a specific part of the contract, the Company considers the nature of the variable payment and whether it relates specifically to its efforts to satisfy a specific part of the contract. Certain of the Company's software implementation performance obligations are satisfied at a point in time, typically when customer acceptance is obtained.

When evaluating the transaction price, the Company analyzes, on a contract-by-contract basis, all applicable variable consideration. The nature of the Company's contracts gives rise to variable consideration, including volume discounts, contract penalties, and other similar items that generally decrease the transaction price. The Company estimates these amounts based on the expected amount to be provided to customers and reduce revenues recognized. The Company does not anticipate significant changes to its estimates of variable consideration.

The Company includes reimbursements from customers, such as postage costs, in revenue, while the related costs are included in cost of revenue.

Transaction Price Allocated to the Remaining Performance Obligations

In accordance with optional exemptions available under GAAP, the Company does not disclose the value of unsatisfied performance obligations for (a) contracts with an original expected length of one year or less, and (b) contracts for which variable consideration relates entirely to an unsatisfied performance obligation, which comprise the majority of the Company's contracts. The Company has certain non-cancellable contracts where the Company receives a fixed monthly fee in exchange for a series of distinct services that are substantially the same and have the same pattern of transfer over time, with the corresponding remaining performance obligations as of September 30, 2024 in each of the future periods below:

Estimated Remaining Fixed Consideration for Unsatisfied Performance Obligations

Remainder of 2024	\$ 3,111
2025	9,320
2026	6,097
2027	3,454
2028	1,934
2029 and thereafter	120
Total	<u>\$ 24,036</u>

4. Intangible Assets and Goodwill

Intangible Assets

Intangible assets are stated at cost or acquisition-date fair value less accumulated amortization and consists of the following:

	September 30, 2024		
	Gross Carrying Amount (a)	Accumulated Amortization	Intangible Asset, net
Customer relationships	\$ 505,005	\$ (396,600)	\$ 108,405
Developed technology	88,553	(88,441)	112
Trade names (b)	5,300	—	5,300
Outsource contract costs	18,403	(17,079)	1,324
Internally developed software	58,738	(49,078)	9,660
Purchased software	26,749	(10,254)	16,495
Intangibles, net	<u>\$ 702,748</u>	<u>\$ (561,452)</u>	<u>\$ 141,296</u>

	December 31, 2023		
	Gross Carrying Amount (a)	Accumulated Amortization	Intangible Asset, net
Customer relationships	\$ 507,930	\$ (380,580)	\$ 127,350
Developed technology	88,554	(88,085)	469
Patent	15	(14)	1
Trade names (b)	5,300	—	5,300
Outsource contract costs	17,734	(16,334)	1,400
Internally developed software	56,066	(43,499)	12,567
Purchased software	26,749	(8,916)	17,833
Intangibles, net	<u>\$ 702,348</u>	<u>\$ (537,428)</u>	<u>\$ 164,920</u>

- (a) Amounts include intangible assets acquired in business combinations and asset acquisitions.
 (b) The carrying amount of trade names for 2024 and 2023 is net of accumulated impairment losses of \$44.1 million. Carrying amount of \$5.3 million as at September 30, 2024 represents indefinite-lived intangible assets.

Aggregate amortization expense related to intangible assets was \$8.2 million and \$27.2 million for the three and nine months ended September 30, 2024, respectively. Aggregate amortization expense related to intangible assets was \$9.5 million and \$30.5 million for the three and nine months ended September 30, 2023, respectively.

Estimated intangibles amortization expense for the next five years and thereafter consists of the following:

	Estimated Amortization Expense
Remainder of 2024	\$ 7,702
2025	26,422
2026	21,577
2027	17,665
2028	13,737
2029 and thereafter	48,893
Total	\$ 135,996

Goodwill

The Company's operating segments are significant strategic business units that align its products and services with how it manages its business, approaches the markets and interacts with customers. The Company is organized into three segments: ITPS, HS, and LLPS (See Note 13 – *Segment and Geographic Area Information*).

Goodwill by reporting segment consists of the following:

	Balances as at January 1, 2024 (a)	Additions	Deletions	Impairments	Currency Translation Adjustments	Balances as at September 30, 2024 (a)
ITPS	\$ 64,801	\$ —	\$ —	\$ (343)(c)	\$ 86	\$ 64,544
HS	86,786	—	—	—	—	86,786
LLPS	18,865	—	—	—	—	18,865
Total	\$ 170,452	\$ —	\$ —	\$ (343)	\$ 86	\$ 170,195

	Balances as at January 1, 2023 (a)	Additions	Deletions	Impairments	Currency Translation Adjustments	Balances as at December 31, 2023 (a)
ITPS	\$ 81,151	\$ —	\$ (16,500)(b)	\$ —	\$ 150	\$ 64,801
HS	86,786	—	—	—	—	86,786
LLPS	18,865	—	—	—	—	18,865
Total	\$ 186,802	\$ —	\$ (16,500)	\$ —	\$ 150	\$ 170,452

- (a) The goodwill amount for all periods presented is net of accumulated impairment amounts. Accumulated impairment relating to ITPS was \$488.0 million and \$487.7 million as at September 30, 2024 and December 31, 2023, respectively. Accumulated impairment relating to LLPS was \$243.4 million as at September 30, 2024 and December 31, 2023.
- (b) The deletion in goodwill is due to derecognition of allocated goodwill on sale of the high-speed scanner business in the second quarter of 2023. Refer to Note 1—*General*.
- (c) The impairment in goodwill is due to held for sale classification as discussed in Note 1 above in the third quarter of 2024. Refer to Note 1—*General*.

5. Long-Term Debt and Credit Facilities

July 2026 Notes

As of January 1, 2023, there was outstanding \$980.0 million aggregate principal amount of 11.5% First-Priority Senior Secured Notes scheduled to mature July 15, 2026 (the “July 2026 Notes”) issued by Exela Intermediate LLC and Exela Finance Inc. (together, the “Issuers”), wholly-owned subsidiaries of the Company. The July 2026 Notes are guaranteed by nearly all U.S. subsidiaries of Exela Intermediate LLC. The July 2026 Notes bear interest at a rate of 11.5% per year. The Company is required to pay interest on the July 2026 Notes on January 15 and July 15 of each year, and commenced making such interest payments on July 15, 2022. The Issuers may redeem the July 2026 Notes in whole or in part from time to time, at a redemption price of 100%, plus accrued and unpaid interest, if any, to, but excluding, the applicable redemption date.

On July 11, 2023, the Issuers, certain guarantors and U.S. Bank Trust Company, National Association, as trustee, entered into an indenture (the “April 2026 Notes Indenture”) governing the 11.5% First-Priority Senior Secured Notes scheduled to mature April 15, 2026 (the “April 2026 Notes”), and the Issuers issued approximately \$764.8 million aggregate principal amount of the April 2026 Notes as consideration for the exchange of \$956.0 million aggregate principal amount of the Issuers’ existing July 2026 Notes pursuant to a public exchange offer (the “2023 Exchange”), which was equivalent to issuing \$800 of the April 2026 Notes per \$1,000 principal amount of the existing July 2026 Notes. The Company performed an assessment of the 2023 Exchange and determined that it met the criteria to be accounted for as a troubled debt restructuring under GAAP. The undiscounted cash flows associated with the April 2026 Notes issued were compared to the carrying value of the exchanged July 2026 Notes and since the undiscounted cash flows of the April 2026 Notes exceeded the carrying value of the exchanged July 2026 Notes, the carrying value of the April 2026 Notes was established at the carrying value of the exchanged July 2026 Notes and the Company established new effective interest rates based on the carrying value of the exchanged July 2026 Notes prior to the 2023 Exchange. The difference between the principal amount of the issued April 2026 Notes and their carrying value was recorded as a premium and is included in long-term debt on the Company’s condensed consolidated balance sheets. The Company recorded a premium of \$142.3 million on the notes exchange, which will be reduced as contractual interest payments are made on the April 2026 Notes.

On July 11, 2023, the Company entered into a seventh supplemental indenture to the indenture governing the July 2026 Notes which eliminated substantially all of the restrictive covenants, eliminated certain events of default, modified covenants regarding mergers and consolidations and modified or eliminated certain other provisions, including certain provisions relating to future guarantors and defeasance, contained in the July 2026 Notes Indenture and the July 2026 Notes. In addition, all of the collateral securing the July 2026 Notes was released pursuant to the seventh supplemental indenture.

The July 11, 2023 transaction resulted in cancellation of debt income (“CODI”) for tax purposes. Absent an exception, a debtor recognizes CODI upon discharge of its outstanding indebtedness for an amount of consideration that is less than the outstanding debt. The Internal Revenue Code of 1986, as amended, (the “Code”), provides that a debtor may wholly or partially exclude CODI from taxable income but must reduce certain of its tax attributes by the amount of CODI excluded from taxable income. Pursuant to the U.S. tax rules, the Company computes the final CODI calculation based on the tax basis as of the last day of the fiscal tax year (i.e., December 31, 2023) which includes the date in which the debt transaction occurred. For the year ended December 31, 2023, the Company generated CODI in the amount of \$780.0 million, of which \$54.0 million was included in the fiscal year 2023 taxable income and \$726.0 million was excluded from taxable income, resulting in the elimination of \$624.0 million gross federal and state net operating losses.

As a result of the 2023 Exchange and periodic repurchases, \$24.0 million aggregate principal amount of the July 2026 Notes maturing July 15, 2026 remained outstanding as of September 30, 2024.

Senior Secured April 2026 Notes

On July 11, 2023, the Issuers issued approximately \$767.8 million aggregate principal amount of the April 2026 Notes under the April 2026 Notes Indenture, which includes the April 2026 Notes issued pursuant to the 2023 Exchange

(as described above) and \$3.0 million issued in exchange of other indebtedness. The April 2026 Notes are scheduled to mature on April 15, 2026.

Interest on the April 2026 Notes will accrue at 11.5% per annum and will be paid semi-annually, in arrears, on January 15 and July 15 of each year, beginning July 15, 2023. Interest will be payable in cash or in kind by issuing additional April 2026 Notes (or increasing the principal amount of the outstanding April 2026 Notes) (“PIK Interest”) as described below: (A) for the July 15, 2023 interest payment date, such interest was paid in kind as PIK Interest, (B) for each interest payment date from and including the January 15, 2024 interest payment date through and including the July 15, 2024 interest payment date, such interest shall be paid in cash in an amount equal to (i) 50% of such interest plus (ii) an amount not to exceed an amount that, pro forma for such payment, would leave the issuers with Unrestricted Cash (as defined in the April 2026 Notes Indenture) of at least \$15.0 million, with the remaining interest paid in kind as PIK Interest, and (C) for interest payment dates falling on or after January 15, 2025, such interest shall be paid in cash.

On July 15, 2023, the Company issued \$44.1 million in aggregate principal amount of the April 2026 Notes as a payment for PIK Interest that would otherwise have been due to holders of the July 2026 Notes that participated in the Public Exchange on July 15, 2023. On January 15, 2024, the Company issued \$23.3 million in aggregate principal amount of the April 2026 Notes as a payment for PIK Interest due on January 15, 2024 in respect of the April 2026 Notes. On July 15, 2024, the Company issued \$24.0 million in aggregate principal amount of the April 2026 Notes as a payment for PIK Interest due on July 15, 2024 in respect of the April 2026 Notes. On September 30, 2024, the Company, through one of its subsidiaries, sold \$3.0 million face value of April 2026 Notes for a net sale consideration of \$0.5 million to affiliates of the Executive Chairman (see note 12). \$862.3 million aggregate principal amount of the April 2026 Notes remained outstanding as of September 30, 2024.

The Issuers’ obligations under the April 2026 Notes and the April 2026 Notes Indenture are irrevocably and unconditionally guaranteed, jointly and severally, by the same guarantors (the “Guarantors”) that guarantee the July 2026 Notes (other than certain guarantors that have ceased to have operations or assets) and by certain of the Issuers’ other affiliates (the “Affiliated Guarantors”). The April 2026 Notes and the related guarantees are first-priority senior secured obligations of the Issuers, the Guarantors and Affiliated Guarantors.

The issuers may redeem the April 2026 Notes at their option, in whole at any time or in part from time to time, at a redemption price of 100%, plus accrued and unpaid interest, if any, to, but excluding, the applicable redemption date. In addition, the April 2026 Notes will be mandatorily redeemable in part upon the sale of certain assets that constitute additional credit support.

The April 2026 Notes Indenture contains covenants that limit the Issuers’ and the Affiliated Guarantors and their respective subsidiaries’ ability to, among other things, (i) incur or guarantee additional indebtedness, (ii) pay dividends or distributions on, or redeem or repurchase, capital stock and make other restricted payments, (iii) make investments, (iv) consummate certain asset sales, (v) engage in certain transactions with affiliates, (vi) grant or assume certain liens and (vii) consolidate, merge or transfer all or substantially all of their assets. These covenants are subject to a number of important limitations and exceptions. In addition, upon the occurrence of specified change of control events, the Issuers must offer to repurchase the April 2026 Notes at 101% of the principal amount, plus accrued and unpaid interest, if any, to, but excluding, the applicable repurchase date. The April 2026 Notes Indenture also provides for

events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all of the then outstanding April 2026 Notes to be due and payable immediately.

2023 Term loan

As a result of certain private exchanges, repurchases and periodic principal repayments, \$48.4 million aggregate principal amount of the term loans outstanding under its credit agreement (“2023 Term Loan”) were outstanding as of July 11, 2023, the date the Company fully repaid and discharged the remaining outstanding balance of the 2023 Term Loans by making a cash payment of \$44.8 million and by issuance of \$3.0 million principal amount of Senior Secured April 2026 Notes. The Company recorded \$0.6 million debt extinguishment gain on repayment of the 2023 Term Loans under ASC 470-50 and reported within debt modification and extinguishment costs (gain), net within the Company’s condensed consolidated statements of operations for the three and nine months ended September 30, 2023. There were no amounts outstanding under the 2023 Term Loan as of September 30, 2024.

Repurchases

In July 2021 the Company commenced a debt buyback program to repurchase senior secured indebtedness, which is ongoing. During the three and nine months ended September 30, 2024, the Company repurchased \$4.0 million principal amount of the Second Lien Note (as defined below) for a net cash consideration of \$4.0 million. The loss on early extinguishment of debt during the three and nine months ended September 30, 2024 totaled \$0.3 million and is inclusive of \$0.3 million write off of debt issuance costs.

During the nine months ended September 30, 2023, the Company repurchased \$13.8 million principal amount of the Issuers’ 10.0% First Priority Senior Secured Notes due 2023 (“2023 Notes”) for a net cash consideration of \$4.4 million. The gain on early extinguishment of debt during the nine months ended September 30, 2023 totaled \$9.9 million and is inclusive of less than \$0.1 million write off of original issue discount and debt issuance costs, respectively. During the nine months ended September 30, 2023, the Company repurchased \$15.1 million principal amount of the 2023 Term Loan for net cash consideration of \$8.0 million. The gain on early extinguishment of debt during the nine months ended September 30, 2023 totaled \$7.1 million and is inclusive of less than \$0.1 million write off of original issue discount and debt issuance costs, respectively. Gain or loss on the early extinguishment of debt is reported within debt modification and extinguishment costs (gain), net within the Company’s condensed consolidated statements of operations.

BRCC Facility

On November 17, 2021, GP2 XCV, LLC, a subsidiary of the Company (“GP2 XCV”), entered into a borrowing facility with B. Riley Commercial Capital, LLC (which was subsequently assigned to BRF Finance Co., LLC (“BRF Finance”)) pursuant to which such subsidiary was able to borrow an original principal amount of \$75.0 million, which was later increased to \$115.0 million as of December 7, 2021 (as the same may be amended from time to time, the “BRCC Term Loan”). On March 31, 2022, GP2 XCV and B. Riley Commercial Capital, LLC amended this facility to permit GP2 XCV to borrow up to \$51.0 million under a separate revolving loan (the “BRCC Revolver”, collectively with the BRCC Term Loan, the “BRCC Facility”).

The BRCC Facility is secured by a lien on all the assets of GP2 XCV and by a pledge of the equity of GP2 XCV. GP2 XCV is a bankruptcy-remote entity and as such its assets are not available to other creditors of the Company or any of its subsidiaries other than GP2 XCV. Interest under the BRCC Facility accrues at a rate of 11.5% per annum (13.5% per annum default rate) and is payable quarterly on the last business day of each March, June, September and December. The purpose of BRCC Term Loan was to fund certain repurchases of the secured indebtedness and to provide funding for certain debt exchange transactions. The purpose of BRCC Revolver is to fund general corporate purposes.

The BRCC Facility matured on June 10, 2023. As of December 31, 2023, the Company had fully repaid the outstanding balance under the BRCC Term Loan. During the nine months ended September 30, 2024, the Company repaid \$14.0 million of outstanding principal amount under the BRCC Revolver. As of September 30, 2024, there remained borrowings of \$5.9 million outstanding under the BRCC Revolver. The outstanding principal amount under the

BRCC Revolver is payable in two (2) monthly installments of \$2.0 million in November 2024 and December 2024, with the remaining outstanding principal balance of \$1.9 million payable on January 31, 2025.

Senior Secured Term Loan

On July 11, 2023, Exela Intermediate LLC and Exela Finance Inc., wholly-owned subsidiaries of the Company, entered into a financing agreement with certain lenders and Blue Torch Finance LLC, as administrative agent, pursuant to which the lenders extended a \$40.0 million term loan ("Senior Secured Term Loan"). On the same date, the Company used proceeds of this term loan to repay a corresponding amount of its existing debt. On January 12, 2024, \$1.0 million of certain waiver and consent fees payable by subsidiaries of the Company under the term of Senior Secured Term Loan were added to outstanding balance of the Senior Secured Term Loan.

The Senior Secured Term Loan shall be, at the option of the Company, either a Reference Rate Loan, or a Secured Overnight Financing Rate ("SOFR") Loan. Each portion of the Senior Secured Term Loan that is a Reference Rate Loan bears interest on the principal amount outstanding from the date of the Senior Secured Term Loan until repaid, at a rate per annum equal to the Reference Rate plus the Applicable Margin. "Reference Rate" for any period means the greatest of (i) 4.00% per annum, (ii) the federal funds rate plus 0.50% per annum, (iii) the Adjusted Term SOFR (which rate shall be calculated based upon an interest period of 1 month and shall be determined on a daily basis) plus 1.00% per annum, and (iv) the rate last quoted by the Wall Street Journal as the "Prime Rate" in the United States. "Applicable Margin," with respect to the interest rate of (a) any Reference Rate Loan is 10.39% per annum, and (b) any SOFR Rate Loan is 11.39% per annum. SOFR Rate Loans shall bear interest on the principal amount outstanding, at a rate per annum equal to the Adjusted Term SOFR rate for the Interest Period in effect for the Term Loan plus Applicable Margin. "Adjusted Term SOFR" means the rate per annum equal to Term SOFR for such calculation, plus 0.26161%. "Term SOFR," for calculation with respect to a SOFR Rate Loan, is the per annum forward-looking term rate based on secured overnight financing rate for a tenor comparable to the applicable interest period on the day that is two business days prior to the first day of such interest period. However, with respect to a Reference Rate Loan, "Term SOFR" means the per annum forward-looking term rate based on secured overnight financing rate for a tenor of three months on the day that is two business days prior to such day. If Term SOFR as so determined shall ever be less than 4.00%, then Term SOFR shall be deemed to be 4.00%.

The Company may, at any time, elect to have interest on all or a portion of the loans be charged at a rate of interest based upon Term SOFR (the "SOFR Option") by notifying the administrative agent at least three (3) business days prior to the proposed change. Such notice needs to be provided in the case of the continuation of a SOFR Rate Loan as a SOFR Rate Loan on the last day of the then current interest period. The Company shall have not more than 5 SOFR Rate Loans in effect at any given time, and only may exercise the SOFR Option for SOFR Rate Loans of at least \$500,000 and integral multiples of \$100,000 in excess thereof.

As of September 30, 2024, there were borrowings of \$39.0 million outstanding under the Senior Secured Term Loan. The outstanding principal amount of the Senior Secured Term Loan shall be repaid in seven (7) equal quarterly installments of \$0.5 million commencing December 31, 2024, with the remaining outstanding principal amount of \$35.5 million payable at maturity along with accrued and unpaid interest. The maturity date of the Senior Secured Term Loan is January 14, 2026.

The Company may, at any time, prepay the principal of the Senior Secured Term Loan. Each prepayment shall be accompanied by the payment of accrued interest and the applicable premium, if any. Each prepayment shall be applied against the remaining installments of principal due on the Senior Secured Term Loan in the inverse order of maturity. The applicable premium shall be payable in the form of a make-whole amount if prepayment is made within one year of the borrowing date (the "First Period"). If optional prepayment is made after the year one anniversary of the borrowing date to the date of the two-year anniversary (the "Second Period"), the applicable premium shall be an amount equal to 1% times the amount of the principal amount of the Senior Secured Term Loan being paid on such date. The applicable premium shall be zero in case of prepayment after the date of the two-year anniversary of the borrowing date. Further, during the Second Period, if the prepayment is because of an event of default or termination of contract for any reason, the applicable premium shall be 1% times the aggregate principal amount of the Senior Secured Term Loan outstanding on such date.

The Senior Secured Term Loan contains customary events of default, cross-default provisions, affirmative and negative covenants, including limitation on the Company's and certain of its subsidiaries' ability to create, incur or allow certain liens; enter into sale and lease-back transactions; make any restricted payments; undergo fundamental changes, as well as certain financial covenants. The cross-default provisions are triggered if the parent, borrower, affiliates, or significant subsidiaries defaults on any debt that is greater than \$25 million if the effect of such default or event is to (i) accelerate, or to permit the acceleration of, the maturity of such indebtedness; (ii) allow such indebtedness to be declared due and payable or (iii) required such indebtedness to be prepaid (other than by a regularly scheduled required prepayment) or redeemed, in each case, prior to the stated maturity thereof. The Company was in compliance with all financial covenants as of September 30, 2024.

Securitization Facility

On June 17, 2022, the Company entered into an amended and restated receivables purchase agreement (as amended, the "Amended Receivables Purchase Agreement") under an existing \$150.0 million securitization facility (the "Securitization Facility") among certain of the Company's subsidiaries, Exela Receivables 3, LLC (the "Securitization Borrower"), Exela Receivables 3 Holdco, LLC (the "Securitization Parent SPE," and together with the Securitization Borrower, the "SPEs") and certain global financial institutions (the "Purchasers"). The Amended Receivables Purchase Agreement extended the term of the Securitization Facility such that the SPEs may sell certain accounts receivable to the Purchasers until June 17, 2025. Under the Amended Receivables Purchase Agreement, transfers of accounts receivable from the SPEs are treated as sales and are accounted for as a reduction in accounts receivable, because the agreement transfers effective control over and risk related to the accounts receivable to the Purchasers. The Company and related subsidiaries have no continuing involvement in the transferred accounts receivable, other than collection and administrative responsibilities, and, once sold, the accounts receivable are no longer available to satisfy creditors of the Company, the operating subsidiaries of the Company that agreed to sell receivables in connection with the Securitization Facility (the "Securitization Originators"), or any other relevant subsidiaries.

The sales of accounts receivable under the Amended Receivables Purchase Agreement are transacted at 100% of the face value of the relevant accounts receivable, resulting in derecognition of the accounts receivable from the Company's condensed consolidated balance sheet. The Company de-recognized \$522.7 million of accounts receivable under this agreement during the year ended December 31, 2023. The amount remitted to the Purchasers during fiscal year 2023 was \$507.6 million. The Company de-recognized \$126.5 million and \$377.1 million of accounts receivable under this agreement during the three and nine months ended September 30, 2024, respectively. The Company de-recognized \$119.3 million and \$382.2 million of accounts receivable under this agreement during the three and nine months ended September 30, 2023, respectively. The amount remitted to the Purchasers during the three and nine months ended September 30, 2024 was \$127.7 million and \$377.0 million, respectively. The amount remitted to the Purchasers during the three and nine months ended September 30, 2023 was \$119.0 and \$385.5 million, respectively. Unsold accounts receivable of \$29.0 million and \$41.2 million were pledged by the SPEs as collateral to the Purchasers as of September 30, 2024 and December 31, 2023, respectively. These pledged accounts receivables are included in accounts receivable, net in the condensed consolidated balance sheets. The program resulted in a pre-tax loss of \$2.4 million and \$6.7 million for the three and nine months ended September 30, 2024, respectively. The program resulted in a pre-tax loss of \$2.0 million and \$5.9 million for the three and nine months ended September 30, 2023, respectively.

The fair value of the sold accounts receivable approximated their book value due to their short-term nature. Sold accounts receivable are presented as a change in receivables within operating activities in the condensed consolidated statements of cash flows.

BR Exar AR Facility

On February 12, 2024, certain of the Company's subsidiaries entered into a receivables purchase agreement with BR Exar, LLC ("BREL"), an affiliate of B. Riley Commercial Capital, LLC (as subsequently amended on February 29, 2024, March 29, 2024, March 31, 2024, April 24, 2024, May 24, 2024, June 25, 2024, July 29, 2024, August 13, 2024, August 30, 2024 and September 27, 2024 the "BR Exar AR Facility"). The Company received an aggregate of \$45.0 million, net of legal and other fees of \$0.4 million, under the BR Exar AR Facility. Under the terms of the BR Exar AR Facility, certain of the Company's subsidiaries agreed to sell certain existing receivables and all of their future receivables to BREL until such time as BREL shall have collected \$50.0 million, net of any costs, expenses or other amounts paid to or owing to the buyer under the agreement. BREL collected \$41.3 million under the BR Exar AR Facility during the period from February 2024 to September 2024. As of September 30, 2024, there was a \$8.7 million outstanding balance under the BR Exar AR Facility.

Under the BR Exar AR Facility, transfers of accounts receivable from certain of the Company's subsidiaries are treated as secured borrowings under ASC 860, *Transfers and Servicing* and are not accounted for as a reduction in accounts receivable because the agreements do not transfer effective control over and risk related to the accounts receivable to BREL. Accordingly, the Company treated total of \$0.4 million of legal fee and other expense incurred under the BR Exar AR Facility as debt issuances cost and \$4.5 million of difference between the net proceeds received by the Company and total amount collected by BREL under the BR Exar AR Facility as original issue discount. Debt issuance cost and original issue discount relating to the BR Exar AR Facility are included in interest expense, net in the condensed consolidated statements of operations for the three and nine months ended September 30, 2024.

Second Lien Note

On February 27, 2023, the SPEs and B. Riley Commercial Capital, LLC entered into a new Secured Promissory Note (which was subsequently assigned to BRF Finance) pursuant to which B. Riley Commercial Capital, LLC agreed to lend up to \$35.0 million secured by a second lien pledge of the Securitization Borrower (the "Second Lien Note"). The Second Lien Note is scheduled to mature on June 17, 2025 and bears interest at a per annum rate of one-month Term SOFR plus 7.5%. The SPEs are party to the Amended Receivables Purchase Agreement, thus the transactions necessitated amendments to that agreement and related documents to permit the addition of subordinated debt and additional borrowing capacity into that transaction structure, in addition to providing for a \$5.0 million fee to the lenders for facilitating the transaction. In connection with the above-described facility, the Company also amended the BRCC Term Loan and BRCC Revolver to provide for \$9.6 million of borrowing capacity, which was drawn as described above.

As of September 30, 2024, after repurchases (discussed above), there were borrowings of \$27.5 million outstanding under the Second Lien Note payable at maturity.

Long-Term Debt Outstanding

As of September 30, 2024 and December 31, 2023, the following long-term debt instruments were outstanding:

	September 30, 2024	December 31, 2023
Other (a)	\$ 37,865	\$ 21,101
Secured borrowings under BR Exar AR Facility (b)	7,857	—
Senior secured term loan maturing January 14, 2026 (c)	37,177	37,921
July 2026 Notes maturing July 15, 2026 (d)	23,091	22,788
April 2026 Notes maturing April 15, 2026 (e)	941,524	931,293
Secured borrowings under BRCC Facility matured on June 10, 2023	5,896	19,898
Second lien note maturing June 17, 2025 (f)	25,846	27,608
Total debt	1,079,256	1,060,609
Less: Current portion of long-term debt	(51,184)	(30,029)
Long-term debt, net of current maturities	<u>\$ 1,028,072</u>	<u>\$ 1,030,580</u>

- (a) Other debt represents outstanding loan balances associated with various hardware and software purchases, and maintenance and leasehold improvements, along with other loans and receivables factoring arrangements entered into by subsidiaries of the Company. Other debt includes \$17.3 million and \$12.8 million of outstanding balances under certain revolving credit facilities of XBP Europe as of September 30, 2024 and December 31, 2023, respectively, and \$14.1 million and \$3.8 million of outstanding term loans of XBP Europe as of September 30, 2024 and December 31, 2023, respectively.
- (b) Net of unamortized net original issue discount of \$0.8 million and less than \$0.1 million of debt issuance as of September 30, 2024.
- (c) Net of unamortized debt issuance costs of \$1.1 million and net original issue discount of \$0.7 million as of September 30, 2024; and unamortized net original issue discount of \$1.6 million as of December 31, 2023.
- (d) Net of unamortized net original issue discount of \$0.7 million and debt issuance costs of \$0.2 million as of September 30, 2024; and unamortized net original issue discount of \$0.9 million and debt issuance costs of \$0.2 million as of December 31, 2023.
- (e) Inclusive of unamortized net debt exchange premium of \$79.3 million and \$119.4 million as of September 30, 2024 and December 31, 2023, respectively.
- (f) Net of unamortized debt issuance costs of \$1.7 million and \$3.9 million as of September 30, 2024 and December 31, 2023, respectively.

6. Income Taxes

The Company applies an estimated annual effective tax rate (“ETR”) approach for calculating a tax provision for interim periods, as required under GAAP. The Company recorded an income tax expense of \$4.8 million and \$1.8 million for the three months ended September 30, 2024 and 2023, respectively. The Company recorded an income tax expense of \$9.9 million and \$7.0 million for the nine months ended September 30, 2024 and 2023, respectively.

The Company expects U.S. consolidated taxable income for the year ended December 31, 2024, primarily due to inability to deduct most interest expense in accordance with Internal Revenue Code (IRC) Section 163(j). Since the enactment of IRC 163(j), the Company has been able to claim net operating loss deductions to eliminate U.S. consolidated tax liabilities. On July 11, 2023, a supplemental indenture was entered into with respect to the July 2026 Notes, which generated significant cancellation of indebtedness income (CODI) for tax purposes, most of which was excluded from taxable income. Under the provisions of IRC Section 108, on January 1, 2024 the Company reduced tax attributes, including all its Exela U.S. consolidated net operating loss carryforwards and tax credits. Accordingly, in 2024 the Company will generate current U.S. consolidated tax liabilities, which is reflected in the income tax expense for the three and nine months ended September 30, 2024.

The Company's ETR of (23.6)% and (14.7)% for the three and nine months ended September 30, 2024 differed from the expected U.S. statutory tax rate of 21.0% and was primarily impacted by permanent tax adjustments, state and local current tax expense, foreign operations, remeasurement of existing uncertain tax positions, and valuation allowances, including valuation allowances on a portion of the Company's deferred tax assets on U.S. disallowed interest expense carryforwards under the provisions of The Tax Cuts and Jobs Act ("TCJA").

For the three and nine months ended September 30, 2023, the Company's ETR of (8.5)% and (7.6)% differed from the expected U.S. statutory tax rate of 21.0% and was primarily impacted by permanent tax adjustments, state and local current tax expense, foreign operations, and valuation allowances, including valuation allowances on a portion of the Company's deferred tax assets on U.S. disallowed interest expense carryforwards under the provisions of the TCJA.

During the nine months ended September 30, 2024, the Company's liability for unrecognized tax benefits (including interest and penalty) increased by \$2.9 million due to remeasurement of existing uncertain tax positions in Germany and Canada.

The Organization for Economic Co-operation and Development reached agreement on Pillar Two Model Rules ("Pillar Two") to implement a minimum 15.0% tax rate on certain multinational companies. Participating countries are in various stages of proposing and enacting tax laws to implement the Pillar Two framework. We determined these rules did not have a material impact on our taxes for the nine months ended September 30, 2024 and will continue to evaluate the impact of these proposals and legislative changes as new guidance emerges.

7. Employee Benefit Plans

German Pension Plan

The Company's subsidiary in Germany provides pension benefits to certain retirees. Employees eligible for participation include all employees who started working for the Company or its predecessors prior to September 30, 1987 and have finished a qualifying period of at least 10 years. The Company accrues the cost of these benefits over the service lives of the covered employees based on an actuarial calculation. The Company uses a December 31 measurement date for this plan. The German pension plan is an unfunded plan and therefore has no plan assets. No new employees are registered under this plan and the participants who are already eligible to receive benefits under this plan are no longer employees of the Company.

U.K. Pension Plan

The Company's subsidiary in the United Kingdom provides pension benefits to certain retirees and eligible dependents. Employees eligible for participation include all full-time regular employees who were more than three years from retirement prior to October 2001. A retirement pension or a lump-sum payment may be paid dependent upon length of service at the mandatory retirement age. The Company accrues the cost of these benefits over the service lives of the covered employees based on an actuarial calculation. The Company uses a December 31 measurement date for this plan. No new employees are registered under this plan and the pension obligation for the existing participants of the plan is calculated based on actual salary of the participants as at the earlier of two dates, the participants leaving the Company or December 31, 2015.

Norway Pension Plan

The Company's subsidiary in Norway provides pension benefits to eligible retirees and eligible dependents. Employees eligible for participation include all employees who were more than three years from retirement prior to March 2018. The Company accrues the cost of these benefits over the service lives of the covered employees based on an actuarial calculation. The Company uses a December 31 measurement date for this plan. No new employees are registered under this plan and the pension obligation for the existing participants of the plan is calculated based on actual salary of the participants as at the later of two dates, the participants leaving the Company or April 30, 2018.

Asterion Pension Plan

In April 2018, through its acquisition of Asterion International Group, the Company became obligated to provide pension benefits to eligible retirees and eligible dependents of Asterion. Employees eligible for participation include all full-time regular employees who were more than three years from retirement prior to July 2003. A retirement pension or a lump-sum payment may be paid dependent upon length of service at the mandatory retirement age. The Company accrues the cost of these benefits over the service lives of the covered employees based on an actuarial calculation. The Company uses a December 31 measurement date for this plan. No new employees are registered under this plan and the pension obligation for the existing participants of the plan is calculated based on actual salary of the participants as at the earlier of two dates, the participants leaving the Company or April 10, 2018.

Tax Effect on Accumulated Other Comprehensive Loss

As of September 30, 2024 and December 31, 2023 the Company recorded actuarial gain of \$0.7 million and actuarial losses of \$0.2 million in accumulated other comprehensive loss on the condensed consolidated balance sheets, respectively, which is net of a deferred tax benefit of \$2.0 million for each period.

Pension Expense

The components of the net periodic benefit cost are as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2024	2023	2024	2023
Service cost	\$ 9	\$ 10	\$ 28	\$ 30
Interest cost	761	766	2,243	2,275
Expected return on plan assets	(748)	(682)	(2,203)	(2,025)
Amortization:				
Amortization of prior service cost	—	89	—	266
Amortization of net loss	313	395	925	1,171
Net periodic benefit cost	<u>\$ 335</u>	<u>\$ 578</u>	<u>\$ 993</u>	<u>\$ 1,717</u>

The Company records pension interest cost within interest expense, net. Expected return on plan assets, amortization of prior service costs, and amortization of net losses are recorded within other expense (income), net. Service cost is recorded within cost of revenue.

Employer Contributions

The Company's funding of employer contributions is based on governmental requirements and differs from those methods used to recognize pension expense. The Company made contributions of \$1.3 million and \$1.9 million to its pension plans during the nine months ended September 30, 2024 and 2023, respectively. The Company has plans to fund the pension plans with the required contributions for 2024 based on current plan provisions.

8. Commitments and Contingencies**Contract Claim**

On October 24, 2018, HOV Services, Inc., a subsidiary of the Company ("HOV Services"), filed a lawsuit against ASG Technologies Group, Inc. ("ASG") that sought to terminate the renewal of licensing agreement between the parties. HOV Services alleged that the licensing agreement was renewed under duress and brought claims against ASG under the Computer Fraud and Abuse Act, 18 U.S.C. § 1030 et seq., the Stored Communications Act, 18 U.S.C. § 2701 et seq., and various common law doctrines. ASG subsequently brought counterclaims asserting breach of contract and other allegations. On February 27, 2024, a judge granted ASG's motion for directed verdict on its breach of contract claim and awarded ASG \$2.5 million in damages plus interest. On February 29, 2024, the jury found in favor of ASG on all remaining claims and awarded ASG damages in the amount of approximately \$0.7 million plus interest, for a total

award of approximately \$4.7 million in the case. As of September 30, 2024 and December 31, 2023, the Company accrued \$4.7 million for this matter included in accrued liabilities on the condensed consolidated balance sheets, but has not discharged the amount due under this case.

Business Interruption Insurance Claim

During the second half of 2022, the Company experienced a network security incident (the “2022 Network Outage”) impacting certain of the Company’s operational and information technology systems. As a result of the 2022 Network Outage, the Company experienced lost revenue and incurred certain incremental costs. On August 29, 2023, the Company submitted a claim to its insurers for \$44.6 million in covered losses related to the 2022 Network Outage (the “August 2023 Claim”). During the year 2023, the Company received insurance proceeds of \$10.8 million in respect of business interruption claims from its underlying and first excess carriers. On April 17, 2024, the Company commenced an action (the “Insurance Lawsuit”) against two excess-layer insurers (collectively, the “Second Excess Insurers”) seeking a declaratory judgment and alleging breach of contract and bad faith for failing to pay out their share of losses connected to the August 2023 Claim. On August 9, 2024, the Company settled its claim against one of the Second Excess Insurers for \$3.6 million, and on October 15, 2024, the Company settled its claim against the other Second Excess Insurers for \$3.6 million (less amounts already paid). The Company recorded insurance claims settlement proceeds of \$3.6 million within selling, general and administrative expenses (exclusive of depreciation and amortization) in the condensed consolidated statements of operations for the three and nine months ended September 30, 2024 and included in net cash provided by operating activities in the condensed consolidated statement of cash flows for the nine months ended September 30, 2024. On October 8, 2024, the Company moved to amend the complaint (the “Amended Complaint”) to add two additional excess-layer insurers to the Insurance Lawsuit. The Amended Complaint was filed on October 24, 2024. At this time, it is not practicable to render an opinion regarding the outcome of this matter; however, the Company believes it has meritorious claims and plans to vigorously assert them.

Contract-Related Contingencies

The Company has certain contingent obligations that arise in the ordinary course of providing services to its customers. These contingencies are generally the result of contracts that require the Company to comply with certain performance measurements or the delivery of certain services to customers by a specified deadline. The Company believes the adjustments to the transaction price, if any, under these contract provisions will not result in a significant revenue reversal or have a material adverse effect on the Company’s condensed consolidated balance sheets, condensed consolidated statements of operations or condensed consolidated statements of cash flows.

9. Fair Value Measurement

Assets and Liabilities Measured at Fair Value

The carrying amount of assets and liabilities including current portion of other debt approximated their fair value as of September 30, 2024 and December 31, 2023, due to the relative short maturity of these instruments. Management estimates the fair values of the July 2026 Notes and the April 2026 Notes at approximately 20.0% and 15.0%, respectively, of the respective principal balances outstanding as of September 30, 2024. Management estimated the fair values of the July 2026 Notes and the April 2026 Notes at approximately 24.0% and 16.5%, respectively, of the respective principal balance outstanding as of December 31, 2023. The fair values of secured borrowings under the Company’s securitization facility, BRCC Facility, Second Lien Note and Senior Secured Term Loan are equal to the respective carrying values. Other debt represents the Company’s outstanding loan balances associated with various hardware, software purchases, maintenance and leasehold improvements along with loans and receivables factoring arrangement entered into by subsidiaries of the Company and as such, the cost incurred would approximate fair value. Property and equipment, intangible assets, capital lease obligations, and goodwill are not required to be re-measured to fair value on a recurring basis. These assets are evaluated for impairment if certain triggering events occur. If such evaluation indicates that impairment exists, the respective asset is written down to its fair value.

The Company determined the fair value of its long-term debt and current portion of long-term debts using Level 2 inputs, including any recent issuance of the debt, the Company’s credit rating, and the current market rate.

The Company determined the fair value of private warrants liability of XBP Europe included in the other long-term liabilities in the condensed consolidated balance sheets as of September 30, 2024 and December 31, 2023 under Level 3 fair value measurement using the Black-Scholes option pricing model.

The following table provides the carrying amounts and estimated fair values of the Company’s financial instruments as of September 30, 2024 and December 31, 2023:

As of September 30, 2024	Carrying Amount	Fair Value	Fair Value Measurements		
			Level 1	Level 2	Level 3
Recurring assets and liabilities:					
Long-term debt	\$ 1,028,072	\$ 197,585	\$ —	\$ 197,585	\$ —
Current portion of long-term debts	51,184	51,184	—	51,184	—
Private warrants liability of XBP Europe	5	5	—	—	5
As of December 31, 2023					
	Carrying Amount	Fair Value	Fair Value Measurements		
			Level 1	Level 2	Level 3
Recurring assets and liabilities:					
Long-term debt	\$ 1,030,580	\$ 216,213	\$ —	\$ 216,213	\$ —
Current portion of long-term debts	30,029	30,029	—	30,029	—
Private warrants liability of XBP Europe	50	50	—	—	50

The significant unobservable inputs used in the fair value of the private warrants liability of XBP Europe are assumptions related to the inputs of exercise price, fair value of the underlying XBP Europe common stock, risk-free interest rate, expected term, expected volatility, and expected dividend yield. Significant increases (decreases) in the discount rate would have resulted in a lower (higher) fair value measurement. Significant increases (decreases) in the forecasted financial information would have resulted in a higher (lower) fair value measurement. For all significant unobservable inputs used in the fair value measurement of the Level 3 liabilities, a change in one of the inputs would not necessarily result in a directionally similar change in the fair value.

The following table reconciles the beginning and ending balances of net assets and liabilities classified as Level 3 for which a reconciliation is required:

	September 30, December 31,	
	2024	2023
Balance at beginning of period	\$ 50	\$ 647
Reduction in the fair value of the private warrants liability of XBP Europe	(45)	(597)
Balance at end of period	\$ 5	\$ 50

10. Stock-Based Compensation

Exela 2018 Stock Incentive Plan

On January 17, 2018, Exela’s 2018 Stock Incentive Plan (the “2018 Plan”) became effective. The 2018 Plan provides for the grant of incentive and nonqualified stock options, restricted stock, restricted stock units, stock appreciation rights, performance awards, and other stock-based compensation to eligible participants. The Company was initially authorized to issue up to 694 shares of Common Stock under the 2018 Plan. On June 27, 2022, the shareholders of the Company approved the Company’s Amended and Restated 2018 Stock Incentive Plan increasing the number of shares of Common Stock reserved for issuance from an original 694 shares to 4,462.

Exela 2024 Stock Incentive Plan

On June 13, 2024, Exela’s 2024 Stock Incentive Plan (the “2024 Plan”) became effective. Under the 2024 Plan, subject to adjustment for certain changes in capitalization or other corporate events, Exela is authorized to issue up to

500,000 shares of Common Stock pursuant to equity-based awards, which may be granted to eligible participants in furtherance of Exela’s broader compensation strategy and philosophy. Awards granted under the 2024 Plan will be granted upon terms approved by Exela’s Compensation Committee and set forth in an award agreement or other evidence of an award. As of September 30, 2024, there were no awards and no shares of Common Stock issued under the 2024 Plan.

Restricted Stock Unit granted under the 2018 Plan

Restricted stock unit awards generally vest ratably over a one to two year period. Restricted stock units are subject to forfeiture if employment or service terminates prior to vesting and are expensed ratably over the vesting period.

A summary of restricted stock unit activities under the 2018 Plan for the nine months ended September 30, 2024 is summarized in the following table:

	Number of Units	Weighted Average Grant Date Fair Value	Average Remaining Contractual Life (Years)
Outstanding Balance as of December 31, 2023	8	\$ 6,600.00	—
Granted	—	—	
Forfeited	—	—	
Vested	(8)	6,600.00	
Outstanding Balance as of September 30, 2024	—	\$ —	—

Options granted under the 2018 Plan

Under the 2018 Plan, stock options are granted at a price per share not less than 100% of the fair market value per share of the underlying stock at the grant date. The vesting period for each option award is established on the grant date, and the options generally expire 10 years from the grant date. Options granted under the 2018 Plan generally require no less than a two or four year ratably vesting period. Stock option activity for the nine months ended September 30, 2024 is summarized in the following table:

	Outstanding	Weighted Average Grant Date Fair Value	Weighted Average Exercise Price	Average Remaining Vesting Period (Years)
Outstanding Balance as of December 31, 2023	313	\$ 22,224	\$ 46,485	0.02
Granted	—	—		
Exercised	—	—		
Forfeited	(16)	15,722		
Expired	—	—		
Outstanding Balance as of September 30, 2024 (1)	297	\$ 22,579	\$ 47,157	—

- (1) 297 of the outstanding options are exercisable as of September 30, 2024. Exercise prices of all of the outstanding options as of September 30, 2024 were higher than the market price of the shares of the Company. Therefore, aggregate intrinsic value was zero.

As of September 30, 2024, there was no unrecognized compensation expense related to non-vested stock option awards under the 2018 Plan. Stock-based compensation expense is recorded within selling, general, and administrative expenses. The Company recorded net reversal of compensation expense of less than \$0.1 million due to forfeiture of options and recorded compensation expense of \$0.9 million related to restricted stock unit awards and stock option awards under the 2018 Plan for the three and nine months ended September 30, 2024, respectively. The Company recorded compensation expenses of less than \$0.1 million and net reversal of compensation expense of \$0.1 million related to restricted stock unit awards and stock option awards under the 2018 Plan for the three and nine months ended September 30, 2023, respectively, due to forfeiture of options.

XBP Europe 2024 Stock Incentive Plan

On June 13, 2024, the stockholders of XBP Europe approved and adopted XBP Europe’s 2024 Stock Incentive Plan (the “XBP 2024 Equity Plan”) at XBP Europe’s 2024 Annual Meeting of Stockholders. Under the XBP 2024 Equity Plan, subject to adjustment for certain changes in capitalization or other corporate events, XBP Europe is authorized to issue up to 5,520,270 shares of common stock pursuant to equity-based awards, which may be granted to eligible participants in furtherance of XBP Europe’s broader compensation strategy and philosophy. Awards granted under the 2024 Equity Plan will be granted upon terms approved by XBP Europe’s Compensation Committee and set forth in an award agreement or other evidence of an award. As of September 30, 2024, there were no shares of XBP Europe’s common stock issued under the XBP 2024 Equity Plan. However, restricted stock unit and stock options were issued under the XBP 2024 Equity Plan.

Restricted Stock Unit granted under the XBP 2024 Equity Plan

Restricted stock unit awards generally vest ratably over a less than a year to three year period. Restricted stock units are subject to forfeiture if employment or service terminates prior to vesting and are expensed ratably over the vesting period.

A summary of restricted stock unit activities under the XBP 2024 Equity Plan for the nine months ended September 30, 2024 is summarized in the following table:

	Number of Units	Weighted Average Grant Date Fair Value	Average Remaining Contractual Life (Years)
Granted	3,325,329	\$ 1.24	
Forfeited	—	—	
Vested	—	—	
Outstanding Balance as of September 30, 2024	3,325,329	\$ 1.24	2.44

Options granted under the XBP 2024 Equity Plan

Under the XBP 2024 Equity Plan, stock options are granted at a price per share not less than 100% of the fair market value per share of the underlying stock at the grant date. The vesting period for each option award is established on the grant date, and the options generally expire ten (10) years from the grant date. Stock options granted under the XBP 2024 Equity Plan generally require no less than a four (4) year ratably vesting period. Stock option activity for the nine months ended September 30, 2024 is summarized in the following table:

	Outstanding	Weighted Average Grant Date Fair Value	Weighted Average Exercise Price	Average Remaining Vesting Period (Years)
Granted	95,000	\$ 0.58	\$	
Exercised	—	—	—	
Forfeited	—	—	—	
Expired	—	—	—	
Outstanding Balance as of September 30, 2024 (1)	95,000	\$ 0.58	\$ 1.31	3.58

- (1) None of the outstanding options are exercisable as of September 30, 2024. Exercise prices of all of the outstanding options as of September 30, 2024 were higher than the market price of the shares of XBP Europe. Therefore, aggregate intrinsic value was zero.

As of September 30, 2024, there was \$3.3 million of total unrecognized compensation expense related to non-vested restricted stock unit awards and stock option awards issued by XBP Europe under the XBP 2024 Equity Plan, which will be recognized over the respective service period. Stock-based compensation expense is recorded within selling, general, and administrative expenses. The Company recorded total compensation expense of \$0.7 million and \$0.9 million

related to restricted stock unit awards and stock option awards issued by XBP Europe under the XBP 2024 Equity Plan for the three and nine months ended September 30, 2024, respectively.

Market Performance Units

On September 14, 2021, the Company granted its Executive Chairman performance units with a market performance condition, which are notional units representing the right to receive one share of Common Stock (or the cash value of one share of Common Stock). At the election of the compensation committee of the Company, these performance units might be settled in cash or in shares of Common Stock.

Fifty percent of the performance units covered by the award will vest if, at any time during the period commencing September 14, 2021 and ending June 30, 2024, the volume weighted average of the reported closing price of the Common Stock is \$40,000 per share or greater on (x) 60 consecutive trading days or (y) 90 non-consecutive trading days in any 180 day period (the “Tranche 1”). In addition, the remaining 50% of the performance units will vest if, at any time during the period commencing September 14, 2021 and ending June 30, 2025, the volume weighted average of the reported closing prices of the Common Stock is \$80,000 per share or greater on (x) 60 consecutive trading days or (y) 90 non-consecutive trading days in any 180 day period (the “Tranche 2”). Any Tranche 1 and Tranche 2 units that are not earned by June 30, 2024 and June 30, 2025, respectively, will be forfeited for no consideration and will no longer be eligible to vest. Tranche 1 was not earned as of June 30, 2024 and accordingly, was forfeited for no consideration. In addition, if a change in control occurs prior to the applicable expiration date, if the performance units are assumed by the acquirer, the units will remain outstanding and eligible to vest based solely on his continued service to the Company. If in connection with such change in control the performance units are not assumed by an acquirer, a number of performance units will vest based on the per share price paid in the transaction, with 0% vesting if the per share price is equal to or less than \$8,000 per share, and 100% of the Tranche 2 vesting if the per share price is equal to or greater than \$80,000, and a number of Tranche 2 vesting determined based on a straight line interpolation if the share price is between \$8,000 and \$80,000, respectively. The Executive Chairman will remain eligible to earn his performance units so long as he remains engaged with the Company in any capacity, including as a non-employee director.

The fair value of the awards was determined to be \$5,920 and \$6,040 per unit for Tranche 1 and Tranche 2, respectively, on the grant date by application of the Monte Carlo simulation model. On December 31, 2021, the modification date fair value of the awards was determined to be \$1,760 and \$1,880 per unit for Tranche 1 and Tranche 2, respectively, by application of the Monte Carlo simulation model.

The following table summarizes the activity for the market performance restricted stock units for the nine months ended September 30, 2024:

	Number of Units	Weighted Average Fair Value	Remaining Service Period Over Which Expected to be Recognized
Outstanding Balance as of December 31, 2023	2,125	\$ 1,820	0.98
Granted	—	—	
Forfeited	(1,062)	1,760	
Vested	—	—	
Outstanding Balance as of September 30, 2024	1,063	\$ 1,880	0.73

As of September 30, 2024, there was approximately \$0.3 million of unrecognized compensation expense related to non-vested performance unit awards, which will be recognized over the requisite service period. The Company recognized \$0.1 million and \$0.5 million of compensation expense associated with the performance unit award for the three and nine months ended September 30, 2024, respectively. The Company recorded total compensation expense of \$0.2 million and \$0.7 million associated with the performance unit award for the three and nine months ended September 30, 2023, respectively.

11. Stockholders' Equity

The following description summarizes the material terms and provisions of the securities that the Company has authorized.

Common Stock

The Company is authorized to issue 1,600,000,000 shares of Common Stock. Except as otherwise required by law or as otherwise provided in any certificate of designation for any series of preferred stock, the holders of the Company's Common Stock and Tandem Preferred Stock (that provides a vote to holders of the Company's Series B Preferred Stock, as described below) possess all voting power for the election of the Company's board of directors (the "Board") and all other matters requiring stockholder action and will at all times vote together as one class on all matters submitted to a vote of Exela stockholders. Holders of the Company's Common Stock are entitled to one vote per share on matters to be voted on by stockholders. Holders of the Company's Common Stock will be entitled to receive such dividends and other distributions, if any, as may be declared from time to time by the Board in its discretion out of funds legally available therefor and shall share equally on a per share basis in such dividends and distributions. The holders of the Common Stock have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the Common Stock. As of September 30, 2024, there were 6,365,363 shares of Common Stock outstanding.

Share Buyback Program

On August 10, 2022, the Board authorized a share buyback program (the "2022 Share Buyback Program"), pursuant to which the Company is permitted to repurchase up to 50,000 shares of Common Stock over the next two-year period. The 2022 Share Buyback Program does not obligate the Company to repurchase any shares of Common Stock. No shares were repurchased under the 2022 Share Buyback Program during the nine months ended September 30, 2024 and 2023. As of September 30, 2024, the Company had repurchased and concurrently retired 1,787 shares of Common Stock pursuant to the 2022 Share Buyback Program.

The Company records such stock repurchases as a reduction to stockholders' equity. The Company allocates the excess of the repurchase price over the par value of shares acquired to accumulated deficit and additional paid-in capital. The portion allocated to additional paid-in capital is determined by dividing the number of shares to be retired by the number of shares issued multiplied by the balance of additional paid-in capital as of the retirement date.

Series A Preferred Stock

The Company is authorized to issue 20,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board. The Company has designated 2,800,000 shares of its authorized preferred stock as Series A Preferred Stock. The rights and preferences of the Series A Preferred Stock are defined in the Certificate of Designations, Preferences, Rights and Limitations of Series A Perpetual Convertible Preferred Stock of the Company, dated July 12, 2017 (the "Series A Certificate of Designations"). At September 30, 2024, the Company had 2,778,111 shares of Series A Preferred Stock outstanding. The par value of the Series A Preferred Stock is \$0.0001 per share. Each share of Series A Preferred Stock is convertible at the holder's option, at any time into the number of shares of Common Stock determined as of the date of conversion using a certain conversion formula that takes into account the amount of Liquidation Preference per share as adjusted for accrued but unpaid dividends, as described below. As of September 30, 2024, after taking into account the effect of the Reverse Stock Split, each outstanding share of Series A Preferred Stock was convertible into 0.000156 shares of Common Stock using this conversion formula. Accordingly, as of September 30, 2024, 434 shares of Common Stock were issuable upon conversion of 2,778,111 shares of outstanding Series A Preferred Stock.

Holders of the Series A Preferred Stock are entitled to receive cumulative dividends at a rate per annum of 10% of the dollar amount of per share liquidation preference (plus accumulated but unpaid dividends, the "Series A Liquidation Preference") per share of Series A Preferred Stock, paid or accrued quarterly in arrears on the 15th day of each March, June, September and December. From the issue date through September 30, 2024, the amount of all accrued

but unpaid dividends on the Series A Preferred Stock have been added to the Series A Liquidation Preference. The Company shall add the amount of all accrued but unpaid dividends on each quarterly dividend payment date to the Series A Liquidation Preference, except to the extent the Company elects to make all or any portion of such payment in cash on or prior to the applicable dividend payment date, in which case, the amount of the accrued but unpaid dividends that is added to the Series A Liquidation Preference shall be reduced on a dollar-for-dollar basis by the amount of any such cash payment. The aggregate Series A Liquidation Preference amount was \$45.3 million as of September 30, 2024 (at \$8 per share inclusive of accrued dividends as of such date as described below). The Company is not required to make any payment or allowance for unpaid dividends, whether or not in arrears, on converted shares of Series A Preferred Stock or for dividends on the shares of Common Stock issued upon conversion of such shares. The gross dividend accumulation for the three and nine months ended September 30, 2024 was \$1.1 million and \$3.2 million, respectively, as reflected on the condensed consolidated statements of operations. The gross dividend accumulation for the three and nine months ended September 30, 2023 was \$1.0 million and \$2.9 million, respectively, as reflected on the condensed consolidated statements of operations. As of September 30, 2024, the total accumulated but unpaid dividends on the Series A Preferred Stock since inception on July 12, 2017 was \$23.1 million. The per share average of cumulative preferred dividends for the three and nine months ended September 30, 2024 was \$0.40 and \$1.16, respectively. The per share average of cumulative preferred dividends for the three and nine months ended September 30, 2023 was \$0.36 and \$1.05, respectively.

In addition, holders of the Series A Preferred Stock will participate in any dividend or distribution of cash or other property paid in respect of the Common Stock pro rata with the holders of the Common Stock (other than certain dividends or distributions that trigger an adjustment to the conversion rate, as described in the Series A Certificate of Designations), as if all shares of Series A Preferred Stock had been converted into Common Stock immediately prior to the date on which such holders of the Common Stock became entitled to such dividend or distribution.

Following the occurrence of a "Fundamental Change," as defined in the Series A Certificate of Designations, if the Company does not redeem the Series A Preferred Stock, holders of the Series A Preferred Stock may convert their entire accumulated Series A Liquidation Preference into Common Stock for fifteen days following the effective date of the Fundamental Change based on the greater of (i) the price to be paid (or deemed paid) per share of Common Stock in such transaction or the average closing price of the Common Stock on the 20 consecutive trading days immediately preceding the effective date of the Fundamental Change (or, such lesser number of trading days as shall follow the public announcement of such transaction) and (ii) \$0.10. The maximum number of shares of Common Stock issuable upon such conversion will not exceed 85% of the total number of shares of Common Stock outstanding on a fully-diluted basis.

Series B Preferred Stock and Tandem Preferred Stock

The Company has designated 8,100,000 shares of its authorized preferred stock as Series B Preferred Stock. The rights and preferences of the Series B Preferred Stock are defined in the Certificate of Designations, Preferences, Rights and Limitations of Series B Cumulative Convertible Perpetual Preferred Stock of the Company, dated March 10, 2022 (the "Series B Certificate of Designations"). At September 30, 2024, the Company had 3,029,900 shares of Series B Preferred Stock outstanding. The par value of the Series B Preferred Stock is \$0.0001 per share. Each share of Series B Preferred Stock is convertible at the holder's option, at any time into the number of shares of Common Stock determined as of the date of conversion using a certain conversion formula that takes into account the amount of liquidation preference per share as adjusted for accrued but unpaid dividends, as described below. As of September 30, 2024, after taking into account the effect of the Reverse Stock Split and payment of the accrued dividend, each outstanding share of Series B Preferred Stock was convertible into 0.00563 of one share of Common Stock using this conversion formula. Accordingly, as of September 30, 2024, 17,066 shares of Common Stock were issuable upon conversion of 3,029,900 shares of outstanding Series B Preferred Stock.

Holders of the Series B Preferred Stock are entitled to receive cumulative dividends at a rate per annum of 6% of the dollar amount of per share liquidation preference (plus accumulated but unpaid dividends, the "Series B Liquidation Preference") per share of Series B Preferred Stock, paid or accrued quarterly in arrears on the last day of each of March, June, September and December. The Company shall add the amount of all accrued but unpaid dividends on each quarterly dividend payment date to the Series B Liquidation Preference, except to the extent the Company elects

to make all or any portion of such payment in cash on or prior to the applicable dividend payment date, in which case, the amount of the accrued but unpaid dividends that is added to the Series B Liquidation Preference shall be reduced on a dollar-for-dollar basis by the amount of any such cash payment. The aggregate Series B Liquidation Preference was \$85.3 million as of September 30, 2024 (at \$25 per share inclusive of accrued dividends as of such date as described below). The Company is not required to make any payment or allowance for unpaid dividends, whether or not in arrears, on converted shares of Series B Preferred Stock or for dividends on the shares of Common Stock issued upon conversion of such shares. The gross dividend accumulation was \$1.3 million and \$3.7 million for the three and nine months ended September 30, 2024, respectively, as reflected on the condensed consolidated statements of operations. The gross dividend accumulation was \$1.2 million and \$3.5 million for the three and nine months ended September 30, 2023, respectively, as reflected on the condensed consolidated statements of operations. As of September 30, 2024, the total accumulated but unpaid dividends on the Series B Preferred Stock since inception on March 23, 2022 was \$9.6 million. The per share average of cumulative preferred dividends for the three and nine months ended September 30, 2024 was \$0.42 and \$1.23, respectively. The per share average of cumulative preferred dividends for the three and nine months ended September 30, 2023 was \$0.39 and \$1.16, respectively.

In addition, holders of the Series B Preferred Stock will participate in any dividend or distribution of cash or other property paid in respect of the Common Stock pro rata with the holders of the Common Stock (other than certain dividends or distributions that trigger an adjustment to the conversion rate, as described in the Series B Certificate of Designations), as if all shares of Series B Preferred Stock had been converted into Common Stock immediately prior to the date on which such holders of the Common Stock became entitled to such dividend or distribution. Holders of Series B Preferred Stock also have rights to vote for the election of one additional director to serve on the Board, if dividends on Series B Preferred Stock are in arrears for eight or more consecutive quarters, until all unpaid and accumulated dividends on the Series B Preferred Stock have been paid or declared and a sum sufficient for payment is set aside for such payment.

On May 17, 2022, the Company issued one share of tandem preferred stock, par value \$0.0001 per share (the "Tandem Preferred Stock"), as a dividend on its existing shares of outstanding Series B Preferred Stock. The rights and preferences of the Tandem Preferred Stock are defined in the Certificate of Designations, Preferences, Rights and Limitations of the Tandem Preferred Stock of the Company, dated May 17, 2022 (the "Tandem Certificate of Designations"). Any issuance of Series B Preferred Stock after this date shall be automatically accompanied by an equal number of shares of Tandem Preferred Stock. Tandem Preferred Stock are embedded in the Series B Preferred Stock and they provide voting rights to the existing shares of Series B Preferred Stock. Each share of Series B Preferred Stock disclosed in the condensed consolidated balance sheet, the condensed consolidated statements of stockholders' deficit and the notes to the condensed consolidated financial statements embeds one share of Tandem Preferred Stock.

On all matters submitted to a vote of the stockholders of the Company, the holders of the Series B Preferred Stock through their holdings of Tandem Preferred Stock will be entitled to vote with the holders of the Common Stock as a single class. Each share of Tandem Preferred Stock entitles the holder to one vote per share, subject to adjustment for issuance of any shares of Common Stock pursuant to any dividend or distribution on shares of Common Stock, share split or share combination or other transactions as specified in the Tandem Certificate of Designations.

Shares of Tandem Preferred Stock are not entitled to receive dividends of any kind. In the case of a transfer of the underlying Series B Preferred Stock by a holder to any transferee, the Tandem Preferred Stock shall be automatically transferred simultaneously to such transferee without any further action by such Holder. Upon the redemption of a holder's shares of Series B Preferred Stock or the conversion of shares of Series B Preferred Stock into Common Stock, an equal number of such holder's shares of Tandem Preferred Stock shall, without any further action required by the holder, be automatically transferred to the Company for cancellation without the payment of any additional consideration by the Company. In the event of any liquidation, winding-up or dissolution of the Company each holder of the Tandem Preferred Stock shall be entitled to receive and to be paid out of the assets of the Company available for distribution to its stockholders an amount in cash equal to the par value of such Tandem Preferred Stock with respect to each share of Tandem Preferred Stock held by such holder.

Special Voting Preferred Stock

On October 9, 2023, the Company entered into the Subscription, Voting and Redemption Agreement with GP-HGM LLC, an entity affiliated to the Executive Chairman of the Company, pursuant to which GP-HGM LLC purchased 1,000,000 shares of a new class of preferred stock designated as “Special Voting Stock” for an aggregate purchase price of \$100 and agreed to vote all of the shares of Special Voting Stock at the annual meeting of stockholders, held on June 13, 2024 (the “Annual Meeting”), in proportion to the votes cast at the Annual Meeting. Each share of Special Voting Stock was entitled to 20,000 votes per share. The Special Voting Stock were deemed redeemed for an aggregate price of \$100 on the first business day following the Annual Meeting. On July 26, 2024, the Company filed a Certificate of Elimination with the Secretary of State of the State of Delaware retiring all previously redeemed shares of the Special Voting Preferred Stock. There were no Special Voting Stock outstanding as of September 30, 2024.

Warrants

At September 30, 2024, there were warrants outstanding to purchase 1,978 shares of the Company’s Common Stock, consisting of 7,913,637 warrants to purchase one-four thousandth of one share of Common Stock from the private placement that was completed in March 2021. Each private placement warrant entitles the holder to purchase one-four thousandth of one share of Common Stock, at an exercise price of \$16,000.00 per share and will expire on September 19, 2026. The private placement warrants are not listed or traded as of September 30, 2024, and are not subject to mandatory redemption by the Company.

12. Related-Party Transactions

Relationship with HandsOn Global Management

The Company incurred reimbursable travel expenses to HOVS LLC and HandsOn Fund 4 I, LLC (collectively, and together with certain of their affiliated entities managed by HandsOn Global Management LLC, including such entity, “HGM”) of \$0 for each of the three months ended September 30, 2024 and 2023, and \$0 and less than \$0.1 million for the nine months ended September 30, 2024 and 2023, respectively. Par Chadha, the Company’s Executive Chairman, Matthew Brown, the Company’s Interim Chief Financial Officer, and Ron Cogburn, and James Reynolds, members of the Company’s board of directors, are or have been affiliated with HGM. The Company’s Executive Chairman, Par Chadha is currently affiliated with HGM. Messrs. Cogburn and Reynolds were affiliated with HGM until 2020, and Mr. Brown was affiliated with HGM until 2017.

Pursuant to a master agreement dated January 1, 2015 between Rule 14, LLC and a subsidiary of the Company, the Company incurs marketing fees to Rule 14, LLC, a portfolio company of HGM. Similarly, the Company is party to ten master agreements with entities affiliated with HGM’s managed funds, each of which were entered into during 2015 and 2016. Each master agreement provides the Company with use of certain technology and includes a reseller arrangement pursuant to which the Company is entitled to sell these services to third parties. Any revenue earned by the Company in such third-party sales is shared 75%/25% with each of HGM’s venture affiliates in favor of the Company. The brands Zuma, Athena, Peri, BancMate, Spring, Jet, Teletype, CourtQ and Rewardio are part of the HGM managed funds. The Company has the license to use and resell such brands, as described therein. The Company incurred fees relating to these agreements of \$1.9 million and \$2.2 million for the three months ended September 30, 2024 and 2023, respectively, and \$6.0 million and \$6.7 million for the nine months ended September 30, 2024 and 2023, respectively. The Company earned no revenue from third-party sales under the reseller arrangement for the three and nine months ended September 30, 2024 and 2023.

Certain operating companies lease their operating facilities from HOV RE, LLC and HOV Services Limited, which are affiliates under common control with HGM. The rental expense for these operating leases was less than \$0.1 million for each of the three months ended September 30, 2024 and 2023, and \$0.1 million for each of the nine months ended September 30, 2024 and 2023. In addition, HOV Services, Ltd. provides the Company data capture and technology services. The expense recognized for these services was approximately \$0.7 million and \$0.5 million for the three months ended September 30, 2024 and 2023, respectively, and \$1.8 million and \$1.3 million for the nine months

ended September 30, 2024 and 2023, respectively. These expenses are included in cost of revenue in the condensed consolidated statements of operations.

Invoicing Support and Collection Services

On September 1, 2023, the Company, through one of its subsidiaries, entered into a Master Services Agreement (the “Master Services Agreement”) with Doctors of Waikiki LLP (the “DOW”), which is an affiliate under common control with HGM, where the Company could provide services under one or more statement(s) of work (each, a “SOW”) to DOW. Each SOW, together with the terms of the Master Services Agreement, shall be deemed a separate contract that is effective as of date set forth in the SOW. The Company, acting under the first statement of work (SOW-1), provides collection services to DOW to collect past-due medical debts from its patients and insurance companies for which the Company receives a commission of 15% for accounts assigned within one year of the service date and 25% for accounts assigned after one year. Under the second statement of work (SOW-2), the Company manages DOW’s insurance billing and denial management for medical bills generated after patients receive treatment from DOW for which the Company invoices \$2,000 per month for each full-time employee assigned to the project. For the three and nine months ended September 30, 2024, the Company has recognized \$0 and less than \$0.1 million of income, respectively, under these two SOWs.

Sale of April 2026 Notes

The Company, through one of its subsidiaries, entered into a Promissory Note Transfer Agreement (the “First Note Transfer Agreement”), effective as of September 30, 2024, with General Pacific LLC, which is an affiliate managed by HGM (“General Pacific”), where the Company could sell up to \$17.9 million principal amount of the April 2026 Notes to General Pacific for up to \$3.0 million in cash (the “First Note Transfer Purchase Price”). The Company and General Pacific each have the right to terminate the First Note Transfer Agreement, in whole or in part, on or before October 7, 2024. The Company received proceeds of \$3.0 million from General Pacific on or prior to September 30, 2024. General Pacific ultimately purchased \$3.0 million face value of April 2026 Notes for a net sale consideration of \$0.5 million under the First Note Transfer Agreement on September 30, 2024. On October 7, 2024, the Company refunded \$2.5 million of the First Note Transfer Purchase Price. The Company recorded the April 2026 Notes purchased in the net amount of \$0.5 million in long-term debt, net of current maturities in condensed consolidated balance sheet as of September 30, 2024. The Company will amortize the debt discount of \$2.5 million to interest expense from the date of transfer to maturity. In addition, the Company included the \$2.5 million ultimately refunded to General Pacific in cash and cash equivalents and in related party payables in the condensed consolidated balance sheet as of September 30, 2024.

The Company, through one of its subsidiaries, entered into a Promissory Note Transfer Agreement (the “Second Note Transfer Agreement”), effective as of October 31, 2024, with General Pacific where the Company could sell up to \$5.9 million principal amount of the April 2026 Notes to General Pacific for up to \$1.0 million in cash (the “Second Note Transfer Purchase Price”). \$0.8 million of the Second Note Transfer Purchase Price was provided by General Pacific on or prior to execution of the Second Note Transfer Agreement. On November 4, 2024, General Pacific elected to purchase \$0 face value of April 2026 Notes for a net sale consideration of \$0 under the Second Note Transfer Agreement and the Company refunded \$0.8 million of the Second Note Transfer Purchase Price, such amount corresponding to the Second Note Transfer Purchase Price for the unpurchased portion of the April 2026 Notes available for sale under the Second Note Transfer Agreement, back to General Pacific.

Payable and Receivable/Prepaid Balances with Affiliates

Payable and receivable/prepaid balances with affiliates as of September 30, 2024 and December 31, 2023 were as follows:

	September 30, 2024		December 31, 2023	
	Receivables and Prepaid Expenses	Payables	Receivables and Prepaid Expenses	Payables

	<u>\$ 160</u>	<u>\$ 5,162</u>	<u>\$ 296</u>	<u>\$ 1,938</u>

13. Segment and Geographic Area Information

The Company's operating segments are significant strategic business units that align its products and services with how it manages its business, approaches the markets and interacts with customers. The Company is organized into three segments: ITPS, HS, and LLPS.

ITPS: The ITPS segment provides a wide range of solutions and services designed to aid businesses in information capture, processing, decisioning and distribution to customers primarily in the financial services, commercial, public sector and legal industries.

HS: The HS segment operates and maintains an outsourcing business specializing in both the healthcare provider and payer markets.

LLPS: The LLPS segment provides a broad array of support services in connection with class action settlement administration, claims adjudication, labor, employment and other legal matters.

The chief operating decision maker reviews segment profit to evaluate operating segment performance and determine how to allocate resources to operating segments. “Segment profit” is defined as revenue less cost of revenue (exclusive of depreciation and amortization). The Company does not allocate selling, general, and administrative expenses, depreciation and amortization, interest expense, net and sundry expenses (income), net. The Company manages assets on a total company basis, not by operating segment, and therefore asset information and capital expenditures by operating segments are not presented. A reconciliation of segment profit to net loss before income taxes is presented below.

	Three months ended September 30, 2024			
	ITPS	HS	LLPS	Total

14. Subsequent Events

BR Exar AR Facility Amendment and Repayments

During October 1, 2024 through November 14, 2024, certain of the Company's subsidiaries entered into an additional amendment to the BR Exar AR Facility (the "Amendment"), pursuant to which such Company subsidiaries agreed to sell certain existing and future receivables to BREL until such time as BREL shall have collected \$5.3 million, net of any costs, expenses or other amounts paid to or owing to the buyer under the agreement. The Company received an aggregate of \$4.8 million in net proceeds under the Amendment.

During October 1, 2024 through November 14, 2024, the Company repaid approximately \$7.3 million of outstanding principal amount under the BR Exar AR Facility. Accordingly, the amount outstanding under the BR Exar AR Facility is approximately \$6.7 million, as of November 14, 2024.

Repurchase of Second Lien Note

During October 1, 2024 through November 14, 2024, the Company repurchased \$2.0 million principal amount of the Second Lien Note for a net cash consideration of \$2.0 million. Accordingly, the outstanding principal amount under the Second Lien Note was \$25.5 million, as of November 14, 2024.

Nasdaq Delisting

As previously disclosed, the Company was notified by the Nasdaq Stock Market LLC (“Nasdaq”) that the Company was in violation of Nasdaq Listing Rule 5550(b)(2) because the Company’s Market Value of Listed Securities was below the minimum requirement of \$35 million for 30 consecutive business days and the Company failed to satisfy any of the alternative requirements set forth in Nasdaq Listing Rule 5550(b). After the Company requested an appeal hearing, which stayed the delisting action, the Company was unable to regain compliance by November 1, 2024, which is the deadline that was set by the Nasdaq Hearings Panel (the “Panel”). On November 6, 2024, Nasdaq notified the Company that the Panel had determined to delist the Company’s common stock and that trading of the Company’s securities would be suspended at the open of trading on November 8, 2024. Nasdaq will file a Form 25 with the SEC notifying the SEC of Nasdaq’s determination to remove the Company’s securities from listing on Nasdaq. The Company will remain subject to SEC reporting obligations. As a result of the delisting, the Company’s common stock and Series B Preferred Stock began trading on the OTC Pink under the symbols “XELA” and “XELAP” on November 8, 2024, and such market is currently the only trading market for the Company’s securities. We anticipate that Nasdaq will soon file a Form 25-NSE with the SEC to formally remove the Company’s securities from listing and registration on Nasdaq, although the exact timing of such filing is currently unknown.

Series A Preferred Stock Exchange

On November 12, 2024 a special committee of independent members of the Company’s Board of Directors approved a negotiated share exchange whereby the Company would enter into Preferred Stock Exchange Agreements (each an “Exchange Agreement”) with certain holders of 55% of the Company’s Series A Preferred Stock, with an aggregate accrued, but unpaid, Series A Liquidation Preference of \$25.2 million to exchange such shares into Common Stock at a price that will be equal to the liquidation preference per share divided by the lesser of (x) the closing price of the Common Stock as reported on the OTC Pink as of 4 p.m. on the business day immediately preceding the Exchange Agreement effective date and (y) the average closing price of the Common Stock for the two (2) trading days immediately preceding the closing of the Exchange Agreement (such exchange, the “Exchange” and the shares of Common Stock issued pursuant to the Exchange, the “Exchange Common Shares”). The Exchange is being conducted separately from the terms of the Series A Certificate of Designations. The Closing of the Exchange is expected to occur on the third business day following the filing of this Form 10-Q. Nearly all the holders of the Company’s Series A Preferred Stock that are expected to participate in the Exchange are related-parties of the Company, including certain funds associated with HGM, an affiliate of the Company; Par Chadha, the Company’s Executive Chairman; Matthew Brown, the Company’s Interim Chief Financial Officer; Suresh Yannamani, the Chief Executive Officer of one of the Company’s subsidiaries; James Reynolds, a director of the Company; and Ronald Cogburn, a director of the Company. While the number of Exchange Common Shares to be issued is currently indeterminable, if the Exchange closed on November 14, 2024, 22.4 million Exchange Common Shares would be issued pursuant to the Exchange and \$25.2 million of aggregate Series A Liquidation Preference would be extinguished. Closing of the Exchange remains subject to receipt of finally signed documents from both the Company and participating Series A Preferred Stockholders, and there can be no assurance that the Exchange will occur.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis together with our condensed consolidated financial statements and the related notes included elsewhere in this Form 10-Q. Among other things, the condensed consolidated financial statements include more detailed information regarding the basis of presentation for the financial data than included in the following discussion. Amounts in thousands of United States dollars.

Forward Looking Statements

Certain statements included in this Management’s Discussion and Analysis of Financial Condition and Results of Operations and elsewhere in this quarterly report are not historical facts but are forward-looking statements for purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995. Forward-looking statements generally are accompanied by words such as “may”, “should”, “would”, “plan”, “intend”, “anticipate”, “believe”, “estimate”, “predict”, “potential”, “seem”, “seek”, “continue”, “future”, “will”, “expect”, “outlook” or other similar words, phrases or expressions. These forward-looking statements include statements regarding our industry, future events, estimated or anticipated future results and benefits, future opportunities for Exela, and other statements that are not historical facts. These statements are based on the current expectations of Exela management and are not predictions of actual performance. These statements are subject to a number of risks and uncertainties regarding Exela’s businesses and actual results may differ materially. The factors that may affect our results include, among others: the impact of political and economic conditions on the demand for our services; cyber incidents such as a data or security breach; the impact of competition or alternatives to our services on our business pricing and other actions by competitors; our ability to address technological development and change in order to keep pace with our industry and the industries of our customers; the impact of terrorism, natural disasters or similar events on our business; the effect of legislative and regulatory actions in the United States and internationally; the impact of operational failure due to the unavailability or failure of third-party services on which we rely; the effect of intellectual property infringement; the effect of being delisted from Nasdaq and other factors discussed in this quarterly report and our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 (the “2023 Form 10-K”) under the heading “Risk Factors”, and otherwise identified or discussed in this quarterly report. You should consider these factors carefully in evaluating forward-looking statements and are cautioned not to place undue reliance on such statements, which speak only as of the date of this quarterly report. It is impossible for us to predict new events or circumstances that may arise in the future or how they may affect us. We undertake no obligation to update forward-looking statements to reflect events or circumstances occurring after the date of this quarterly report. We are not including the information provided on any websites that may be referenced herein as part of, or incorporating such information by reference into, this quarterly report. In addition, forward-looking statements provide our expectations, plans or forecasts of future events and views as of the date of this quarterly report. We anticipate that subsequent events and developments may cause our assessments to change. These forward-looking statements should not be relied upon as representing our assessments as of any date subsequent to the date of this quarterly report.

Overview

Exela Technologies, Inc. (“Exela”, the “Company”, “we”, “our” or “us”) is a business process outsourcing and automation leader leveraging a global footprint and proprietary technology to help turn the complex into the simple through user friendly software platforms and solutions that enable our customers’ digital transformation. We have decades of expertise earned from serving more than 4,000 customers worldwide, including many of the world’s largest enterprises and over 60% of the Fortune® 100, in many mission critical environments across multiple industries, including banking, healthcare, insurance and manufacturing. Our technology-enabled solutions allow global organizations to address critical challenges resulting from the massive amounts of data obtained and created through their daily operations. Our solutions address the life cycle of transaction processing and enterprise information management, from enabling payment gateways and data exchanges across multiple systems, to matching inputs against contracts and handling exceptions, to ultimately depositing payments and distributing communications. Through cloud-enabled platforms, built on a configurable stack of automation modules, and approximately 12,600 employees operating in 20 countries, Exela rapidly deploys integrated technology and operations as an end-to-end digital journey partner.

We believe our process expertise, information technology capabilities and operational insights enable our customers' organizations to more efficiently and effectively execute transactions, make decisions, drive revenue and profitability, and communicate critical information to their employees, customers, partners, and vendors. Our solutions are location agnostic, and we believe the combination of our hybrid hosted solutions and global work force in the Americas, EMEA and Asia offers meaningful differentiation in the industries we serve and services we provide.

History

We are a former special purpose acquisition company that completed our initial public offering on January 22, 2015. In July 2017, Exela, formerly known as Quinpario Acquisition Corp. 2 ("Quinpario"), completed its acquisition of SourceHOV Holdings, Inc. ("SourceHOV") and Novitex Holdings, Inc. ("Novitex") pursuant to a business combination agreement dated February 21, 2017 ("Novitex Business Combination"). In conjunction with the completion of the Novitex Business Combination, Quinpario was renamed Exela Technologies, Inc.

The Novitex Business Combination was accounted for as a reverse merger for which SourceHOV was determined to be the accounting acquirer. Outstanding shares of SourceHOV were converted into shares of our common stock ("Common Stock"), presented as a recapitalization, and the net assets of Quinpario were acquired at historical cost, with no goodwill or other intangible assets recorded. The acquisition of Novitex was treated as a business combination under ASC 805, Business Combinations ("ASC 805") and was accounted for using the acquisition method. The strategic combination of SourceHOV and Novitex formed Exela, which is one of the largest global providers of information processing solutions based on revenues.

On November 29, 2023, we completed the merger of our European business with CF Acquisition Corp. VIII. After this merger, our European business operates as XBP Europe Holdings, Inc. ("XBP Europe"), a majority-owned consolidated subsidiary of the Company. Beginning on November 30, 2023, XBP Europe shares and warrants started trading on the Nasdaq Stock Market under the ticker symbols "XBP" "XBPEW," respectively. We own a majority of the outstanding capital stock of XBP Europe.

Sale of Non-core Assets

On June 8, 2023, the Company completed the sale of its high-speed scanner business for a purchase price of approximately \$30.1 million. As a result of this transaction, the Company disposed of \$16.5 million of goodwill based on the relative fair value of the high-speed scanner business to the total fair value of the ITPS reporting unit. This transaction resulted in a total pre-tax gain of \$7.2 million. Per the terms of the sales agreement, the Company may receive additional cash consideration upon the future occurrence of certain earn-out events described in the sales agreement.

Recent Developments

As previously disclosed, we were notified by the Nasdaq Stock Market LLC ("Nasdaq") that we were in violation of Nasdaq Listing Rule 5550(b)(2) because our Market Value of Listed Securities was below the minimum requirement of \$35 million for 30 consecutive business days and we failed to satisfy any of the alternative requirements set forth in Nasdaq Listing Rule 5550(b). After we requested an appeal hearing, which stayed the delisting action, we were unable to regain compliance by November 1, 2024, which is the deadline that was set by the Nasdaq Hearings Panel (the "Panel"). On November 6, 2024, Nasdaq notified us that the Panel had determined to delist our common stock and that trading of our securities would be suspended at the open of trading on November 8, 2024. Nasdaq will file a Form 25 with the SEC notifying the SEC of Nasdaq's determination to remove our securities from listing on Nasdaq. We will remain subject to SEC reporting obligations. As a result of the delisting, our common stock and Series B Preferred Stock began trading on the OTC Pink under the symbols "XELA" and "XELAP" on November 8, 2024, and such market is currently the only trading market for our securities. We anticipate that Nasdaq will soon file a Form 25-NSE with the SEC to formally remove the Company's securities from listing and registration on Nasdaq, although the exact timing of such filing is currently unknown.

Our Segments

Our three reportable segments are Information & Transaction Processing Solutions (“ITPS”), Healthcare Solutions (“HS”), and Legal & Loss Prevention Services (“LLPS”). These segments are comprised of significant strategic business units that align our transaction processing and enterprise information management products and services with how we manage our business, approach our key markets and interact with our customers based on their respective industries.

ITPS: Our largest segment, ITPS, provides a wide range of solutions and services designed to aid businesses in information capture, processing, decisioning and distribution to customers primarily in the financial services, commercial, public sector and legal industries. Our major customers include many leading banks, insurance companies, and utilities, as well as hundreds of federal, state and local government entities. Our ITPS offerings enable companies to increase availability of working capital, reduce turnaround times for application processes, increase regulatory compliance and enhance consumer engagement.

HS: HS operates and maintains an outsourcing business specializing in both the healthcare provider and payer markets. We serve the top healthcare insurance payers and hundreds of healthcare providers.

LLPS: Our LLPS segment provides a broad array of support services in connection with class action settlement administration, claims adjudication, labor, employment and other legal matters. Our customer base consists of corporate counsel, government attorneys, and law firms.

Revenues

ITPS revenues are primarily generated from a transaction based pricing model for the various types of volumes processed, licensing and maintenance fees for technology sales, and a mix of fixed management fee and transactional revenue for document logistics and location services. HS revenues are primarily generated from a transaction based pricing model for the various types of volumes processed for healthcare payers and providers. LLPS revenues are primarily based on time and materials pricing as well as through transactional services priced on a per item basis.

People

We draw on the business and technical expertise of our talented and diverse global workforce to provide our customers with high quality services. Our business leaders bring a strong diversity of experience in our industry and a track record of successful performance and execution.

As of September 30, 2024, we had approximately 12,600 employees globally, with 6,200 employees located in Americas and EMEA, and the remainder located primarily in India and the Philippines.

Costs associated with our employees represent the most significant expense for our business. We incurred personnel costs of \$110.3 million and \$121.9 million for the three months ended September 30, 2024 and 2023, respectively. We incurred personnel costs of \$332.4 million and \$376.5 million for the nine months ended September 30, 2024 and 2023, respectively. The majority of our personnel costs are variable and are incurred only while we are providing our services. In certain jurisdictions, including several countries in Europe, there is a statutory payment requirement for any person made redundant due to automation or relocation of delivery locations.

Key Performance Indicators

We use a variety of operational and financial measures to assess our performance. Among the measures considered by our management are the following:

- Revenue by segment;

- EBITDA; and
- Adjusted EBITDA

Revenue by segment

We analyze our revenue by comparing actual monthly revenue to internal projections and prior periods across our operating segments in order to assess performance, identify potential areas for improvement, and determine whether our segments are meeting management’s expectations.

EBITDA and Adjusted EBITDA

We view EBITDA and Adjusted EBITDA as important indicators of performance of our consolidated operations. We define EBITDA as net loss, plus income tax expense, interest expense, net, and depreciation and amortization. We define Adjusted EBITDA as EBITDA plus transaction and integration costs; non cash equity compensation, (gain) or loss from sale or disposal of assets or business, non-recurring charges and impairment charges; and other infrequent, or unusual costs and expenses. See “Other Financial Information (Non GAAP Financial Measures)” for more information and a reconciliation of EBITDA and Adjusted EBITDA to net loss, the most directly comparable financial measure calculated and presented in accordance with GAAP.

Results of Operations

Three Months Ended September 30, 2024 compared to Three Months Ended September 30, 2023:

	Three Months Ended September 30,		Change	% Change
	2024	2023		
Revenue:				
ITPS	\$ 191,958	\$ 172,150	\$ 19,808	11.5%

Revenue

For the three months ended September 30, 2024, our revenue on a consolidated basis increased by \$16.0 million, or 6.3%, to \$269.2 million from \$253.1 million for the three months ended September 30, 2023. We experienced revenue growth in ITPS segment and revenue decline in HS and LLPS segment. Our ITPS, HS, and LLPS segments constituted 71.3%, 21.8%, and 6.9% of total revenue, respectively, for the three months ended September 30, 2024, compared to 68.0%, 24.5%, and 7.5%, respectively, for the three months ended September 30, 2023. The revenue changes by reporting segment were as follows:

ITPS— For the three months ended September 30, 2024, revenue attributable to our ITPS segment increased by \$19.8 million, or 11.5% compared to the same period in the prior year. The majority of this revenue growth is attributable to existing contracts and statements of work from certain customers. The reported ITPS segment revenue increased by \$0.7 million from currency conversion during the three months ended September 30, 2024, compared to the three months ended September 30, 2023.

HS— For the three months ended September 30, 2024, revenue attributable to our HS segment decreased by \$3.3 million, or 5.3% compared to the same period in the prior year primarily due to lower volume from existing customers.

LLPS— For the three months ended September 30, 2024, revenue attributable to our LLPS segment decreased by \$0.5 million, or 2.4% compared to the same period in the prior year primarily due to an decrease in project based engagements in legal claims administration services.

Cost of Revenue

For the three months ended September 30, 2024, our cost of revenue increased by \$16.5 million, or 8.3%, compared to the three months ended September 30, 2023. Costs in our ITPS segment increased by \$18.2 million, or 12.9%, primarily attributable to the corresponding growth in revenues. HS segment costs decreased by \$3.4 million, or 7.4%, primarily due to decrease in employee-related cost. LLPS segment cost of revenue increased by \$1.6 million, or 14.2%, primarily attributable to the increase in employee related cost.

The increase in cost of revenues on a consolidated basis was primarily due to a increase in postage cost of \$30.0 million and other operating costs of \$2.2 million, offset by lower employee-related costs of \$13.2 million and lower infrastructure and maintenance costs of \$2.6 million.

Cost of revenue for the three months ended September 30, 2024 was 79.8% of revenue compared to the 78.4% for the comparable same period in the prior year.

Selling, General and Administrative Expenses

Selling, general and administrative expenses (“SG&A expenses”) decreased \$0.3 million, or 0.8%, to \$35.1 million for the three months ended September 30, 2024, compared to \$35.4 million for the three months ended September 30, 2023. The decrease was primarily attributable to lower legal and professional fees of \$3.5 million, \$3.5 million in business interruption insurance recoveries offset by higher infrastructure, maintenance and operating costs of \$1.1 million, higher employee related costs by \$1.6 million, higher bad debts provisions by \$2.0 million, higher other SG&A expenses of \$1.8 million and higher travel cost by \$0.2 million. SG&A expenses decreased as a percentage of revenues to 13.0% for the three months ended September 30, 2024 as compared to 14.0% for the three months ended September 30, 2023.

Depreciation & Amortization

Total depreciation and amortization expenses were \$13.0 million and \$14.4 million for the three months ended September 30, 2024 and 2023, respectively.

Related Party Expenses

Related party expense was \$2.6 million for the three months ended September 30, 2024 compared to \$2.8 million for the three months ended September 30, 2023.

Interest Expense, net

Interest expense, net was \$23.4 million for the three months ended September 30, 2024 compared to \$24.7 million for the three months ended September 30, 2023.

Debt modification and extinguishment costs (gain), net

There was \$0.3 million of debt modification and extinguishment cost for the three months ended September 30, 2024 compared to a gain of \$0.6 million for the three months ended September 30, 2023. During the three months ended September 30, 2024, we repurchased \$4.0 million principal amount of the Second Lien Note (as defined and further described in “*Indebtedness*” below) for a net cash consideration of \$4.0 million. The loss on early extinguishment of debt during the three months ended September 30, 2024 totaled \$0.3 million and is inclusive of \$0.3 million write off of debt issuance costs. During the three months ended September 30, 2023, we recorded a debt extinguishment gain of \$0.6 million when we fully repaid and discharged the remaining outstanding balance of \$48.4 million of the 2023 Term Loans (as defined and further described in “*Indebtedness*” below) by making a cash payment of \$44.8 million and by issuance of \$3.0 million principal amount of Senior Secured April 2026 notes (as defined and described further in the description of “*Indebtedness*” below) in an exchange transaction.

Sundry expense, net

The decrease in sundry expense, net by \$0.2 million over the prior year period was primarily attributable to exchange rate fluctuations on foreign currency transactions.

Other Income, net

Other income, net was \$0.4 million for the three months ended September 30, 2024 compared to other income, net of \$1.1 million for the three months ended September 30, 2023.

Income Tax Expense

We recorded an income tax expense of \$4.8 million for the three months ended September 30, 2024 and an income tax expense of \$1.8 million for the three months ended September 30, 2023. The tax expense for the three months ended September 30, 2024 is higher than the three months ended September 30, 2023 largely due to a remeasurement of existing uncertain tax positions in Canada and Germany, an increase in U.S. taxes in current period due to loss of U.S. tax attributes partially offset by decrease in foreign tax due decrease in Canadian tax expense from prior period. Our estimated annual effective tax rate of (23.6)% for the three months ended September 30, 2024 differed from the expected U.S. statutory tax rate of 21.0% and was primarily impacted by permanent tax adjustments, state and local current expense, foreign operations, remeasurement of existing uncertain tax positions in Canada and Germany and valuation allowances, including valuation allowances on a portion of our deferred tax assets on U.S. disallowed interest expense carryforwards under by the provisions of The Tax Cuts and Jobs Act (“TCJA”).

Nine Months Ended September 30, 2024 compared to Nine Months Ended September 30, 2023:

	Nine Months Ended September 30,		Change	% Change

Income tax expense	(9,937)	(7,005)	(2,932)	41.9%
Net loss	<u>\$ (77,415)</u>	<u>\$ (99,430)</u>	<u>\$ 22,015</u>	<u>(22.1)%</u>

Revenue

For the nine months ended September 30, 2024, our revenue on a consolidated basis decreased by \$26.1 million, or 3.3%, to \$773.6 million from \$799.7 million for the nine months ended September 30, 2023. We experienced revenue decline in ITPS and HS segments and revenue growth in LLPS segment. Our ITPS, HS, and LLPS segments constituted 67.9%, 24.1%, and 8.0% of total revenue, respectively, for the nine months ended September 30, 2024, compared to 68.9%, 23.6%, and 7.5%, respectively, for the nine months ended September 30, 2023. The revenue changes by reporting segment were as follows:

ITPS— For the nine months ended September 30, 2024, revenue attributable to our ITPS segment decreased by \$25.9 million, or 4.7% compared to the same period in the prior year. The majority of this revenue decline is attributable to exiting contracts and statements of work from certain customers with revenue that we believe was unpredictable, non-recurring and were not a strategic fit to our long-term success. In June 2023, we sold our high-speed scanner business and this resulted in \$5.5 million lower revenue in the current period as compared to the period ended September 30, 2023. The reported ITPS segment revenue benefited by \$1.0 million from currency conversion during the nine months ended September 30, 2024, compared to the nine months ended September 30, 2023.

HS— For the nine months ended September 30, 2024, revenue attributable to our HS segment decreased by \$2.2 million, or 1.2% compared to the same period in the prior year primarily due to lower volumes from our new and existing healthcare customers.

LLPS— For the nine months ended September 30, 2024, revenue attributable to our LLPS segment increased by \$2.0 million, or 3.4% compared to the same period in the prior year primarily due to an increase in project based engagements in legal claims administration services.

Cost of Revenue

For the nine months ended September 30, 2024, our cost of revenue decreased by \$22.1 million, or 3.5%, compared to the nine months ended September 30, 2023. Costs in our ITPS segment decreased by \$16.1 million, or 3.6%, primarily attributable to the corresponding decline in revenues. HS segment costs decreased by \$8.4 million, or 6.0%, primarily due to decrease in employee-related cost. LLPS segment cost of revenue increased by \$2.4 million, or 6.4%, primarily attributable to the corresponding increase in revenues.

The decrease in cost of revenues on a consolidated basis was primarily due to a decrease in employee-related costs of \$42.4 million, lower infrastructure and maintenance costs of \$12.7 million, which was offset by higher postage costs of \$33.0 million.

Cost of revenue for the nine months ended September 30, 2024 was 78.2% of revenue compared to the 78.4% for the comparable same period in the prior year.

Selling, General and Administrative Expenses

SG&A expenses increased by \$5.9 million, or 5.3%, to \$117.7 million for the nine months ended September 30, 2024, compared to \$111.8 million for the nine months ended September 30, 2023. The increase was primarily attributable due to profit on sale of our high-speed scanner business of \$7.2 million recognized in September 2023, higher bad debts provisions by \$13.3 million, higher infrastructure, maintenance and operating costs of \$1.7 million, higher travel costs of \$0.6 million, higher other SG&A expenses by \$3.3 million offset by lower legal and professional fees of \$15.6 million, \$3.5 million in business interruption insurance recoveries and lower employee related cost by \$1.1 million. SG&A expenses increased as a percentage of revenues to 15.2% for the nine months ended September 30, 2024 as compared to 14.0% for the nine months ended September 30, 2023.

Depreciation & Amortization

Total depreciation and amortization expenses were \$41.5 million and \$45.8 million for the nine months ended September 30, 2024 and 2023, respectively. The decrease in total depreciation and amortization expenses by \$4.3 million was primarily due to a reduction in depreciation expense as a result of the expiration of the lives of assets acquired in prior periods and decrease in intangibles amortization expense due to end of useful lives for certain intangible assets during the nine months ended September 30, 2024 compared to the nine months ended September 30, 2023.

Related Party Expenses

Related party expense was \$8.3 million for the nine months ended September 30, 2024 compared to \$8.7 million for the nine months ended September 30, 2023.

Interest Expense, net

Interest expense, net was \$67.7 million for the nine months ended September 30, 2024 compared to \$114.0 million for the nine months ended September 30, 2023. The decrease in total interest expense by \$46.3 million was primarily due to amortization of debt exchange premium and reduction in interest costs due to exchange of notes in July 2023, during the nine months ended September 30, 2024 compared to the nine months ended September 30, 2023.

Debt modification and extinguishment costs (gain), net

There was \$0.3 million of debt modification and extinguishment cost for the nine months ended September 30, 2024 compared to a gain of \$16.1 million for the nine months ended September 30, 2023. During the nine months ended September 30, 2024, we repurchased \$4.0 million principal amount of the Second Lien Note (as defined and further described in "Indebtedness" below) for a net cash consideration of \$4.0 million. The loss on early extinguishment of debt during the nine months ended September 30, 2024 totaled \$0.3 million and is inclusive of \$0.3 million write off of debt issuance costs. During the nine months ended September 30, 2023, we repurchased \$13.8 million principal amount of 2023

Notes for a cash consideration of \$4.4 million. The gain on early extinguishment of debt for the 2023 Notes during the nine months ended September 30, 2023 totaled \$9.9 million and is inclusive of less than \$0.1 million write off of original issue discount and debt issuance costs. During the nine months ended September 30, 2023, we repurchased \$15.1 million principal amount of the 2023 Term Loans outstanding under the Credit Agreement for a cash consideration of \$8.0 million. The gain on early extinguishment of debt for the 2023 Term Loans during the nine months ended September 30, 2023 totaled \$7.1 million and is inclusive of less than \$0.1 million write off of original issue discount and debt issuance costs. In July 2023, we recorded an additional debt extinguishment gain of \$0.6 million when we fully repaid and discharged the remaining outstanding balance of \$48.4 million under the 2023 Term Loans by making a cash payment of \$44.8 million and by issuance of \$3.0 million principal amount of Senior Secured April 2026 Notes in an exchange transaction. During the nine months ended September 30, 2023, we paid \$1.6 million of exit fees on the partial prepayment of the BRCC Term Loan (as defined and further described in “*Indebtedness*” below) which was treated as a debt extinguishment cost.

Sundry Expense, net

The decrease in sundry expense, net by \$0.8 million over the prior year period was primarily attributable to exchange rate fluctuations on foreign currency transactions.

Other Income, net

Other income, net was \$1.3 million for the nine months ended September 30, 2024 compared to other income, net of \$1.6 million for the nine months ended September 30, 2023.

Income Tax Expense

We recorded an income tax expense of \$9.9 million for the nine months ended September 30, 2024 and an income tax expense of \$7.0 million for the nine months ended September 30, 2023. The tax expense for the nine months ended September 30, 2024 is increased as compared to the nine months ended September 30, 2023. The increase is largely due to a remeasurement of existing uncertain tax positions in Canada and Germany as well as an increase in U.S. tax due to loss of attributes partially offset by the decrease in foreign earnings which is largely driven by decrease in Canadian tax expense in prior year. Our estimated annual effective tax rate of (14.7)% for the nine months ended September 30, 2024 differed from the expected U.S. statutory tax rate of 21.0% and was primarily impacted by permanent tax adjustments, state and local current expense, foreign operations, remeasurement of existing uncertain tax positions in Canada and Germany and valuation allowances, including valuation allowances on a portion of our deferred tax assets on U.S. disallowed interest expense carryforwards under the provisions of the TCJA.

Other Financial Information (Non-GAAP Financial Measures)

We view EBITDA and Adjusted EBITDA as important indicators of performance. We define EBITDA as net (loss) or income, plus income tax expense, interest expense, net, and depreciation and amortization. We have historically defined Adjusted EBITDA, including in the Form 10-Q for the quarter ended September 30, 2023, as EBITDA plus optimization and restructuring charges, including severance and retention expenses; transaction and integration costs; other non-cash charges, including non-cash compensation, (gain) or loss from sale or disposal of assets, and impairment charges; and management fees and expenses consistent with the definitions contained in our debt agreements.

Beginning with the 2023 Form 10-K, the Company has made certain changes to the way it defines Adjusted EBITDA that impact the comparability of the metrics to prior periods. Specifically, the Company will no longer include optimization and restructuring expenses, contract costs and certain other charges that we historically added back to our computation of Adjusted EBITDA consistent with the definitions in our debt agreements. The Company’s presentation of Adjusted EBITDA for the same period in the prior year also reflects this updated definition of Adjusted EBITDA (i.e., will not be the same as set forth in prior filings due to the change of definition).

We present EBITDA and Adjusted EBITDA because we believe they provide useful information regarding the factors and trends affecting our business in addition to measures calculated under GAAP.

Note Regarding Non-GAAP Financial Measures

EBITDA and Adjusted EBITDA are not financial measures presented in accordance with GAAP. We believe that the presentation of these non GAAP financial measures will provide useful information to investors in assessing our financial performance and results of operations as our Board and management use EBITDA and Adjusted EBITDA to assess our financial performance, because it allows them to compare our operating performance on a consistent basis across periods by removing the effects of our capital structure (such as varying levels of interest expense), asset base (such as depreciation and amortization) and items outside the control of our management team. Net loss is the GAAP measure most directly comparable to EBITDA and Adjusted EBITDA. Our non GAAP financial measures should not be considered as alternatives to the most directly comparable GAAP financial measure. Each of these non GAAP financial measures have important limitations as analytical tools because they exclude some but not all items that affect the most directly comparable GAAP financial measures. These non GAAP financial measures are not required to be uniformly applied, are not audited and should not be considered in isolation or as substitutes for results prepared in accordance with GAAP. Because EBITDA and Adjusted EBITDA may be defined differently by other companies in our industry, our definitions of these non GAAP financial measures may not be comparable to similarly titled measures of other companies, thereby diminishing their utility.

Three Months Ended September 30, 2024 compared to the Three Months Ended September 30, 2023

The following table presents a reconciliation of EBITDA and Adjusted EBITDA to our net loss, the most directly comparable GAAP measure, for the three months ended September 30, 2024 and 2023.

	Three Months Ended September 30,	
	2024	2023
Net Loss	\$ (24,937)	\$ (23,108)
Income tax expense	4,762	1,807
Interest expense, net	23,446	24,708
Depreciation and amortization	13,039	14,398

Liquidity and Capital Resources**Overview**

Under ASC Subtopic 205-40, *Presentation of Financial Statements—Going Concern* (“ASC 205-40”), the Company has the responsibility to evaluate whether conditions and/or events raise substantial doubt about its ability to meet its future financial obligations as they become due within one year after the date that the financial statements are issued. The following conditions raise substantial doubt about our ability to continue as a going concern: a history of continuing net losses, net operating cash outflows, working capital deficits and accumulated deficit. Going concern matters are more fully discussed in Note 1, *General* of the condensed consolidated financial statements.

Liquidity is the availability of adequate amounts of cash with an enterprise to meet its needs for cash requirements. At September 30, 2024, cash, restricted cash, cash equivalents, and cash included in assets of disposal group held for sale totaled \$45.6 million, including restricted cash of \$34.1 million. As of September 30, 2024, our working capital deficit amounted to \$262.8 million, an increase of \$49.1 million as compared to working capital deficit of \$213.7 million as of December 31, 2023 mainly due to current maturities of our long term debts.

In the ordinary course of business, we enter into contracts and commitments that obligate us to make payments in the future. These obligations include borrowings, interest obligations, purchase commitments, operating and finance lease commitments, employee benefit payments and taxes. Specifically, \$5.9 million outstanding under the BRCC Revolver (as defined and described further in the description of “*Indebtedness*” below) is payable in two (2) monthly installments of \$2.0 million in November 2024 and December 2024, with the remaining outstanding principal balance of \$1.9 million payable on January 31, 2025. The current maturities under the Senior Secured Term Loan, the Second Lien Note, the secured borrowings under the BR Exar AR Facility (as defined and further described in “*Indebtedness*” below)

and the other debts are \$2.0 million, \$27.5 million, \$8.7 million and \$9.8 million, respectively. See Note 5 – *Long-Term Debt and Credit Facilities*, Note 7 – *Employee Benefit Plans*, and Note 8 – *Commitments and Contingencies*, to our condensed consolidated financial statements herein for further information on material cash requirements from known contractual and other obligations.

We plan to spend approximately 1.2% of total revenue on total capital expenditures over the next twelve months. Our business model has evolved to leverage cloud hosted platforms. This has reduced our capital expenditures and increased our operating expenses. This is the primary driver of changes in our capital expenditures when compared with historical periods. Our future cash requirements will depend on many factors, including our rate of revenue growth, our investments in strategic initiatives, applications or technologies, operation centers and acquisition of complementary businesses, which may require the use of significant cash resources and/or additional equity or debt financing. In the event that additional financing is required from outside sources, we may not be able to raise it on terms acceptable to us or at all, which may adversely impact our business, operating results and financial condition.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was enacted in response to the COVID-19 pandemic. The CARES Act, among other things, includes provisions relating to refundable payroll tax credits, deferment of employer side social security payments, net operating loss carryback periods, alternative minimum tax credit refunds, modifications to the net interest deduction limitations and technical corrections to tax depreciation methods for qualified improvement property. The Company has implemented favorable provisions of the CARES Act, including the refundable payroll tax credits and the deferment of employer social security payments. At the end of 2021, the Company paid a portion of the deferred employer social security due as per Internal Revenue Service’s guidance. The remaining balance of deferred employer social security taxes will need to be paid by fiscal year 2024. The Company similarly used COVID-19 relief measures in various European jurisdictions, including permitted deferrals of certain payroll, social security and value added taxes. At the end of 2021, the Company paid a portion of these deferred payroll taxes, social security and value added taxes. The remaining balance of European deferred payroll taxes, social security and value added taxes will need to be paid by April 2027 as per deferment timeline.

The Amended Receivables Purchase Agreement (as defined and described further in the description of “*Indebtedness*” below) entered into on June 17, 2022 provides us access to liquidity through the sale of receivables. Under the Amended Receivables Purchase Agreement, transfers of accounts receivable are treated as sales and are accounted for as a reduction in accounts receivable because the agreement transfers effective control over and risk related to the accounts receivable to the purchasers of the receivables. The Company de-recognized \$126.5 million and \$377.1 million of accounts receivable under this agreement during the three and nine months ended September 30, 2024, respectively. The Company de-recognized \$119.3 million and \$382.2 million of accounts receivable under this agreement during the three and nine months ended September 30, 2023, respectively. The amount remitted to the Purchasers during the three and nine months ended September 30, 2024 was \$127.7 million and \$377.0 million, respectively. The amount remitted to the Purchasers during the three and nine months ended September 30, 2023 was \$119.0 and \$385.5 million, respectively. Unsold accounts receivable of \$29.0 million and \$41.2 million were pledged by the SPEs as collateral to the Purchasers as of September 30, 2024 and December 31, 2023, respectively.

With an objective to increase free cash flows and in order to maintain sufficient liquidity to support profitable growth, the Company is pursuing further reduction in debt and repricing of existing debt. The Company will continue to pursue the sale of certain non-core businesses that are not central to the Company’s long-term strategic vision and invest in the acquisition of businesses that enhance the value proposition. The Company also plans to take further action to raise additional funds in the debt and equity capital markets. There can be no assurances, however, that any of these initiatives will be consummated or will achieve its desired result.

Cash Flows

The following table summarizes our cash flows for the periods indicated:

	Nine Months Ended September 30,		
	2024	2023	Change
Net cash used in operating activities	\$ (12,218)	\$ (37,972)	\$ 25,754
Net cash (used in) provided by investing activities	(5,766)	21,259	(27,025)
Net cash (used in) provided by financing activities	(3,703)	17,193	(20,896)
Subtotal	\$ (21,687)	480	\$ (22,167)
Effect of exchange rates on cash, restricted cash, cash equivalents, and cash included in assets of disposal group held for sale	148	(53)	201
Net (decrease) increase in cash, restricted cash, cash equivalents, and cash included in assets of disposal group held for sale	\$ (21,539)	\$ 427	\$ (21,966)

Analysis of Cash Flow Changes between the nine months ended September 30, 2024 and September 30, 2023

Operating Activities—The decrease of \$25.8 million in net cash used in operating activities for the nine months ended September 30, 2024 was primarily due to improvement in debt amortization cost by \$40.5 million, lower cost of revenue, lower selling, general and administrative expenses and other expenses, improvement in operating cycle for accounts receivable and accounts payable and accrued liabilities. This increase in cash generated in operating activities was partially offset by lower realization from prepaid expenses during the nine months ended September 30, 2024.

Investing Activities—The decrease of \$27.0 million in net cash provided by investing activities for the nine months ended September 30, 2024 was primarily due to sale of our high-speed scanner business during the nine months ended September 2023.

Financing Activities— Cash used in financing activities during the nine months ended September 30, 2024 was \$3.7 million, primarily as a result of \$45.4 million of proceeds from borrowings under the BR Exar AR Facility and net proceeds of \$38.0 million from other loans, \$0.5 million proceeds from issuance of April 2026 notes offset by \$43.3 million of principal repayments on Senior Secured Term Loans, Second Lien Notes, BRCC Revolver and other loans, \$37.5 million of repayment under the BR Exar AR Facility and \$1.1 million for payment for debt issuance cost.

Cash provided by financing activities during the nine months ended September 30, 2023 was \$17.2 million, primarily as a result of \$67.0 million of net proceeds from equity offerings, \$31.5 million of proceeds from the Second Lien Note, \$20.0 million of proceeds from borrowings under the BR Exar AR Facility, \$9.6 million of proceeds from borrowings under the BRCC Revolver, \$40.0 million of proceeds from Senior Secured Term Loan and net proceeds of \$21.8 million from other loans which is offset by debt issuance costs of \$8.3 million, repayments on the BRCC Facility, senior secured term loans, factoring arrangement and other loans of \$125.9 million, \$23.2 million of repayment under the BR Exar AR Facility and cash outflow of \$11.9 million for debt repurchases.

Indebtedness

Following is a description of the Company’s key indebtedness.

July 2026 Notes

As of January 1, 2023, there was outstanding \$980.0 million aggregate principal amount of 11.5% First-Priority Senior Secured Notes scheduled to mature July 15, 2026 (the “July 2026 Notes”) issued by Exela Intermediate LLC and Exela Finance Inc. (together, the “Issuers”), wholly-owned subsidiaries of the Company. The July 2026 Notes are guaranteed by nearly all U.S. subsidiaries of Exela Intermediate LLC. The July 2026 Notes bear interest at a rate of 11.5% per year. We are required to pay interest on the July 2026 Notes on January 15 and July 15 of each year, and commenced making such interest payments on July 15, 2022. The Issuers may redeem the July 2026 Notes in whole or

in part from time to time, at a redemption price of 100%, plus accrued and unpaid interest, if any, to, but excluding, the applicable redemption date.

On July 11, 2023, the Issuers, certain guarantors and U.S. Bank Trust Company, National Association, as trustee, entered into an indenture (the “April 2026 Notes Indenture”) governing the 11.5% First-Priority Senior Secured Notes scheduled to mature July 12, 2026 (the “April 2026 Notes”), and the Issuers issued approximately \$764.8 million aggregate principal amount of the April 2026 Notes as consideration for the exchange of \$956.0 million aggregate principal amount of the Issuers’ existing July 2026 Notes pursuant to a public exchange offer (the “2023 Exchange”), which was equivalent to issuing \$800 of the April 2026 Notes per \$1,000 principal amount of the existing July 2026 Notes. The Company performed an assessment of the 2023 Exchange and determined that it met the criteria to be accounted for as a troubled debt restructuring under ASC 470-60. The undiscounted cash flows associated with the April 2026 Notes issued were compared to the carrying value of the exchanged July 2026 Notes and since the undiscounted cash flows of the April 2026 Notes exceeded the carrying value of the exchanged July 2026 Notes, the carrying value of the April 2026 Notes was established at the carrying value of the exchanged July 2026 Notes and the Company established new effective interest rates based on the carrying value of the exchanged July 2026 Notes prior to the 2023 Exchange. The difference between the principal amount of the issued April 2026 Notes and their carrying value was recorded as a premium and is included in long-term debt on the Company’s condensed consolidated balance sheets. The Company recorded a premium of \$142.3 million on the notes exchange, which will be reduced as contractual interest payments are made on the April 2026 Notes.

On July 11, 2023, the Company entered into a seventh supplemental indenture to the indenture governing the July 2026 Notes which eliminated substantially all of the restrictive covenants, eliminated certain events of default, modified covenants regarding mergers and consolidations and modified or eliminated certain other provisions, including certain provisions relating to future guarantors and defeasance, contained in the July 2026 Notes Indenture and the July 2026 Notes. In addition, all of the collateral securing the July 2026 Notes was released pursuant to the seventh supplemental indenture.

The July 11, 2023 transaction resulted in cancellation of debt income (“CODI”) for tax purposes. Absent an exception, a debtor recognizes CODI upon discharge of its outstanding indebtedness for an amount of consideration that is less than the outstanding debt. The Internal Revenue Code of 1986, as amended, (the “Code”), provides that a debtor may wholly or partially exclude CODI from taxable income but must reduce certain of its tax attributes by the amount of CODI excluded from taxable income. Pursuant to the U.S. tax rules, the Company computes the final CODI calculation based on the tax basis as of the last day of the fiscal tax year (i.e., December 31, 2023) which includes the date in which the debt transaction occurred. For the year ended December 31, 2023, the Company generated CODI in the amount of \$780.0 million, of which \$54.0 million was included in the fiscal year 2023 taxable income and \$726.0 million was excluded from taxable income, resulting in the elimination of \$624.0 million gross federal and state net operating losses.

As a result of the 2023 Exchange and periodic repurchases (as discussed below), \$24.0 million aggregate principal amount of the July 2026 Notes maturing July 15, 2026 remained outstanding as of September 30, 2024.

Senior Secured April 2026 Notes

On July 11, 2023, the Issuers issued approximately \$767.8 million aggregate principal amount of the April 2026 Notes under the April 2026 Notes Indenture, which includes the April 2026 Notes issued pursuant to the 2023 Exchange (as described above) and \$3.0 million issued in exchange of other indebtedness. The April 2026 Notes are scheduled to mature on April 15, 2026.

Interest on the April 2026 Notes will accrue at 11.5% per annum and will be paid semi-annually, in arrears, on January 15 and July 15 of each year, beginning July 15, 2023. Interest will be payable in cash or in kind by issuing additional April 2026 Notes (or increasing the principal amount of the outstanding April 2026 Notes) (“PIK Interest”) as described below: (A) for the July 15, 2023 interest payment date, such interest was paid in kind as PIK Interest, (B) for each interest payment date from and including the January 15, 2024 interest payment date through and including the July 15, 2024 interest payment date, such interest shall be paid in cash in an amount equal to (i) 50% of such interest plus (ii) an amount not to exceed an amount that, pro forma for such payment, would leave the issuers with Unrestricted Cash (as

defined in the April 2026 Notes Indenture) of at least \$15.0 million, with the remaining interest paid in kind as PIK Interest, and (C) for interest payment dates falling on or after January 15, 2025, such interest shall be paid in cash.

On July 15, 2023, the Company issued \$44.1 million in aggregate principal amount of the April 2026 Notes as a payment for PIK Interest that would otherwise have been due to holders of the July 2026 Notes that participated in the 2023 Exchange. On January 15, 2024, the Company issued \$23.3 million in aggregate principal amount of the April 2026 Notes as a payment for PIK Interest due on January 15, 2024 in respect of the April 2026 Notes. On July 15, 2024, the Company issued \$24.0 million in aggregate principal amount of the April 2026 Notes as a payment for PIK Interest due on July 15, 2024 in respect of the April 2026 Notes. On September 30, 2024, the Company, through one of its subsidiaries, sold \$3.0 million face value of April 2026 Notes for a net sale consideration of \$0.5 million to affiliates of the Executive Chairman. \$862.3 million aggregate principal amount of the April 2026 Notes remained outstanding as of September 30, 2024.

The Issuers' obligations under the April 2026 Notes and the April 2026 Notes Indenture are irrevocably and unconditionally guaranteed, jointly and severally, by the same guarantors (the "Guarantors") that guarantee the July 2026 Notes (other than certain guarantors that have ceased to have operations or assets) and by certain of the Issuers' other affiliates (the "Affiliated Guarantors"). The April 2026 Notes and the related guarantees are first-priority senior secured obligations of the Issuers, the Guarantors and Affiliated Guarantors.

The issuers may redeem the April 2026 Notes at their option, in whole at any time or in part from time to time, at a redemption price of 100%, plus accrued and unpaid interest, if any, to, but excluding, the applicable redemption date. In addition, the April 2026 Notes will be mandatorily redeemable in part upon the sale of certain assets that constitute additional credit support.

The April 2026 Notes Indenture contains covenants that limit the Issuers' and the Affiliated Guarantors and their respective subsidiaries' ability to, among other things, (i) incur or guarantee additional indebtedness, (ii) pay dividends or distributions on, or redeem or repurchase, capital stock and make other restricted payments, (iii) make investments, (iv) consummate certain asset sales, (v) engage in certain transactions with affiliates, (vi) grant or assume certain liens and (vii) consolidate, merge or transfer all or substantially all of their assets. These covenants are subject to a number of important limitations and exceptions. In addition, upon the occurrence of specified change of control events, the Issuers must offer to repurchase the April 2026 Notes at 101% of the principal amount, plus accrued and unpaid interest, if any, to, but excluding, the applicable repurchase date. The April 2026 Notes Indenture also provides for events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all of the then outstanding April 2026 Notes to be due and payable immediately.

2023 Term loan

During the nine months ended September 30, 2023 as a result of the private exchange, repurchases (as discussed below) and periodic principal repayments, \$48.4 million aggregate principal amount of the 2023 Term Loans were outstanding as of July 11, 2023, the date the Company fully repaid and discharged the remaining outstanding balance of the 2023 Term Loans by making a cash payment of \$44.8 million and by issuance of \$3.0 million principal amount of Senior Secured April 2026 Notes.

Repurchases

In July 2021 the Company commenced a debt buyback program to repurchase senior secured indebtedness, which is ongoing. During the three and nine months ended September 30, 2024, the Company repurchased \$4.0 million principal amount of the Second Lien Note (as defined below) for a net cash consideration of \$4.0 million. The loss on early extinguishment of debt during the three and nine months ended September 30, 2024 totaled \$0.3 million and is inclusive of \$0.3 million write off of debt issuance costs.

During the nine months ended September 30, 2023, we repurchased \$13.8 million principal amount of the Issuers' 10.0% First Priority Senior Secured Notes due 2023 ("2023 Notes") for a net cash consideration of \$4.4 million. The gain on early extinguishment of debt during the nine months ended September 30, 2023 totaled \$9.9 million and is

inclusive of less than \$0.1 million write off of original issue discount and debt issuance costs, respectively. During the nine months ended September 30, 2023, we repurchased \$15.1 million principal amount of the 2023 Term Loan for net cash consideration of \$8.0 million. The gain on early extinguishment of debt during the nine months ended September 30, 2023 totaled \$7.1 million and is inclusive of less than \$0.1 million write off of original issue discount and debt issuance costs, respectively.

BRCC Facility

On November 17, 2021, GP2 XCV, LLC, a subsidiary of the Company (“GP2 XCV”), entered into a borrowing facility with B. Riley Commercial Capital, LLC (which was subsequently assigned to BRF Finance Co., LLC (“BRF Finance”)) pursuant to which such subsidiary was able to borrow an original principal amount of \$75.0 million, which was later increased to \$115.0 million as of December 7, 2021 (as the same may be amended from time to time, the “BRCC Term Loan”). On March 31, 2022, GP2 XCV and B. Riley Commercial Capital, LLC amended this facility to permit GP2 XCV to borrow up to \$51.0 million under a separate revolving loan (the “BRCC Revolver”, collectively with the BRCC Term Loan, the “BRCC Facility”).

The BRCC Facility is secured by a lien on all the assets of GP2 XCV and by a pledge of the equity of GP2 XCV. GP2 XCV is a bankruptcy-remote entity and as such its assets are not available to other creditors of the Company or any of its subsidiaries other than GP2 XCV. Interest under the BRCC Facility accrues at a rate of 11.5% per annum (13.5% per annum default rate) and is payable quarterly on the last business day of each March, June, September and December. The purpose of BRCC Term Loan was to fund certain repurchases of the secured indebtedness and to provide funding for certain debt exchange transactions. The purpose of BRCC Revolver is to fund general corporate purposes.

The BRCC Facility matured on June 10, 2023. As of December 31, 2023, the Company had fully repaid the outstanding balance under the BRCC Term Loan. During the nine months ended September 30, 2024, we repaid \$14.0 million of outstanding principal amount under the BRCC Revolver. As of September 30, 2024, there remained borrowings of \$5.9 million outstanding under the BRCC Revolver. The outstanding principal amount under the BRCC Revolver is payable in two (2) monthly installments of \$2.0 million in November 2024 and December 2024, with the remaining outstanding principal balance of \$1.9 million payable on January 31, 2025.

Senior Secured Term Loan

On July 11, 2023, Exela Intermediate LLC and Exela Finance Inc., wholly-owned subsidiaries of the Company, entered into a financing agreement with certain lenders and Blue Torch Finance LLC, as administrative agent, pursuant to which the lenders extended a \$40.0 million term loan (“Senior Secured Term Loan”). On the same date, the Company used proceeds of this term loan to repay a corresponding amount of its existing debt. On January 12, 2024, \$1.0 million of certain waiver and consent fees payable by subsidiaries of the Company under the term of Senior Secured Term Loan were added to outstanding balance of the Senior Secured Term Loan.

The Senior Secured Term Loan shall be, at the option of the Company, either a Reference Rate Loan, or a Secured Overnight Financing Rate (“SOFR”) Loan. Each portion of the Senior Secured Term Loan that is a Reference Rate Loan bears interest on the principal amount outstanding from the date of the Senior Secured Term Loan until repaid, at a rate per annum equal to the Reference Rate plus the Applicable Margin. “Reference Rate” for any period means the greatest of (i) 4.00% per annum, (ii) the federal funds rate plus 0.50% per annum, (iii) the Adjusted Term SOFR (which rate shall be calculated based upon an interest period of 1 month and shall be determined on a daily basis) plus 1.00% per annum, and (iv) the rate last quoted by the Wall Street Journal as the “Prime Rate” in the United States. “Applicable Margin,” with respect to the interest rate of (a) any Reference Rate Loan is 10.39% per annum, and (b) any SOFR Rate Loan is 11.39% per annum. SOFR Rate Loans shall bear interest on the principal amount outstanding, at a rate per annum equal to the Adjusted Term SOFR rate for the Interest Period in effect for the Term Loan plus Applicable Margin. “Adjusted Term SOFR” means the rate per annum equal to Term SOFR for such calculation, plus 0.26161%. “Term SOFR,” for calculation with respect to a SOFR Rate Loan, is the per annum forward-looking term rate based on secured overnight financing rate for a tenor comparable to the applicable interest period on the day that is two business days prior to the first day of such interest period. However, with respect to a Reference Rate Loan, “Term SOFR” means the per annum forward-looking term rate based on secured overnight financing rate for a tenor of three months on the

day that is two business days prior to such day. If Term SOFR as so determined shall ever be less than 4.00%, then Term SOFR shall be deemed to be 4.00%.

The Company may, at any time, elect to have interest on all or a portion of the loans be charged at a rate of interest based upon Term SOFR (the “SOFR Option”) by notifying the administrative agent at least three (3) business days prior to the proposed change. Such notice needs to be provided in the case of the continuation of a SOFR Rate Loan as a SOFR Rate Loan on the last day of the then current interest period. The Company shall have not more than 5 SOFR Rate Loans in effect at any given time, and only may exercise the SOFR Option for SOFR Rate Loans of at least \$500,000 and integral multiples of \$100,000 in excess thereof.

As of September 30, 2024, there were borrowings of \$39.0 million outstanding under the Senior Secured Term Loan. The outstanding principal amount of the Senior Secured Term Loan shall be repaid in seven (7) equal quarterly installments of \$0.5 million commencing December 31, 2024, with the remaining outstanding principal amount of \$35.5 million payable at maturity along with accrued and unpaid interest. The maturity date of the Senior Secured Term Loan is January 14, 2026.

The Company may, at any time, prepay the principal of the Senior Secured Term Loan. Each prepayment shall be accompanied by the payment of accrued interest and the applicable premium, if any. Each prepayment shall be applied against the remaining installments of principal due on the Senior Secured Term Loan in the inverse order of maturity. The applicable premium shall be payable in the form of a make-whole amount if prepayment is made within one year of the borrowing date (the “First Period”). If optional prepayment is made after the year one anniversary of the borrowing date to the date of the two-year anniversary (the “Second Period”), the applicable premium shall be an amount equal to 1% times the amount of the principal amount of the Senior Secured Term Loan being paid on such date. The applicable premium shall be zero in case of prepayment after the date of the two-year anniversary of the borrowing date. Further, during the Second Period, if the prepayment is because of an event of default or termination of contract for any reason, the applicable premium shall be 1% times the aggregate principal amount of the Senior Secured Term Loan outstanding on such date.

The Senior Secured Term Loan contains customary events of default, cross-default provisions, affirmative and negative covenants, including limitation on the Company’s and certain of its subsidiaries’ ability to create, incur or allow certain liens; enter into sale and lease-back transactions; make any restricted payments; undergo fundamental changes, as well as certain financial covenants. The cross-default provisions are triggered if the parent, borrower, affiliates, or significant subsidiaries defaults on any debt that is greater than \$25 million if the effect of such default or event is to (i) accelerate, or to permit the acceleration of, the maturity of such indebtedness; (ii) allow such indebtedness to be declared due and payable or (iii) required such indebtedness to be prepaid (other than by a regularly scheduled required prepayment) or redeemed, in each case, prior to the stated maturity thereof. The Company was in compliance with all financial covenants as of September 30, 2024.

Securitization Facility

On June 17, 2022, the Company entered into an amended and restated receivables purchase agreement (as amended, the “Amended Receivables Purchase Agreement”) under an existing \$150.0 million securitization facility (the “Securitization Facility”) among certain of the Company’s subsidiaries, Exela Receivables 3, LLC (the “Securitization Borrower”), Exela Receivables 3 Holdco, LLC (the “Securitization Parent SPE,” and together with the Securitization Borrower, the “SPEs”) and certain global financial institutions (the “Purchasers”). The Amended Receivables Purchase Agreement extended the term of the Securitization Facility such that the SPEs may sell certain accounts receivable to the Purchasers until June 17, 2025. Under the Amended Receivables Purchase Agreement, transfers of accounts receivable from the SPEs are treated as sales and are accounted for as a reduction in accounts receivable, because the agreement transfers effective control over and risk related to the accounts receivable to the Purchasers. The Company and related subsidiaries have no continuing involvement in the transferred accounts receivable, other than collection and administrative responsibilities, and, once sold, the accounts receivable are no longer available to satisfy creditors of the Company, the operating subsidiaries of the Company that agreed to sell receivables in connection with the Securitization Facility (the “Securitization Originators”), or any other relevant subsidiaries.

The sales of accounts receivable under the Amended Receivables Purchase Agreement are transacted at 100% of the face value of the relevant accounts receivable, resulting in derecognition of the accounts receivable from the Company's condensed consolidated balance sheet. The Company de-recognized \$126.5 million and \$377.1 million of accounts receivable under this agreement during the three and nine months ended September 30, 2024, respectively. The Company de-recognized \$119.3 million and \$382.2 million of accounts receivable under this agreement during the three and nine months ended September 30, 2023, respectively. The amount remitted to the Purchasers during the three and nine months ended September 30, 2024 was \$127.7 million and \$377.0 million, respectively. The amount remitted to the Purchasers during the three and nine months ended September 30, 2023 was \$119.0 and \$385.5 million, respectively. Unsold accounts receivable of \$29.0 million and \$41.2 million were pledged by the SPEs as collateral to the Purchasers as of September 30, 2024 and December 31, 2023, respectively. The program resulted in a pre-tax loss of \$2.4 million and \$6.7 million for the three and nine months ended September 30, 2024, respectively. The program resulted in a pre-tax loss of \$2.0 million and \$5.9 million for the three and nine months ended September 30, 2023, respectively.

BR Exar AR Facility

On February 12, 2024, certain of the Company's subsidiaries entered into a receivables purchase agreement with BR Exar, LLC ("BREL"), an affiliate of B. Riley Commercial Capital, LLC (as subsequently amended on February 29, 2024, March 29, 2024, March 31, 2024, April 24, 2024, May 24, 2024 and June 25, 2024, July 29, 2024, August 13, 2024, August 30, 2024 and September 27, 2024 the "BR Exar AR Facility"). The Company received an aggregate of \$45.0 million, net of legal and other fees of \$0.4 million, under the BR Exar AR Facility. Under the terms of the BR Exar AR Facility, certain of the Company's subsidiaries agreed to sell certain existing receivables and all of their future receivables to BREL until such time as BREL shall have collected \$50.0 million, net of any costs, expenses or other amounts paid to or owing to the buyer under the agreement. BREL collected \$41.3 million under the BR Exar AR Facility during the period from February 2024 to September 2024. As of September 30, 2024, there was a \$8.7 million outstanding balance under the BR Exar AR Facility.

Second Lien Note

On February 27, 2023, the SPEs and B. Riley Commercial Capital, LLC entered into a new Secured Promissory Note (which was subsequently assigned to BR Finance) pursuant to which B. Riley Commercial Capital, LLC agreed to lend up to \$35.0 million secured by a second lien pledge of the Securitization Borrower (the "Second Lien Note"). The Second Lien Note is scheduled to mature on June 17, 2025 and bears interest at a per annum rate of one-month Term SOFR plus 7.5%. The SPEs are party to the Amended Receivables Purchase Agreement, thus the transactions necessitated amendments to that agreement and related documents to permit the addition of subordinated debt and additional borrowing capacity into that transaction structure, in addition to providing for a \$5.0 million fee to the lenders for facilitating the transaction. In connection with the above-described facility, we also amended the BRCC Term Loan and BRCC Revolver to provide for \$9.6 million of borrowing capacity, which was drawn as described above.

As of September 30, 2024, there were borrowings of \$27.5 million outstanding under the Second Lien Note payable at maturity.

Potential Future Transactions

We may, from time to time explore and evaluate possible strategic transactions, which may include joint ventures, as well as business combinations or the acquisition or disposition of assets. In order to pursue certain of these opportunities, additional funds will likely be required. Subject to applicable contractual restrictions, to obtain such financing, we may seek to use cash on hand, or we may seek to raise additional debt or equity financing through private placements or through underwritten offerings. There can be no assurance that we will enter into additional strategic transactions or alliances, nor do we know if we will be able to obtain the necessary financing for transactions that require additional funds on favorable terms, if at all. In addition, pursuant to registration rights agreements that we have entered into, or may enter into in the future, certain of our stockholders may have the right to demand underwritten offerings of our Common Stock. We may from time to time in the future explore, with certain of those stockholders the possibility of an underwritten public offering of our Common Stock held by those stockholders. There can be no assurance as to whether or when such transactions may be commenced or completed, or as to the actual size or terms of the offering.

On July 1, 2024, the Company had announced that its Board had authorized the Company to consider a spin-off of its wholly-owned subsidiary Exela Technologies BPA, LLC (the holding company for the Company's business process automation business which includes our HS and LLPS segments and part of our ITPS segment, and collectively with all of its subsidiaries, the "BPA Business"). However, this spin-off plan has now been abandoned by the Company.

Critical Accounting Policies and Estimates

The preparation of financial statements requires the use of judgments and estimates. Our critical accounting policies and estimates provide a better understanding of how we develop our assumptions and judgments about future events and related estimations and how they can impact our financial statements. A critical accounting estimate is one that requires subjective or complex estimates and assessments, and is fundamental to our results of operations. We base our estimates on historical experience and on various other assumptions we believe to be reasonable according to the current facts and circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. We believe the current assumptions, judgments and estimates used to determine amounts reflected in our condensed consolidated financial statements are appropriate; however, actual results may differ under different conditions. This discussion and analysis should be read in conjunction with our condensed consolidated financial statements and related notes included in this document. Refer to "Critical Accounting Policies and Estimates" contained in Part II, Item 7 of the 2023 Form 10-K for a complete discussion of our critical accounting estimates. There have been no material changes to the Company's critical accounting estimates since the 2023 Form 10-K.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

There have been no material changes to the Company's market risk during the nine months ended September 30, 2024. For a discussion of the Company's exposure to market risk, refer to the Company's market risk disclosures set forth in Part II, Item 7A, "Quantitative and Qualitative Disclosures About Market Risk" of the 2023 Form 10-K.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to provide reasonable assurance that material information required to be disclosed in our reports that we file or submit under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Executive Chairman and Interim Chief Financial Officer, as appropriate, to allow timely decisions regarding required financial disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

As of the end of the period covered by this quarterly report, we carried out an evaluation, under the supervision and with the participation of our management, including our Executive Chairman and Interim Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rule 13a-15 of the Exchange Act. Based upon that evaluation, our Executive Chairman and Interim Chief Financial Officer concluded that our disclosure controls and procedures were not effective due to the material weaknesses in internal control over financial reporting that are described in the 2023 Form 10-K.

Notwithstanding such material weaknesses in internal control over financial reporting, our management, including our Executive Chairman and Interim Chief Financial Officer, has concluded that our condensed consolidated financial statements present fairly, in all material respects, our financial position, results of our operations and our cash flows for the periods presented in this quarterly report, in conformity with U.S. generally accepted accounting principles.

Remediation

As previously described in Part II—Item 9A – Controls and Procedures of the 2023 Form 10-K, we continue to implement a remediation plan to address the material weaknesses mentioned above. The material weaknesses will not be considered remediated until the applicable controls operate for a sufficient period of time and management has concluded, through testing, that these controls are operating effectively.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended September 30, 2024, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Derivative Actions

On July 8, 2020, Plaintiff Gregory McKenna filed a shareholder derivative action asserting the following claims against current and former directors and officers of Exela: (1) Violations of Section 14(a) of the Exchange Act; (2) Violations of Section 10(b) and Rule 10b-5 of the Exchange Act; (3) Violations of Section 20(a) of the Exchange Act; (4) breach of fiduciary duty; (5) unjust enrichment; and (6) waste of corporate assets. On December 21, 2020, Plaintiffs Richard W. Moser and Jonathan Gonzalez filed a substantially similar shareholder derivative action, which has been consolidated with the McKenna action. The claims stem from substantially the same factual allegations relating to the Company's 2020 restatement of its financial statements for 2017, 2018 and interim periods through September 30, 2019 that were the subject of the Shen securities class action lawsuit which was settled in December 2023. These claims were not discharged by the settlement, however, and at this time, it is not practicable to render an opinion about whether an unfavorable outcome is probable or remote with respect to this matter; however, the Company believes it has meritorious defenses.

Business Interruption Insurance Claim

During the second half of 2022, the Company experienced a network security incident (the "2022 Network Outage") impacting certain of the Company's operational and information technology systems. As a result of the 2022 Network Outage, the Company experienced lost revenue and incurred certain incremental costs. On August 29, 2023, the Company submitted a claim to its insurers for \$44.6 million in covered losses related to the 2022 Network Outage (the "August 2023 Claim"). During the year 2023, the Company received insurance proceeds of \$10.8 million in respect of business interruption claims from its underlying and first excess carriers. On April 17, 2024, the Company commenced an action (the "Insurance Lawsuit") against two excess-layer insurers (collectively, the "Second Excess Insurers") seeking a declaratory judgment and alleging breach of contract and bad faith for failing to pay out their share of losses connected to the August 2023 Claim. On August 9, 2024, the Company settled its claim against one of the Second Excess Insurers for \$3.6 million, and on October 15, 2024, the Company settled its claim against the other Second Excess Insurers for \$3.6 million (less amounts already paid). On October 8, 2024, the Company moved to amend the complaint (the "Amended Complaint") to add two additional excess-layer insurers to the Insurance Lawsuit. The Amended Complaint was filed on October 24, 2024. At this time, it is not practicable to render an opinion regarding the outcome of this matter; however, the Company believes it has meritorious claims and plans to vigorously assert them.

Network Outage SEC Matter

On November 12, 2024, the SEC Staff informed the Company that they intend to open an investigation concerning the previously disclosed network outage that the Company experienced in the summer of 2022. The Company has been responding to informal questions from the SEC Staff relating to that outage since July 2024, and will fully cooperate with the investigation. The Company believes it has acted properly, but at this early stage, it is not possible to predict the areas or outcome of the investigation.

Other

We are, from time to time, involved in other legal proceedings, inquiries, claims and disputes, which arise in the ordinary course of business. Although our management cannot predict the outcomes of these matters, our management believes these actions will not have a material, adverse effect on our financial position, results of operations or cash flows.

Item 1A. Risk Factors.

Except for the risk factor included below, there have been no material changes to the risk factors previously disclosed in Part I, "Item 1A. Risk Factors" in the 2023 Form 10-K and in our Quarterly Report on Form 10-Q for the

quarterly period ended June 30, 2024. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results.

Our securities have been delisted from Nasdaq and experience the risks of trading in an over-the-counter market.

On November 6, 2024, we received written notification from Nasdaq that they would suspend trading of our common stock and Series B Cumulative Convertible Perpetual Preferred Stock (the “Series B Preferred Stock”) (formerly Nasdaq: XELA and XELAP) on November 8, 2024, and a Form 25-NSE will be filed with the Securities and Exchange Commission (the “SEC”) to delist such securities from Nasdaq. We will remain subject to SEC reporting obligations.

As a result of the suspension and delisting, our common stock and Series B Preferred Stock began trading on the OTC Pink under the symbols “XELA” and “XELAP” on November 8, 2024, and such market is currently the only trading market for our securities. We anticipate that Nasdaq will soon file a Form 25-NSE with the SEC to formally remove the Company’s securities from listing and registration on Nasdaq, although the exact timing of such filing is currently unknown. We can provide no assurance that our securities will continue to trade on OTC Pink, whether broker-dealers will continue to provide public quotes of our securities on OTC Pink, whether the trading volume of our securities on OTC Pink will be sufficient to provide for an efficient trading market or whether quotes for our securities will continue on OTC Pink in the future, which could result in significantly lower trading volumes and reduced liquidity for investors seeking to buy or sell our securities. In addition, we could face significant material adverse consequences, including limited availability of market quotations for our securities and a decreased ability to issue additional securities or obtain additional financing in addition to negative perceptions about us and our business that may result from delisting.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds, and Issuer Purchases of Equity Securities.

On August 10, 2022, the Board authorized a share buyback program (the “2022 Share Buyback Program”), pursuant to which the Company was authorized to repurchase, from time to time, up to 50,000 shares of the Common Stock over a two-year period through various means, including, open market transactions and privately negotiated transactions. The 2022 Share Buyback Program does not obligate the Company to repurchase any shares. The decision as to whether to repurchase any shares and the timing of repurchases will be based on the price of the Common Stock, general business and market conditions and other investment considerations and factors. No shares were repurchased under the 2022 Share Buyback Program during the nine months ended September 30, 2024. As of September 30, 2024, we had repurchased and concurrently retired a total of 1,787 shares of Common Stock pursuant to the 2022 Share Buyback Program. Share repurchase activity during the three months ended September 30, 2024 was as follows:

Period	Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
July 1, 2024-July 31, 2024	—	\$ —	—	48,213
August 1, 2024-August 31, 2024	—	—	—	48,213
September 1, 2024-September 30, 2024	—	\$ —	—	48,213
Total	—	—	—	—

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

During the third quarter of 2024, no directors or executive officers adopted or terminated a contract, instruction or written plan for the purchase or sale of Exela's securities intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or a non-Rule 10b5-1 trading arrangement as defined in Regulation S-K Item 408(c).

Item 6. Exhibits.

<u>Exhibit No.</u>	<u>Description</u>
3.1	Certificate of Elimination of Special Voting Preferred Stock of Exela Technologies, Inc., effective July 26, 2024 (incorporated by reference to the Company's Current Report on Form 8-K filed with the SEC on July 29, 2024)

SIGNATURES

Pursuant to the requirements of the Section 13 or 15 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized on the 14th day of November 2024.

EXELA TECHNOLOGIES, INC.

By: /s/ Par Chadha
Par Chadha
Executive Chairman (Principal Executive Officer)

By: /s/ Matthew T. Brown
Matthew T. Brown
Interim Chief Financial Officer (Principal Financial and Accounting Officer)

**CERTIFICATION PURSUANT TO
RULE 13a-14(a) or RULE 15d-14(a) OF THE SECURITIES EXCHANGE ACT OF 1934,
AS ADOPTED PURSUANT TO SECTION 302 OF THE
SARBANES-OXLEY ACT OF 2002**

I, Par Chadha, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Exela Technologies, Inc. for the quarter ended September 30, 2024;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
